CDS photo display stirs assembly uproar

Law and order debate details as PTI, PML-N lawmakers clash, forcing deputy speak to suspend session

PML-N MPA Sobia Shahid walked to the center of the House holding a photograph of Chief of Defence Staff, Field Marshal Asim Munir. Deputy Speaker Suraya Bhatti reacted angrily, interacting with Shahid to return to her seat and remove the picture. Repeatedly urging her to sit, the Deputy Speaker warned, "Field Marshal Asim Munir is the head of the army; this is not your achievement. Put the picture aside and sit down. You are in the habit of meddling in others' affairs."

Shahid, however, continued chanting slogans in favor of the military leader, prompting visible irritation among government lawmakers. The debate had initially unfolded when PTI member Dr Amjad was addressing the assembly on security concerns. Tensions peaked when

"Those who once shouted 'Respect the Vote' are now honoring the boot. They owe their positions to the very forces they now praise." The disorder forced the Deputy Speaker to suspend the session until Monday to restore order. Earlier in the session, when Dr Amjad stood to speak on law and order, Shahid challenged the quorum, prompting the Deputy Speaker to ring the bells for two minutes. Dr Amjad then called all members from the lobby to complete the quorum, allowing proceedings to resume. The debate was then initiated by Bajaur MPA Ajmal Khan, who stressed that coordination among institutions is key to national stability.

Mortar shell blast kills two students

NASRUHINALLAH MURANSHAH
A horrifying accident struck the Shamsul Quran Madrassa in North Waziristan, on Wednesday afternoon when an abandoned mortar shell unexpectedly exploded, killing two young students and injuring two others.

According to eyewitnesses, around 2 pm, a group of children discovered a mortar shell in a nearby field. Mistaking it for a toy, they brought it inside the madrassa, where the children unknowingly handled it in the classroom, it suddenly detonated, shaking the mud-brick walls and sending shovels across the area. The blast claimed the lives of two children instantly. Seventeen others, mostly aged between 8 and 14, sustained injuries. The injured were immediately rushed to Bannu DHQ Hospital and other nearby medical facilities, where several remain in critical condition.

Security officials told The Express Tribune that local elders had previously been warned about a mortar shell in the area and advised to stay clear. Unfortunately, the warning did not reach all households, leading to the incident.

Following the incident, security forces cordoned off the area and launched a search operation.

PTI demands probe into Peshawar polls

AFTESHAM BASHIR PESHAWAR
Bagra, Mahmood Jan, Ali Azeem, Arbab Jahandar, Malik Shahab, Muhammad Asim, Kamran Bangash, Sajid Nawaz, and Hamidul Haq called for the formation of a special committee under Rule 22 of the previous general elections, writing to the Chief Minister and the Speaker of the Provincial Assembly. In a detailed three-page letter, PTI candidates including Taimur Saleem

regularities in subsequent elections, such as the by-election in NA-18 Hattarpur. According to the PTI candidates, numerous provincial assembly seats reportedly witnessed manipulated results, particularly in Peshawar, where large-scale anomalies are alleged. The candidates allege that all presiding officers initially provided signed Form 45 results, which were later altered.

F. Specifications.

To be prepared and incorporated by the procuring agency.

(Precise and clear specifications are prerequisite for bidders to respond realistically and competitively to the requirements of the procuring agency without qualifying or conditioning their bids. In the context of both national and international competitive bidding, the specifications must be drafted to permit the widest possible competition and, at the same time, present a clear statement of the required standards of materials, plant, other supplies, and workmanship to be provided. Only if this is done, the objectives of economy, efficiency and equality in procurement will be realized, responsiveness of bids be ensured, and the subsequent task of bid evaluation be facilitated. The specifications should require that all materials, plant, and other supplies to be incorporated in the works are new, unused, of the most recent or current models, and incorporate all recent improvements in design and materials unless provided otherwise in the contract. A clause setting out the scope of the works is often included at the beginning of the specifications, and it is customary to give a list of the drawings. Where the contractor is responsible for the design of any part of the permanent works, the extent of his obligations must be stated.

Specification shall be generic and shall not include references to brand names, model numbers, catalogue numbers or similar classifications. However, if the procuring agency is convinced that the use of or a reference to a brand name or catalogue number is essential to complete an otherwise incomplete specification, such use or reference shall be qualified.

Care must be taken in drafting specifications to ensure that they are not restrictive. In the specification of standards for materials, plant, other supplies, and workmanship, recognized international standards should be used as much as possible. The specifications shall consider all site conditions, but not limited to seismic and weather conditions, and environmental impact. Where other particular standards are used, whether national or other standards, the specifications should state that materials, plant, other supplies, and workmanship meeting other recognised standards, and which ensure equal performance, to the mentioned standards, will also be acceptable.)

G. Drawings

To be prepared and incorporated by the procuring agency.

As a general rule, major deviations are those that if accepted, would not fulfill the purposes for which the bid is requested, or would prevent a fair comparison or affect the ranking of the bids that are compliant with the bidding documents.

26.5

(A). Major (material) Deviations include:-

- (i) has been not properly signed;
- (ii) is not accompanied by the bid security of required amount and manner;
- (iii) stipulating price adjustment when fixed price bids were called for;
- (iv) failing to respond to specifications;
- (v) failing to comply with Mile-stones/Critical dates provided in Bidding Documents;
- (vi) sub-contracting contrary to the Conditions of Contract specified in Bidding Documents;
- (vii) refusing to bear important responsibilities and liabilities allocated in the Bidding Documents, such as performance guarantees and insurance coverage;
- (viii) taking exception to critical provisions such as applicable law, taxes and duties and dispute resolution procedures;
- (ix) a material deviation or reservation is one :
 - (a) which affect in any substantial way the scope, quality or performance of the works;
 - (b) adoption/rectification whereof would affect unfairly the competitive position of other bidders presenting substantially responsive bids.

(B) Minor Deviations

Bids that offer deviations acceptable to the Procuring Agency and which can be assigned a monetary value may be considered substantially responsive at least as to the issue of fairness. This value would however be added as an adjustment for evaluation purposes only during the detailed evaluation process.

26.5 If a bid is not substantially responsive, it will be rejected by the procuring agency, and may not subsequently be made responsive by correction or withdrawal of the non-conforming deviation or reservation.

IB.27 Correction of Errors before Financial Evaluation

27.1 Bids determined to be substantially responsive will be checked by the procuring agency for any arithmetic errors. Errors will be corrected by the procuring agency as follows:

- (a) where there is a discrepancy between the amounts in figures and in words, the amount in words will govern; and
- (b) where there is a discrepancy between the unit rate and the line item total resulting from multiplying the unit rate by the quantity, the unit rate as quoted will govern, unless in the opinion of the procuring agency there is an obviously gross misplacement of the decimal point in the unit rate, in which case the line item total as quoted will govern and the unit rate will be corrected.

27.2 The amount stated in the Form of Bid will be adjusted by the procuring agency in accordance with the above procedure for the correction of errors and with the

concurrence of the bidders. The amount thus corrected shall be considered as binding upon the bidder. If the bidder does not accept the corrected bid price, his bid will be rejected, and the bid security shall be forfeited in accordance with sub- clause IB 15.6(b) hereof.

IB.28 Financial Evaluation and Comparison of Bids

- 28.1 The procuring agency will evaluate and compare only the Bids determined to be substantially responsive in accordance with clause IB 26.
- 28.2 In evaluating the Bids, the procuring agency will determine for each bid the evaluated bid price by adjusting the bid price as follows:
- (a) making any correction for errors pursuant to clause IB 27;
 - (b) excluding provisional sums (if any), for contingencies in the Summary Bill of Quantities, but including competitively priced Day work; and
 - (c) making an appropriate adjustment for any other acceptable variation or deviation.
- 28.3 The estimated effect of the price adjustment provisions of the conditions of contract, applied over the period of execution of the contract, shall not be taken into account in bid evaluation.
- 28.4 If the bid of the successful bidder is seriously unbalanced in relation to the procuring agency's estimate of the cost of contract, work the to procuring agency may require the bidder to produce detailed price analyses for any or all items of the Bill of Quantities to demonstrate the internal consistency of those prices with the construction methods and schedule proposed. After evaluation of the price analyses, the procuring agency may require that the amount of the Performance Security set forth in clause IB.32 be increased at the expense of the successful bidder to a level sufficient to protect the procuring agency against financial loss in the event of default of the successful bidder under the contract.
- 28.5 Bidders may be excluded if involved in **“Corrupt and Fraudulen** means either one or any combination of the practices given below SPP Rule2(q);

Notes on the Conditions of Contract

The Conditions of Contract comprise two parts:

- (a) **Part I - General Conditions of Contract**
- (b) **Part II - Special Conditions of Contract**

Over the years, a number of Contract of “model ”have evolved .The one General used in these Standard Bidding Documents was prepared by the International Federation of Consulting Engineers (Federation International des Ingenieurs-Conseils, or FIDIC), and is commonly known as the FIDIC Conditions of Contract. (The used version is the harmonized Edition March 2006).

The FIDIC Conditions of Contract have been prepared for an ad measurement (unit price or unit rate) type of contract, and cannot be used without major modifications for other types of contract, such as lump sum, turnkey, or target cost contracts.

The standard text of the General Conditions of Contract chosen must be retained intact to facilitate its reading and interpretation by bidders and its review by the procuring agency. Any amendments and additions to the General Conditions, specific to the contract in hand, should be introduced in the Particular Conditions of Contract.

The use of standard conditions of contract for all civil works will ensure comprehensiveness of coverage, better balance of rights or obligations between procuring agency and Contractor, general acceptability of its provisions, and savings in time and cost for bid preparation and review, leading to more economic prices.

The FIDIC Conditions of Contract are copyrighted and may not be copied, faxed, or reproduced. Without taking any responsibility of its being accurate, Pakistan Engineering Council with prior consent of FIDIC Secretariat, has reproduced herein the FIDIC General Conditions of Contract for reference purpose only which cannot be used by the users for preparing their bidding documents. The bidding document may include a purchased copy, the cost of which can be retrieved as part of the selling price of the bidding document. Alternatively, the FIDIC Conditions of Contract can be referred to in the bidding documents, and the bidders are advised to obtain copies directly from FIDIC.*

* Add the following text if the bidding documents, as issued, do not include a copy:

“Copies of the FIDIC can be Conditions obtained from: of Contra

CDS photo display stirs assembly uproar

Law and order debate derails as PTI, PML-N lawmakers clash, forcing deputy speak to suspend session

OUR CORRESPONDENT PESHAWAR

The Khyber-Pakhtunkhwa Assembly descended into chaos on Wednesday as a debate over the province's deteriorating law and order situation escalated into a confrontation among lawmakers.

The dramatic episode unfolded when PTI member Dr Amjad was addressing the assembly on security concerns.

Tensions peaked when

PML-N MPA Sobia Shahid walked to the center of the House holding a photograph of Chief of Defence Staff, Field Marshal Asim Munir. Deputy Speaker Suraiya Bibi reacted angrily, instructing Shahid to return to her seat and remove the picture.

Repeatedly urging her to sit, the Deputy Speaker warned, "Field Marshal Asim Munir is the head of the army; this is not your achievement. Put the picture aside and sit down. You are in the habit of meddling in others' affairs."

Shahid, however, continued chanting slogans in favor of the military leader, prompting visible irritation among government lawmakers. Dr Amjad also criticized the opposition, stating,

"Those who once shouted 'Respect the Vote' are now honoring the boot. They owe their positions to the very forces they now praise."

The disorder forced the Deputy Speaker to suspend the session until Monday to restore order. Earlier in the session, when Dr Amjad stood to speak on law and order, Shahid challenged the quorum, prompting the Deputy Speaker to ring the bells for two minutes. Dr Amjad then called all members from the lobby to complete the quorum, allowing proceedings to resume.

The debate had initially been initiated by Bajaur MPA Ajmal Khan, who stressed that coordination among institutions is key to national stability.

Mortar shell blast kills two students

NASRUMINALLAH MIRANSHAH

A horrifying accident struck the Shamsul Quran Madrassa in North Waziristan, on Wednesday afternoon when an abandoned mortar shell unexpectedly exploded, killing two young students and injuring 17 others.

According to eyewitnesses, around 2 pm, a group of children discovered a mortar shell in a nearby field. Mistaking it for a toy, they brought it inside the madrassa. As the students handled it in the classroom, it suddenly detonated, shaking the mud-brick walls and sending shockwaves across the area.

The blast claimed the lives

of two children instantly. Seventeen others, mostly aged between 8 and 14, sustained injuries. The injured were immediately rushed to Bannu DHQ Hospital and other nearby medical facilities, where several remain in critical condition.

Security officials told The Express Tribune that local elders had previously been warned about a mortar shell in the area and advised to stay clear. Unfortunately, the warning did not reach all households, leading to the children unknowingly handling the explosive device.

Following the incident, security forces cordoned off the area and launched a search operation.

PTI demands probe into Peshawar polls

AHTESHAM BASHIR PESHAWAR

Pakistan Tehreek-e-Insaf (PTI) candidates from Peshawar district have formally demanded an investigation into alleged irregularities during the previous general elections, writing to the Chief Minister and the Speaker of the Provincial Assembly.

In a detailed three-page letter, PTI candidates including Taimur Saleem

Jhagra, Mahmood Jan, Ali Azeem, Arbab Jahandar, Malik Shahab, Muhammad Asim, Kamran Bangash, Sajid Nawaz, and Hamidul Haq called for the formation of a special committee under Rule 237 of the Khyber-Pakhtunkhwa Assembly's Rules of Business to probe the alleged election fraud.

The letter claims that timely investigation could have prevented alleged ir-

regularities in subsequent elections, such as the by-election in NA-18 Haripur. According to the PTI candidates, numerous provincial assembly seats reportedly witnessed manipulated results, particularly in Peshawar, where large-scale anomalies are alleged. The candidates allege that all presiding officers initially provided signed Form 45 results, which were later altered.
