The Procuring agency will respond in writing to any request for clarification of the bidding documents which it receives no later than three working days prior to the deadline for the submission of bids prescribed in the Bid Data Sheet. 11.3 The Bidder's separation of price components in accordance with ITB Clause 11.2 above will be solely for the purpose of facilitating the comparison of bids by the Procuring agency and will not in any way limit the Procuring agency's right to contract on any of the terms offered.

11.5 Prices quoted by the Bidder shall be fixed during the Bidder's performance of the contract and not subject to variation on any account, unless otherwise specified in the Bid Data Sheet. A bid submitted with an adjustable price quotation will be treated as nonresponsive and will be rejected, pursuant to ITB Clause 24. If, however, in accordance with the Bid Data Sheet, prices quoted by the Bidder shall be subject to adjustment during the performance of the contract, a bid submitted with a fixed price quotation will not be rejected, but the price adjustment would be treated as zero.

The Bidder may substitute alternative standards, brand names, and/or catalogue numbers in its bid, provided that it demonstrates to the Procuring agency's satisfaction that the substitutions ensure substantial equivalence to those designated in the Technical Specifications.

15. Bid Security 15.1 Pursuant to ITB Clause 9, the Bidder shall furnish, as part of its bid, a bid security in the amount specified in the Bid Data Sheet.

15.2 The bid security is required to protect the Procuring agency against the risk of Bidder's conduct which would warrant the security's forfeiture, pursuant to ITB Clause 15.7.

15.3 The bid security shall be in Pak. Rupees and shall be in one of the following forms:

- (a) a bank guarantee or an irrevocable letter of credit issued by a reputable bank located in the Procuring agency's country, in the form provided in the bidding documents or another form acceptable to the Procuring agency and valid for thirty (30) days beyond the validity of the bid; or

**16. Period of
Validity of

16.1 Bids shall remain valid for the period specified in the Bid Data Sheet after the date of bid opening prescribed by the Procuring agency, pursuant to ITB Clause 19. A bid valid for a shorter period shall be rejected by the Procuring agency as nonresponsive.

The bid security provided under ITB Clause 15 shall also be suitably extended. A Bidder may refuse the request without forfeiting its bid security. 18.2 The inner and outer envelopes shall:

- (a) be addressed to the Procuring agency at the address given in the Bid Data Sheet; and
- (b) bear the Project name indicated in the Bid Data Sheet, the Invitation for Bids (IFB) title and number indicated in the Bid Data Sheet, and a statement: “DO NOT OPEN BEFORE,” to be completed with the time and the date specified in the Bid Data Sheet, pursuant to ITB Clause 2.2.

18.3 The inner envelopes shall also indicate the name and address of the Bidder to enable the bid to be returned unopened in case it is declared “late”.

18.4 If the outer envelope is not sealed and marked as required by ITB Clause 18.2, the Procuring agency will assume no responsibility for the bid’s misplacement or premature opening.

19. Deadline for Submission of Bids 19.1 Bids must be received by the Procuring agency at the address specified under ITB Clause 18.2 no later than the time and date specified in the Bid Data Sheet.

19.2 The Procuring agency may, at its discretion, extend this deadline for the submission of bids by amending the bidding documents in accordance with ITB Clause 7, in which case all rights and

obligations of the Procuring agency and bidders previously subject to the deadline will thereafter be subject to the deadline as extended.

20.Late Bids 20.1 Any bid received by the Procuring agency after the deadline for submission of bids prescribed by the Procuring agency pursuant to ITB Clause 19 will be rejected and returned unopened to the Bidder.

21. Modification and Withdrawal of Bids 21.1 The Bidder may modify or withdraw its bid after the bid's submission, provided that written notice of the modification, including substitution or withdrawal of the bids, is received by the Procuring agency prior to the deadline prescribed for submission of bids.

21.2 The Bidder's modification or withdrawal notice shall be prepared, sealed, marked, and dispatched in accordance with the provisions of ITB Clause 18. by a signed confirmation copy, postmarked not later than the deadline for submission of bids.

21.3 No bid may be modified after the deadline for submission of bids.

21.4 No bid may be withdrawn in the interval between the deadline for submission of bids and the expiration of the period of bid validity specified by the Bidder on the Bid Form. Withdrawal of a bid during this interval may result in the Bidder's forfeiture of its bid security, pursuant to the ITB Clause 15.7.

E. Opening and Evaluation of Bids

22. Opening of Bids by the Procuring agency 22.1 The Procuring agency will open all bids in the presence of bidders' representatives who choose to attend, at the time, on the date, and at the place specified in the Bid Data Sheet. The bidders' representatives who are present shall sign a register evidencing their attendance.

22.2 The bidders' names, bid modifications or withdrawals, bid prices, discounts, and the presence or absence of requisite bid security and such other details as the Procuring agency, at its discretion, may consider appropriate, will be announced at the opening. No bid shall be rejected at bid opening, except for late bids, which shall be returned unopened to the Bidder pursuant to ITB Clause 20.

22.3 Bids (and modifications sent pursuant to ITB Clause 21.2) that are not opened and read out at bid opening shall not be considered further for evaluation, irrespective of the circumstances. Withdrawn bids will be returned unopened to the bidders.

22.4 The Procuring agency will prepare minutes of the bid opening.

23. Clarification of Bids

23.1 During evaluation of the bids, the Procuring agency may, at its discretion, ask the Bidder for a clarification of its bid. The request for clarification and the response shall be in writing, and no change in the prices or substance of the bid shall be sought, offered, or permitted.

24. Preliminary Examination

24.1 The Procuring agency will examine the bids to determine whether they are complete, whether any computational errors have been made, whether required sureties have been furnished, whether the documents have been properly signed, and whether the bids are generally in order.

24.2 Arithmetical errors will be rectified on the following basis. If there is a discrepancy between the unit price and the total price that is obtained by multiplying the unit price and quantity, the unit price shall prevail, and the total price shall be corrected. If the Supplier does not accept the correction of the errors, its bid will be rejected, and its bid security may be forfeited. If there is a discrepancy between words and figures, the amount in words will prevail.

24.3 The Procuring agency may waive any minor informality, nonconformity, or irregularity in a bid which does not constitute a material deviation, provided such waiver does not prejudice or affect the relative ranking of any Bidder.

24.4 Prior to the detailed evaluation, pursuant to ITB Clause 25 the Procuring agency will determine the substantial responsiveness of each bid to the bidding documents. For purposes of these Clauses, a substantially responsive bid is one which conforms to all the terms and conditions of the bidding documents without material deviations. Deviations from, or objections or reservations to critical provisions, **such as** those concerning Bid Security (ITB Clause 15), Applicable Law (GCC Clause 30), and Taxes and Duties (GCC Clause 32), will be deemed to be material deviation. The Procuring agency's determination of a bid's responsiveness is to be based on the contents of the bid itself without recourse to extrinsic evidence.

24.5 If a bid is not substantially responsive, it will be rejected by the Procuring agency and may not subsequently be made responsive by the Bidder by correction of the nonconformity.

25. Evaluation and Comparison of Bids

25.1 The Procuring agency will evaluate and compare the bids which have been determined to be substantially responsive, pursuant to ITB Clause 24.

25.2 The Procuring agency's evaluation of a bid will be on delivered duty paid (DDP) price inclusive of prevailing duties and will exclude any allowance for price adjustment during the period of execution of the contract, if provided in the bid.

25.3 The Procuring agency's evaluation of a bid will take into account, in addition to the bid price quoted in accordance with ITB Clause 11.2, one or more of the following factors as specified in the Bid Data Sheet, and quantified in ITB Clause 25.4:

- (a) incidental costs
- (b) delivery schedule offered in the bid;
- (c) deviations in payment schedule from that specified in the Special Conditions of Contract;
- (d) the cost of components, mandatory spare parts, and service;
- (e) the availability Procuring agency of spare parts and after-sales services for the equipment offered in the bid;
- (f) the projected operating and maintenance costs durin*g the life of the equipment;
- (g) the performance and productivity of the equipment offered; and/or
- (h) other specific criteria indicated in the Bid Data Sheet and/or in the Technical Specifications.

25.4 For factors retained in the Bid Data Sheet pursuant to ITB 25.3, one or more of the following quantification methods will be applied, as detailed in the Bid Data Sheet:

- (a) Incidental costs provided by the bidder will be added by Procuring agency to the delivered duty paid (DDP) price at

the final destination.

(b) *Delivery schedule.*

(i) The Procuring agency requires that the goods under the Invitation for Bids shall be delivered at the time specified in the Schedule of Requirements which will be treated as the base, a delivery “adjustment” will be calculated for bids by applying a percentage, specified in the Bid Data Sheet, of the DDP price for each week of delay beyond the base, and this will be added to the bid price for evaluation. No credit shall be given to early delivery.

or

(ii) The goods covered under this invitation are required to be delivered (shipped) within an acceptable range of weeks specified in the Schedule of Requirement. No credit will be given to earlier deliveries, and bids offering delivery beyond this range will be treated as nonresponsive. Within this acceptable range, an adjustment per week, as specified in the Bid Data Sheet, will be added for evaluation to the bid price of bids offering deliveries later than the earliest delivery period specified in the Schedule of Requirements.

or

(iii) The goods covered under this invitation are required to be delivered in partial shipments, as specified in the Schedule of Requirements. Bids offering deliveries earlier or later than the specified deliveries will be adjusted in the evaluation by adding to the bid price a factor equal to a percentage, specified in the Bid Data Sheet, of DDP price per week of variation from the specified delivery schedule.

(c) *Deviation in payment schedule.*

(i) Bidders shall state their bid price for the payment schedule outlined in the SCC. Bids will be evaluated on the basis of this base price. Bidders are, however, permitted to state an alternative payment schedule and indicate the reduction in bid price they wish to offer for such alternative payment schedule. The Procuring agency may consider the alternative payment schedule offered by the selected Bidder.

or

(ii) The SCC stipulates the payment schedule offered by

the Procuring agency. If a bid deviates from the schedule and if such deviation is considered acceptable to the Procuring agency, the bid will be evaluated by calculating interest earned for any earlier payments involved in the terms outlined in the bid as compared with those stipulated in this invitation, at the rate per annum specified in the Bid Data Sheet.

(d) *Cost of spare parts.*

- (i) The list of items and quantities of major assemblies, components, and selected spare parts, likely to be required during the initial period of operation specified in the Bid Data Sheet, is annexed to the Technical Specifications. The total cost of these items, at the unit prices quoted in each bid, will be added to the bid price.

or

- (ii) The Procuring agency will draw up a list of high-usage and high-value items of components and spare parts, along with estimated quantities of usage in the initial period of operation specified in the Bid Data Sheet. The total cost of these items and quantities will be computed from spare parts unit prices submitted by the Bidder and added to the bid price.

or

- (iii) The Procuring agency will estimate the cost of spare parts usage in the initial period of operation specified in the Bid Data Sheet, based on information furnished by each Bidder, as well as on past experience of the Procuring agency or other procuring agencies in similar situations. Such costs shall be added to the bid price for evaluation.

(e) *Spare parts and after sales service facilities in the Procuring agency's country.*

The cost to the Procuring agency of establishing the minimum service facilities and parts inventories, as outlined in the Bid Data Sheet or elsewhere in the bidding documents, if quoted separately, shall be added to the bid price.

(f) *Operating and maintenance costs.*

Since the operating and maintenance costs of the goods under procurement form a major part of the life cycle cost of the equipment, these costs will be evaluated in accordance with the criteria specified in the Bid Data Sheet or in the Technical Specifications.

(g) *Performance and productivity of the equipment.*

(i) Bidders shall state the guaranteed performance or efficiency in response to the Technical Specification. For each drop in the performance or efficiency below the norm of 100, an adjustment for an amount specified in the Bid Data Sheet will be added to the bid price, representing the capitalized cost of additional operating costs over the life of the plant, using the methodology specified in the Bid Data Sheet or in the Technical Specifications.

or

(ii) Goods offered shall have a minimum productivity specified under the relevant provision in the Technical Specifications to be considered responsive. Evaluation shall be based on the cost per unit of the actual productivity of goods offered in the bid, and adjustment will be added to the bid price using the methodology specified in the Bid Data Sheet or in the Technical Specifications.

i. *Specific additional criteria indicated in the Bid Data Sheet and/or in the Technical Specifications.*

The relevant evaluation method shall be detailed in the Bid Data Sheet and/or in the Technical Specifications.

28. Award Criteria 28.1 Subject to ITB Clause 30, the Procuring agency will award the contract to the successful Bidder whose bid has been determined to be substantially responsive and has been determined to be the lowest evaluated bid, provided further that the Bidder is

31. Notification of Award

31.1 Prior to the expiration of the period of bid validity, the Procuring agency will notify the successful Bidder in writing by registered letter or by cable, to be confirmed in writing by registered letter, that its bid has been accepted.

31.2 The notification of award will constitute the formation of the Contract.

31.3 Upon the successful Bidder's furnishing of the performance security pursuant to ITB Clause 33, the Procuring agency will promptly notify each unsuccessful Bidder and will discharge its bid security, pursuant to ITB Clause 15.

32. Signing of Contract

32.1 At the same time as the Procuring agency notifies the successful Bidder that its bid has been accepted, the Procuring agency will send the Bidder the Contract Form provided in the bidding documents, incorporating all agreements between the parties.

32.2 Within 07 days of receipt of the Contract Form, the successful Bidder shall sign and date the contract and return it to the Procuring agency.

33.1 Within 14 days of the receipt of notification of award from the Procuring agency, the successful Bidder shall furnish the performance security in accordance with the Conditions of Contract, in the Performance Security Form provided in the bidding documents, or in another form acceptable to the Procuring agency.

33.2 Failure of the successful Bidder to comply with the requirement of ITB Clause 32 or ITB Clause 33.1 shall constitute sufficient grounds for the annulment of the award and forfeiture of the bid

security, in which event the Procuring agency may make the award to the next lowest evaluated Bidder or call for new bids.

(b) will reject a proposal for award if it determines that the Bidder recommended for award has engaged in corrupt or fraudulent practices in competing for the contract in question.

(c) will declare a firm ineligible, either indefinitely or for a stated period of time, to be awarded a Government-financed contract if it at any time determines that the firm has engaged in corrupt or fraudulent practices in competing for, or in executing, a Government-financed contract.

23. Liquidated

23.1 Subject to GCC Clause 25, if the Supplier fails to deliver any or

Damages

27. Termination for Convenience 27.1 The Procuring agency, by written notice sent to the Supplier, may terminate the Contract, in whole or in part, at any time for its convenience. 27.2 The Goods that are complete and ready for shipment within thirty (30) days after the Supplier’s receipt of notice of termination shall be accepted by the Procuring agency at the

Contract terms and prices. For the remaining Goods, the Procuring agency may elect:

Opposition alliance describes federal budget as 'anti-Sindh'

By Our Staff Reporter

KARACHI: The Sindh chapter of the opposition Tehreek Taleef-e-Azadi Pakistan (TTAP) alliance has termed the federal budget for 2026-27 as "anti-Sindh", calling it an attack on the constitutional rights of the federating units.

A meeting of the TTAP Sindh chapter was held under the chairmanship of Syed Zain Shah, also attended by former Sindh governor Muhammad Zubair, MPA Sajid Hussain and others, including Abdul Rehman. The meeting discussed the federal budget, alleged interference in the National Finance Commission (NFC) Award, and other issues related to the province.

During the meeting, the participants described the federal budget for 2026-27 as "anti-Sindh" and "anti-people", calling it an attack on the federating units. They said the people of Sindh would never accept any reduction in the financial resources allocated to provinces under the NFC Award, terming such a move against the spirit of the Constitution and the fundamental principles of the federal system.

The participants also expressed concern that the plan of the National Economic Council was allegedly being used to pave the way for control over provincial resources, adding that handing over billions of rupees belonging to the province to the federation would deprive the people of the province of their economic rights.

They alleged that systematic efforts were being made against the NFC Award, the 10th Constitutional Amendment, and provincial autonomy. They warned that if any attempt was made to curtail provincial autonomy or transfer more powers to the federation, strong public resistance would emerge across Sindh.

The meeting declared all attempts to get water from the Indus River through the controversial Chashma Canal, strategic canals and proposed dams as a conspiracy against Sindh's economy, agriculture, economy and the future of millions of people.

It added that the province is already facing severe water scarcity, terming it would amount to the economic killing of the people of Sindh.

The opposition alliance also condemned the ruling party, alleging that the Pakistan Peoples Party was bargaining over the province's interests.

Eight mourners killed after Alam falls on high-tension wires

More than 15 received severe shock and injuries

By Waqar Hussain

MUKKUR: Eight participants of a mourning procession lost their lives, while at least 15 others were critically injured after sustaining electrical shocks after the Alam flag fell on high-tension electric wires in Bhakarpur district on Sunday.

The Alam hoisting ceremony was attended by hundreds of people, and the unfortunate incident triggered chaos and a stampede in the gathering, as people tried to run to safety.

The ceremony was being held in the Bala Wajidabad village, located near Bhakhan town of Bhakarpur district, as part of the 10-day mourning for the martyrs of the Karbla tragedy.

Onlookers said that as soon as the huge Alam was raised, those holding it started screaming in pain as the top of the flag came into contact with a high-tension line. Many others in the crowd also suffered electrical shock.

According to area police, the Alam had actually hit its bal-ance and tumbled onto the 11,000-Volt transmission line. They confirmed that eight of the victims lost their lives and more than 15 others suffered severe shock and burns.

Rescue 1122 teams, police and a large number of locals

took part in the relief work, started soon after the Alam was separated from the live cables. All the victims were transported to different nearby hospitals.

The deceased were identified as Halaqatullah, son of Zahoor Ahmad, Abdul Wahid, son of Muhammad Sarif, Muhammad Khalid, son of Ijaz, Muhammad Zafar, son of Ijaz, Shafiq Ahmad, son of Muhammad Rafiq, Durr Muhammad, son of Zahoor Ahmad, Arshad, son of Elwan, and Muhammad Hassan, son of Gula Hussain — all belonging to the Lala community.

Many of the injured people were stated to be in precarious condition and had to be referred to major hospitals in Bhakarpur, Larkana and Sukkur for

advanced treatment.

The tragedy cast a pall of gloom over the village and its surrounding areas.

An investigation into the circumstances leading to the tragedy was initiated.

Sindh Home Minister Zaul Hassan Langar expressed his deep grief over the tragic incident.

In his statement, Mr Langar extended his heartfelt condolences to the bereaved families and wished speedy recovery of the patients.

He directed the authorities concerned to ensure immediate provision of the best possible medical treatment to all the injured victims.

He also directed senior police officers to personally take care of the injured people and ensure

every possible assistance to be provided to them and their families.

The minister asked the Bhakarpur district administration, police and health department to coordinate closely in the rescue and relief efforts.

He has sought a comprehensive report on the incident from the relevant authorities without any delay.

Mr Langar called for enhanced safety and security arrangements for Muharram processions, congregations and Alam installations sites across the province.

He called for extra caution on the part of the organisers of such gatherings, planned to be held close to electricity installations and high-voltage transmission lines.

73rd birth anniversary of Benazir Bhutto observed in Sindh

Dispatch Report

LARKANA/NAWABSHAH/BADIN: Workers of the Pakistan Peoples Party (PPP) observed the 73rd birth anniversary of former prime minister Benazir

organised a blood donation camp for thalassemia patients near the Bhutto's mausoleum at Garhi Khuda Bahad.

Hundreds of party workers participated in the camp, undergoing blood screening and donating blood for the cause.

Speaking on the occasion, special assistant to the chief minister of Sindh, Khair Muhammad Sheikh, and chairman of the District Council Larkana, Aijaz Ahmad Laghari, who also serves as the PPP's general secretary for Larkana district, said the camp had been established to provide blood to thalassemia patients on the birth anniversary of Shabood Muhammad Benazir Bhutto. The PPP workers had demonstrated their loyalty to the party by actively participating in the initiative, they said.

They stated that Benazir Bhutto was a great leader who dedicated her life to serving the nation and the welfare of the common people, adding that the party leadership and workers continue to follow in her footsteps. They

remarked that serving the poor and the underprivileged is the core mission of the PPP, and that this camp stands as a testament to that commitment. The event concluded with a large community meet, where hundreds of attendees were served food as part of a charitable arrangement.

Khudro pays tribute

Pakistan Peoples Party (PPP) Sindh President Nisar Ahmad Khudro has paid rich tributes to Shabood Benazir Bhutto on the occasion of her 73rd birth anniversary, reaffirming the party's commitment to democracy, constitutional supremacy and parliamentary sovereignty in the country.

In a statement issued on Sunday, Mr Khudro said that the birth anniversary of Shabood Benazir Bhutto was observed with simplicity at all district headquarters across Sindh, out of respect for the bold mouth of Muharram. Quran recitation and prayer ceremonies were also held in every district on the occasion.

He said that democracy in Pakistan existed because of the sacrifices rendered by the Bhutto family, adding that the PPP — from Shabood Zulfikar Ali Bhutto and Shabood Benazir Bhutto to President Asif Ali Zardari and Bilawal Bhutto Zardari — stood firmly with the people for the strengthening of democracy. Mr Khudro and the Shabood Zulfikar Ali Bhutto had made Pakistan a secular power, while Shabood Benazir Bhutto had gifted the nation mobile technology, which was why no country today dared to cast an evil eye towards Pakistan.

He added that the PPP, under the leadership of Chairman Bilawal Bhutto Zardari, was moving forward in accordance with Shabood Benazir Bhutto's vision and mission, and that the party reaffirmed its resolve to secure a majority from across the country in the next election and make Bilawal Bhutto Zardari prime minister, just like his mother, Shabood Benazir Bhutto.

The anniversary was observed at the Peoples Revolution in Nawabshah and Bahawal Nagar in Nawabshah Fortra, where a large number of party workers and supporters gathered to pay their respects.

Speaking on the occasion, PPP district president for Shabood Benazir Bhutto, Fazlun Zardari, and district president for Nawabshah Fortra, Subhat Akhtar Akhtar, highlighted the immense sacrifices of Shabood Muhammad Benazir Bhutto and paid rich tributes to her services for the nation.

The event was observed on Sunday with great respect and admiration at Quaid-e-Azam in Mafi, where thousands of party workers and supporters gathered to pay tribute to her lifelong struggle for democracy, public welfare and the rights of the people.

Speaking on the occasion, Mafi City President Hagi Hussain Ahmad Quaid-e-Azam and PPP leader Adnan Quaid-e-Azam said that Shabood Benazir Bhutto had dedicated her life to strengthening democ-

cratic institutions and serving the masses. They described her as a strong woman leader whose sacrifices continued to inspire millions across Pakistan and beyond.

They stated that Benazir Bhutto had remained steadfast in her commitment to democratic values despite facing immense challenges and threats throughout her political career. Her vision of a progressive, democratic and prosperous Pakistan, they added, remained a source of hope and guidance for the nation.

The leaders further remarked that her contributions to women's empowerment, social development and democratic governance would always be remembered. The event concluded with prayers for Shabood Benazir Bhutto and a reaffirmation of commitment to the ideals for which she sacrificed her life.

Meanwhile, her birth anniversary was also celebrated with simplicity in Nawabshah and Nawabshah Fortra due to the bold mouth of Muharram.
