- vi. When lives are in danger, there must be an insurance coverage for the workers who are working in mines. Coal mining is the best known type of mining in the Pakistan, but mining also includes the extraction of all other solid natural resources from the earth. As mining is a relatively dangerous occupation, workers' compensation insurance is need of hour to overcome the rights of workers and to facilitate the families of workers with righteous compensation and insurance in case of any fatal accident or permanent disability.
- vii. At present mining of PA is carried out within Lakhra Coal Field district Jamshoro. PA has engaged raising contractors for raising and lifting of coal.
