PKR: improvement

RECORDEE REPORT

KARACHI The Pakistan rupee strengthened against the US dollar, appreciating 0.01 percent on the inter-bank market on Friday.

At close, the local currency settled at 279.47, a gain of 0.01 against the greenback.

On Thursday, the local unit closed at 279.50.

Internationally, the American dollar was poised for another sharp monthly gain on Friday as expectations grew for a more hawkish central bank, while the yen was headed for a loss as the Bank of Japan contends with an emboldened inflation-fighting posture.

Investors have had to grapple this month with geopolitical tensions, a pro-US Supreme Court ruling over Trump's tariffs and tensions over the artificial intelligence trade, among other developments.

274 Taliban killed: DG ISPR

ISLAMABAD The Afghan Taliban regime must make a clear and unequivocal choice between standing with Pakistan, or aligning itself with terrorist organisations, Director General Inter-Services Public Relations (DG ISPR) Lt Gen Athar-ul-Sharif Chaudhry said on Friday, as he confirmed that at least 274 Taliban regime personnel and affiliated militants have been killed in Pakistan's ongoing cross-border operation.

— P T Col 1

Afghan Taliban open to talks

KABUL ISLAMABAD Afghan Taliban talks resumed on Friday, with Pakistan offering to negotiate after Taliban bombed its forces in major cities and dozens of troops were killed in the most serious clashes between the two armed forces.

The strikes by Pakistan were the first time it had directly targeted its former ally over allegations they are harbouring militants, it described the situation as "serious".

Targets in the capital

Cash crunch hits PSDP

ISLAMABAD The Ministry of Planning, Development and Special Initiatives is unlikely to allocate the required funds to various ministries and divisions under the Public Sector Development Programme (PSDP) 2026-27 due to limited financial resources.

This view emerged during a meeting of the Sub-Committee of the National Assembly Standing Committee on Power, convened to discuss matters related to the Hazara Electricity Supply Company (HAZECSO). The meeting was presided over by Babar Nawaz Khan.

During the discussion on a proposal floated by HAZECSO CEO Qazi Tahir for the inclusion of HAZECSO's

grid station at Padhana in the PSDP development projects, Additional Secretary (Development) Humayun Khan announced that the likelihood of funding in PSDP 2026-27 is very low, given that the Power Division has been directed not to recommend any new projects.

Humayun Khan remarked that even if the grid station project is proposed in the PSDP, it is unlikely to materialise.

"This year, we have been instructed that no allocations will be made from the PSDP for new power sector projects, not even for ongoing projects," said the Additional Secretary of the Power Division.

Ending this viewpoint, — P T Col 1

Paramount Skydance wins Warner Bros

WASHINGTON Paramount Skydance emerged as the winner in a months-long battle to acquire Warner Bros Discovery, after streaming giant Netflix on Thursday agreed to come in bid for the second Hollywood studio.

"We've always been disinterested, and at the price required to match Paramount Skydance's latest offer, the deal is no longer financially attractive, so we are declining to match the Paramount Skydance bid," Netflix said in a statement.

Netflix confirmed to Reuters that it was walking away from bidding for Warner Bros Discovery. The Warner

deal had still had to terminate the Netflix deal and adopt Paramount Skydance's offer.

"We've now found a way to acquire the Paramount merger agreement, it will create tremendous value for our shareholders," Warner CEO David Zaslav said in a statement. "We are excited about the potential of a combined Paramount Skydance and Warner Bros Discovery and can't wait to get started working together selling the stories that move the world."

Paramount maintained its support for Warner Bros, launching a hostile campaign to ward the price from Netflix. It managed to lure Warner back to the bargaining table last week, with the potential of an increased cash offer for the company. — Reuters

Pakistan bonds slip, Egypt and Jordan also fall

LONDON Pakistan's sovereign dollar bonds fell as much as 2 cents on Friday. Tradeworld data showed, after the country bombed targets in Afghanistan's major cities overnight. Bonds in Egypt and Jordan are also under downward pressure amid geopolitical tensions.

Pakistan's 2031 maturity shed the most, losing just over 2 cents to be bid at 98.76 cents, the lowest in a month.

The attacks are the first time Pakistan has directly targeted its former allies, it described the situation as "serious".

"The timing of the recent strikes is particularly unfortunate, as IMF staff are currently in Pakistan to negotiate the third review, which is expected to unlock the next tranche of funding," Citibank Senior Emerging Markets

ECAs & QTAs variable components Relief package forms part of base tariff: PD

RECORDEE REPORT

ISLAMABAD The Power Division on Friday clarified that the Prime Minister's relief package of Rs4.00 per unit for industry forms part of the base tariff, while Fuel Cost Adjustments (FCAs) and Quarterly Tariff Adjustments (QTAs) are variable components applied on a monthly and quarterly basis.

In a statement, the spokesperson for the Power Division said recent media reports had created unnecessary confusion by linking the positive FCA with the electricity relief package announced by Prime Minister Shehbaz Sharif. He emphasized that the two are

separate elements within the tariff determination framework and have no direct relationship.

The spokesperson explained that FCA and QTAs are revenue regulatory mechanisms applied strictly based on actual variations in generation costs and system performance during a given period. These adjustments may be positive or negative depending on prevailing fuel prices and electricity generation patterns, and are implemented transparently under the approved tariff regime.

Accordingly, any increase or decrease in accounts of FCA reflects only month-to-month changes in actual fuel costs and does not constitute withdrawal or reduction of

any policy relief, he said. Similarly, QTAs are periodically applied to reconcile revised cost variations and may offset or moderate the impact of FCA adjustments.

He categorically stated that the Prime Minister's relief of Rs4.00 per unit remains fully effective and unchanged as part of the base tariff. The application of FCA or QTA is independent of this relief and operates as a standard feature of the electricity tariff mechanism applicable to all consumers.

The spokesperson maintained that announcing the recent FCA with omission or reversal of the Prime Minister's relief package

Senate passes Virtual Assets Bill, 2025

ISLAMABAD The Upper House of the Parliament has passed the Virtual Assets Bill, 2025, a government legislative draft that provides for establishing a regulatory authority for the licensing, regulation, and supervision of virtual assets and their services providers across the country.

Finance Minister Muhammad Aurangzeb presided over the Senate session presided over by Chairman Yousaf Raza Gilani on Friday.

Earlier on Tuesday, the

Stocks fall in volatile trade

RECORDEE REPORT

KARACHI Pakistan Stock Exchange (PSX) ended the first trading session of the week on a mixed note as selling pressure in key index heavy stocks pulled the index lower despite selective buying in several sectors.

The KSE-100 index closed
