2. Introduction

- 2.1 The Executive Engineer, Provincial Highway Division, Hyderabad, herein after called as The Procuring Agency (PA) will select a consulting firm/organization (the Consultant) from those listed in the Letter of Invitation, in accordance with the method of selection specified in the Data Sheet.
- 2.2 The eligible Consultants are invited to submit a Technical Proposal and a Financial Proposal. The Proposal will be the basis for contract negotiations and ultimately for a signed Contract with the selected Consultant.
- 2.3 Consultants should familiarize themselves with rules / conditions and take them into account while preparing their Proposals. Consultants are encouraged to attend a pre-proposal conference if one is specified in the Data Sheet. Attending the pre-proposal conference is, however optional. Consultants may liaise with procuring agency's representative named in the Data Sheet for gaining better insight into the assignment.
- 2.4 Consultants will bear all costs associated with the preparation and submission of their proposals and contract negotiation. The Procuring Agency reserves the right to annul the selection process at any time prior to Contract award, without thereby incurring any liability to the Consultants.
- 2.5 Procuring Agency may provide facilities and inputs as specified in Data Sheet.

3. Conflict of Interest

- 3.1.1 Consultants are required to provide professional, objective, and impartial advice and holding the Procuring Agency interest paramount. They will strictly avoid conflict with other assignments or their own corporate interest. Consultants have an obligation to disclose any situation of actual or potential conflict that impacts their capacity to serve the best interest of the Procuring Agency, or that may reasonably be perceived as having such effect. Failure to disclose said situations may lead to the disqualification of the Consultant or the termination of its Contract.

3.1.2 Without limitation on the generality of the foregoing, Consultants, and any of their affiliates, will be considered to have a conflict of interest and will not be recruited, under any of the circumstances set forth below:

- (i) A consultant that has been engaged by the procuring agency to provide goods, works or services other than consulting services for a project, any of its affiliates, will be disqualified from providing consulting services related to those goods, works or services. Conversely, a firm hired to provide consulting services for the preparation or implementation of a project, any of its affiliates, will be disqualified from subsequently providing goods or works or services other than consulting services resulting from or directly related to the firms consulting services for such preparation or implementation.
- (ii) A Consultant (including its Personnel and Sub-Consultants) or any of its affiliates will not be hired for any assignment that, by its nature, may be in conflict with another assignment of the Consultant to be executed for the same or for another Procuring Agency.
- (iii) A Consultant (including its Personnel and Sub-Consultants) that has a business or family relationship with a member of the Procuring Agency's staff who is directly or indirectly involved in any part of (i) the preparation of the Terms of Reference of the assignment, (ii) the selection process for such assignment, or (iii) supervision of the Contract, may not be awarded a Contract, unless the conflict stemming from this relationship has been resolved.

**Conflicting
Relationships**

- 3.2 Government officials and civil servants may be hired as consultants only if:
- (i) They are on leave of absence without pay;
 - (ii) They are not being hired by the agency they were working for, six months prior to going on leave; and
- Their employment would not give rise to any conflict of interest.

4. Fraud and Corruption

It is Government's policy that Consultants under the contract(s), observe the highest standard of ethics during the procurement and execution of such contracts. In pursuit of this policy, the Procuring Agency follows the instructions contained in Sindh Public procurement Rules 2010 which defines:

“corrupt and fraudulent practices” includes the offering, giving, receiving, or soliciting, directly or indirectly of anything of value to influence the act of another party for wrongful gain or any act or omission, including misrepresentation, that knowingly or recklessly misleads or attempt mislead a party to obtain a financial or other benefit or to avoid an obligation;

Under Rule 35 of SPPR2010, “The PA can interalia blacklist Bidders found to be indulging in corrupt or fraudulent practices. Such barring action will be duly publicized and communicated to the SPPRA. Provided that any supplier or contractor who is to be blacklisted will be accorded adequate opportunity of being heard”.

5. Integrity Pact

Pursuant to Rule 89 of SPPR 2010 Consultant undertakes to sign an Integrity pact in accordance with prescribed format attached hereto for all the procurements estimated to exceed Rs.2.5million.

6. Eligible Consultants

6.1 If short listing process has been undertaken through REOI, as outlined under Rule 73 and 74 of SPPR2010 for the Contract(s) for which these RFP Shortlisted consultants emerging from request of expression of interest are eligible.

6.2 Shortlisted consultants emerging from request of expression of interest are eligible.

7. Eligible Sub-Consultants

A short-listed Consultant would not be allowed to associate with consultants who have failed to qualify the short-listing process.

8. Only one Proposal

Short listed Consultants may only submit one proposal. If a consultant submits or participates in more than one proposal, such proposals will be disqualified. Participation of the same Sub-Consultant, including individual experts, to more than one proposal is not allowed.

9. Proposal Validity

- 9.1 The Data Sheet indicates Proposals validity that will not be more than 90 days in case of National Competitive Bidding (NCB) and 120 days in case of International competitive Bidding (ICB). During this period, Consultants will maintain the availability of Professional staff nominated in the Proposal. The Procuring Agency will make its best effort to complete negotiations within this period. Should the need arise; however, the Procuring Agency may request Consultants to extend the validity period of their proposals. Consultants who agree to such extension will confirm that they maintain the availability of the Professional staff nominated in the Proposal, or in their confirmation of extension of validity of the Proposal, Consultants may submit new staff in replacement, which would be considered in the final evaluation for contract award. Consultants who do not agree have the right to refuse to extend the validity of their Proposals.
- 9.2 Consultants will submit required bid security along with financial proposal defined in the data sheet.

10. Clarification and Amendment in RFP Documents

- 10.1 Consultants may request for a clarification of contents of the bidding document in writing, and procuring agency will respond to such queries in writing within three calendar days, provided they are received at least five calendar days prior to the date of opening of proposal. The procuring agency will communicate such response to all parties who have obtained RFP document without identifying the source of inquiry. Should the PA deem it necessary to amend the RFP as a result of a clarification, it will do so.
- 10.2 At any time before the submission of Proposals, the Procuring Agency may amend the RFP by issuing an addendum/corrigendum in writing. The addendum will be sent to all Consultants and will be binding on them. Consultants will acknowledge receipt of all amendments. To give Consultants reasonable time in which to take an amendment into account in their Proposals the Procuring Agency may, if the amendment is substantial, extend the deadline for the submission of Proposals.

11. Preparation of Proposals

- 11.1 In preparing their Proposal, Consultants are expected to examine in detail the documents comprising the RFP. Material deficiencies (deviation from scope, experience and qualification of personnel) in providing the Information requested may result in rejection of a Proposal.

-
- 11.2 The estimate number of professional staff months or the budget required for executing the assignment should be shown in the data sheet, but not both. However, proposal will be based on the professional staff month or budget estimated by the consultant.

12. Language

The Proposal as well as all related correspondence exchanged by the Consultants and the Procuring Agency will be written in English. However, it is desirable that the firm's Personnel have a working knowledge of the national and regional languages of Islamic Republic of Pakistan.

13. Technical Proposal Format and Content

- 13.1 While preparing the Technical Proposal, consultants must give particular attention to the following:

- (i) If a consultant considers that it does not have all the expertise for the assignment, it may obtain a full range of expertise by associating with short listed consultant(s)/ association in a joint venture or sub consultancy, as appropriate.
- (ii) For assignments on a staff-time basis, the estimated number of professional staff-months is given in the Data Sheet. The proposal will, however, be based on the number of professional staff-months estimated by the firm.
- (iii) It is desirable that the majority of the key professional staff proposed be permanent employees of the firm or has an extended and stable working relationship with it.
- (iv) Proposed professional staff must, at a minimum, have the experience indicated in the Data Sheet, preferably working under similar geographical condition.
- (v) Alternative professional staff will not be proposed, and only one curriculum vita (CV) will submit for each position.

- 13.2 The Technical Proposal will provide the following information using the attached Standard Forms (Section 3):

- (i) A brief description of the consultant organization and an outline of recent experience on assignments of a similar nature. For each assignment, the outline should indicate, inter alia, the profiles of the staff, duration of the assignment, contract amount, and firm's involvement.
- (ii) Any comments or suggestions on the Terms of Reference and on the data, a list of services, and facilities to be provided by the PA.
- (iii) The list of the proposed staff team by specialty, the tasks that would be assigned to each staff team member, and their timing.

-
- (iv) CVs recently signed by the proposed professional staff and the authorized representative submitting the proposal. Key information should include number of years working for the consultant and degree of responsibility held in various assignments during last 5 years.
 - (v) Estimates of the total staff input (professional and support staff; staff time) needed to carry out the assignment, supported by bar chart diagrams showing the time proposed for each professional staff team member.
 - (vi) A detailed description of the proposed methodology, work plan for performing the assignment, staffing, and monitoring of training, if the Data Sheet specifies training as a major component of the assignment.
 - (vii) Any additional information requested in the Data Sheet.

11.3 The Technical Proposal will not include any financial information.

14. Financial Proposals

14.1 The Financial Proposal will be prepared using the attached Standard Forms (Section 4). It will list all costs associated with the assignment, including (a) remuneration for staff (in the field and at the Consultant's office), and Reimbursable expenses indicated in the Data Sheet (if applicable). Alternatively, Consultant may provide their own list of cost. If appropriate, these costs should be broken down by activity. All activities and items described in the Technical Proposal must be priced separately; activities and items described in the Technical Proposal but not priced, will be assumed to be included in the prices of other activities or items.

15. Taxes

15.1 The Consultant will be subject to all admissible taxes including stamp duty and service charges at a rate prevailing on the date of contract agreement unless exempted by relevant tax authority.

16. Submission, Receipt, and Opening of Proposals

16.1 Proposal will contain no interlineations or over-writing. Submission letters for both Technical and Financial Proposals should respectively be in the format of TECH-1 of Section 2, and FIN-1 of Section 3. All pages of the original Technical and Financial Proposals will be initialed by an authorized representative of the Consultants (Individual Consultant). The authorization will be in the form of a written power of attorney accompanying the Proposal.

16.2 All required copies of the Technical Proposal are to be made from the original. If there are discrepancies between the original and the copies of the Technical Proposal, the original governs.

-
- 16.3 The original and all copies of the Technical Proposal will be placed in a sealed envelope clearly marked “TECHNICAL PROPOSAL” Similarly, the original Financial Proposal will be placed in a sealed envelope clearly marked “FINANCIAL PROPOSAL” followed by name of the assignment, and with a warning “DO NOT OPEN WITH THE TECHNICAL PROPOSAL.” If the Financial Proposal is not submitted in a separate sealed envelope duly marked as indicated above, this will constitute grounds for declaring the Proposal non-responsive.
- 16.4 The Proposals must be sent to the address indicated in the Data Sheet and received by the PA no later than the time and the date indicated in the Data Sheet, or any extension to this date. Any proposal received by the PA after the deadline for submission will be returned unopened. In order to avoid any delay arising from the postal or PA’s internal dispatch workings, Consultants should ensure that proposals to be sent through couriers should reach a day before the deadline for submission.

**17. Proposal
Evaluation**

- 17.1 From the time the Proposals are opened to the time the Contract is awarded, the Consultants should not contact the PA on any matter related to its Technical and/or Financial Proposal. Any effort by Consultants to influence the PA in the examination, evaluation, ranking of Proposals, and recommendation for award of Contract may result in the rejection of the Consultant’s Proposal.
- 17.2 Evaluators of Technical Proposals will have no access to the Financial Proposals until the technical evaluation is concluded.

**18. Evaluation of
Technical
Proposal**

- 18.1 Notwithstanding any method used pursuant to Rule 36 (a-d) of PPR 2010, the evaluation committee will evaluate the Technical Proposals on the basis of their responsiveness to the Terms of Reference, applying the evaluation criteria, sub criteria, and point system specified in the Data Sheet. Each responsive Proposal will be given a technical score (St). A Proposal will be rejected at this stage if it fails to achieve the minimum technical score indicated in the Data Sheet.

Public Opening and Evaluation of Financial Proposals:
(Quality and Cost based selection QCBS Method)

- 18.2 After the technical evaluation is completed, the PA will notify in writing Consultants that have secured the minimum qualifying marks, the date, time and location, allowing a reasonable time, for opening the Financial Proposals. Consultants’ attendance at the opening of Financial Proposals is optional. Financial proposals of those consultants who failed to secure minimum qualifying marks will be returned unopened.

19. Evaluation of Financial Proposals (LCS, QCBS, and Fixed Budget Selection Method Only)

- 19.1 Financial Proposals will be opened publicly in the presence of the Consultants' representatives who choose to attend. The name of the Consultants and the technical scores of the Consultants will be read aloud. The Financial Proposal of the Consultants who met the minimum qualifying mark will then be inspected to confirm that they have remained sealed and unopened. These Financial Proposals will be then opened, and the total prices read aloud and recorded. Copy of the record will be sent to all Consultants.
- 19.2 The Evaluation Committee will correct any computational errors. When correcting computational errors, in case of discrepancy between a partial amount and the total amount, or between word and figures the formers will prevail. In addition to the above corrections, activities and items described in the Technical Proposal but not priced, will be assumed to be included in the prices of other activities or items.
- 19.3 In case of Least Cost Selection LCS Method, the bid found to be the lowest evaluated bid will be accepted.
- 19.4 The lowest evaluated Financial Proposal (Fm) will be given the maximum financial score (Sf) of 100 points. The financial scores (Sf) of the other Financial Proposals will be computed as indicated in the Data Sheet. Proposals will be ranked according to their combined technical (St) and financial (Sf) scores using the weights (T = the weight given to the Technical Proposal; P = the weight given to the Financial Proposal; T + P = 1) indicated in the Data Sheet: $S = St \times T\% + Sf \times P\%$. The firm achieving the highest combined technical and financial score will be invited for negotiations.
- 19.5 In the case of Fixed-Budget and Quality Based Selection, the Procuring Agency will select the firm that submitted the highest ranked Technical Proposal.

20. Negotiations

- 20.1 Negotiations will be held at the date and address indicated in the Data Sheet. The invited Consultant will, as a pre-requisite for attendance at the negotiations, confirm availability of all Professional staff. Failure in satisfying such requirements may result in the PA proceeding to negotiate with the next-ranked Consultant. Representatives conducting negotiations on behalf of the Consultant must have written authority to negotiate and conclude a Contract.

21. Technical Negotiations

21.1 Technical Negotiations will include a discussion of the Technical Proposal, the proposed technical approach and methodology, work plan, organization and staffing, and any suggestions made by the Consultant to improve the Terms of Reference. The PA and the Consultants will finalize the Terms of Reference, staffing schedule, work schedule, logistics, and reporting. These documents will then be incorporated in the Contract as “Description of Services”. Minutes of negotiations, which will be signed by the PA and the Consultant, will become part of Contract Agreement.

22. Financial Negotiations

22.1 If applicable, it is the responsibility of the Consultant, before starting financial negotiations, to contact the local tax authorities to determine the tax amount to be paid by the Consultant under the Contract. The financial negotiations will include a clarification (if any) of the firm’s tax liability, and the manner in which it will be reflected in the Contract; and will reflect the agreed technical modifications in the cost of the services. Consultants will provide the PA with the information on remuneration rates described in the Appendix attached to Section 3 (i.e. Financial Proposal – Standard Forms of this RFP.

23. Availability of Professional staff/experts

23.1 Having selected the Consultant on the basis of, among other things, an evaluation of proposed Professional staff, the PA expects to negotiate a Contract on the basis of the Professional staff named in the Proposal. Before contract negotiations, the PA will require assurances that the Professional staff will be actually available. The PA will not consider substitutions during contract negotiations unless both parties agree that undue delay in the selection process makes such substitution unavoidable or for reasons such as death or medical incapacity. If this is not the case and if it is established that Professional staff were offered in the proposal without confirming their availability, the Consultant may be disqualified. Any proposed substitute will have equivalent or better qualifications and experience than the original candidate and be submitted by the Consultant within the period of time specified in the letter of invitation to negotiate.

24. Award of Contract

24.1 After completing negotiations, the Procuring Agency will award the Contract to the selected Consultant and within seven of the award of contract, Procuring Agency will publish on the website of the Authority and on its own website, if such a website exists, the result of the bidding process, identifying the bid through procuring identifying number, if any and the following information, evaluation report, form of contract and letter of award, bill of quantity or schedule of requirement, as the case may be.

-
- 24.2 After publishing of award to contract consultant required to submit a performance security at the rate indicated in date sheet.
- 24.3 The Consultant is expected to commence the assignment on the date and at the location specified in the Data Sheet.

25. Confidentiality

- 25.1 Information relating to evaluation of Proposals and recommendations concerning awards will not be disclosed to the Consultants who submitted the Proposals or to other persons not officially concerned with the process, until the publication of the award of Contract. The undue use by any Consultant of confidential information related to the process may result in the rejection of its Proposal.

FORM TECH-4. DESCRIPTION OF APPROACH, METHODOLOGY AND WORK PLAN FOR PERFORMING THE ASSIGNMENT

[Technical approach, methodology and work plan are key components of the Technical Proposal. You are suggested to present your Technical Proposal (50 pages, inclusive of charts and diagrams) divided into the following three chapters:

- a) *Technical Approach and Methodology,*
- b) *Work Plan, and*
- c) *Organization and Staffing,*

a) Technical Approach and Methodology. In this chapter you should explain your understanding of the objectives of the assignment, approach to the services, methodology for carrying out the activities and obtaining the expected output, and the degree of detail of such output. You should highlight the problems being addressed and their importance, and explain the technical approach you would adopt to address them. You should also explain the methodologies you propose to adopt and highlight the compatibility of those methodologies with the proposed approach.

b) Work Plan. In this chapter you should propose the main activities of the assignment, their content and duration, phasing and interrelations, milestones (including interim approvals by the PA), and delivery dates of the reports. The proposed work plan should be consistent with the technical approach and methodology, showing understanding of the TOR and ability to translate them into a feasible working plan. A list of the final documents, including reports, drawings, and tables to be delivered as final output, should be included here. The work plan should be consistent with the Work Schedule of Form TECH-8.

c) Organization and Staffing. In this chapter you should propose the structure and composition of your team. You should list the main disciplines of the assignment, the key expert responsible, and proposed technical and support staff.]

APPENDIX.

FINANCIAL NEGOTIATIONS - BREAKDOWN OF REMUNERATION RATES

(Not to be used when cost is a factor in the evaluation of Proposals)

1. Review of Remuneration Rates

1.1 The remuneration rates for staff are made up of salary, social costs, overheads, fee that is profit, and any premium or allowance paid for assignments away from headquarters. To assist the firm in preparing financial negotiations, a Sample Form giving a breakdown of rates is attached (no financial information should be included in the Technical Proposal). Agreed breakdown sheets will form part of the negotiated contract.

1.2 The PA is charged with the custody of funds from Government of Sindh and is expected to exercise prudence in the expenditure of these funds. The PA is, therefore, concerned with the reasonableness of the firm's Financial Proposal, and, during negotiations, it expects to be able to review audited financial statements backing up the firm's remuneration rates, certified by an independent auditor. The firm will be prepared to disclose such audited financial statements for the last three years, to substantiate its rates, and accept that its proposed rates and other financial matters are subject to scrutiny. Rate details are discussed below.

(i) **Salary**

This is the gross regular cash salary paid to the individual in the firm's home office. It will not contain any premium for work away from headquarters or bonus.

(ii) **Social Costs**

Social costs are the costs to the firm of staff's non-monetary benefits. These items include, inter alia, social security including pension, medical and life insurance costs, and the cost of a staff member being sick or on vacation. In this regard, the cost of leave for public holidays is not an acceptable social cost nor is the cost of leave taken during an assignment if no additional staff replacement has been provided. Additional leave taken at the end of an assignment in accordance with the firm's leave policy is acceptable as a social cost.

(iii) **Cost of Leave**

The principles of calculating the cost of total days leave per annum as a percentage of basic salary will normally be as follows:

$$\text{Leave cost as percentage of salary} = \frac{\text{total days leave} \times 100}{[365 - w - ph - v - s]}$$

1, Where w = weekends, ph = public holidays, v = vacation, and s = sick leave.

It is important to note that leave can be considered a social cost only if the PA is not charged for the leave taken.

(iv) **Overheads**

Overhead expenses are the firm's business costs that are not directly related to the

execution of the assignment and will not be reimbursed as separate items under the contract. Typical items are home office costs (partner's time, no billable time, time of senior staff monitoring the project, rent, support staff, research, staff training, marketing, etc.), the cost of staff not currently employed on revenue-earning projects taxes on business activities and business promotion costs. During negotiations, audited financial statements, certified as correct by an independent auditor and supporting the last three years' overheads, will be available for discussion, together with detailed lists of items making up the overheads and the percentage by which each relates to basic salary. The PA does not accept an add-on margin for social charges, overhead expenses, etc., for staff who are not permanent employees of the firm. In such case, the firm will be entitled only to administrative costs and fee on the monthly payments charged for subcontracted staff.

(v) **Fee or Profit**

The fee or profit will be based on the sum of the salary, social costs, and overhead. If any bonuses paid on a regular basis are listed, a corresponding reduction in the profit element will be expected. Fee or profit will not be allowed on travel or other reimbursable expenses, unless in the latter case an unusually large amount of procurement of equipment is required. The firm will note that payments will be made against an agreed estimated payment schedule as described in the draft form of the contract.

(vi) **Away from Headquarters Allowance or Premium**

Some Consultants pay allowances to staff working away from headquarters. Such allowances are calculated as a percentage of salary and will not draw overheads or profit.

(vii) **Subsistence Allowances**

Subsistence allowances are not included in the rates but are paid separately and in local currency. No additional subsistence is payable for dependents, the subsistence rate will be the same for married and single team members.

Standard rates for the particular country may be used as reference to determine subsistence allowances.

2. Reimbursable expenses (FOR ANY ADDITIONAL SERVICES)

- 2.1 The financial negotiations will further focus on such items as out-of-pocket expenses and other reimbursable expenses. These costs may include, but are not restricted to, cost of surveys, equipment, office rent, supplies, international and local travel, computer rental, mobilization and demobilization, insurance, and printing. These costs may be either unit rates or reimbursable on the presentation of invoices, in foreign or local currency.

3. PA Guarantee

- 3.1 Payments to the firm, including payment of any advance based on cash flow projections covered by a PA guarantee, will be made according to an agreed estimated schedule ensuring the consultant regular payments in local and foreign currency, as long as the services proceed as planned.

SECTION V
Terms of Reference

SECTION V: TERMS OF REFERENCE

1. GENERAL

The Government of Sindh, through the concerned Highway Department, intends to undertake consultancy services for the review of PC-I and Detailed Engineering Design and Drawings, preparation of Detailed Working Estimates, BOQ/Revised PC-I, and Geotechnical/Soil Investigation Study & Construction Supervision of following scheme:

Construction of Interchange, Interchange Road 30 m wide road, 25 m wide approach road at Malir Expressway (a) Construction of 01 No Prestressed Bridge @ Shahra-e-Bhutto (Malir Expressway) connecting Education City to Malir Expressway (475.50 m) (b) Construction of 1.04 km road connecting Malir Interchange to Education City.

The proposed infrastructure is intended to provide improved connectivity between the “Shahra-e-Bhutto Expressway (Malir Expressway), Education City, and adjoining areas”, while facilitating the safe and efficient movement of vehicular traffic. The interchange and connecting roads will provide improved access and traffic distribution, whereas the proposed prestressed bridge will facilitate uninterrupted vehicular movement across the existing physical barrier and enhance the overall capacity and efficiency of the transportation network.

The consultancy services will involve a comprehensive detailed review and validation of the existing “PC-I, engineering designs, drawings, technical requirements, quantities, and cost estimates, together with the preparation/updating of detailed engineering designs and drawings, detailed working estimates, BOQ, and Revised PC-I, as required. The assignment will also include geotechnical / soil investigation studies & Construction Supervision to establish the relevant subsurface conditions and provide appropriate engineering parameters for the design and construction of the proposed infrastructure.

The consultancy assignment will ensure that the proposed works are technically sound, economically viable, constructible, and designed in accordance with applicable national and international engineering standards, relevant codes, specifications, and best industry practices. Particular emphasis will be placed on structural safety, durability, serviceability, traffic requirements, constructability, drainage, road geometry, pavement considerations, and integration with the existing and proposed transportation network.

The ultimate objective of the consultancy services is to facilitate the development of safe, durable, efficient, and sustainable road and bridge infrastructure, improve regional and urban connectivity, reduce traffic congestion and travel time, enhance accessibility to Education City and adjoining areas, and support the future transportation and socio-economic development of Karachi and its surrounding areas.

2. OBJECTIVES

The overall objectives of these Terms of Reference are to ensure that high quality construction is achieved in time within the budget allocation and that all work is carried out in full compliance with the approved engineering designs, technical specifications, agreed work schedule, within the terms and conditions of the contract documents and as per sound engineering practices.

3. GENERAL DUTIES AND RESPONSIBILITIES OF THE CONSULTANTS

The Consultants shall be designated as "The Engineer" (as defined in the Contract Agreement for Construction) for all civil and ancillary works under the project". The Consultants shall administer the civil work's contracts, make engineering decisions, be responsible for quality assurance, material testing, provide general guidance and furnish timely response to the Contractor and Client in all matters relating to the civil works, and ensure that all clauses of the Contract Agreement between the civil works Contractor and the WSD are implemented judiciously. The Consultants shall advise WSD on all matters relating to the efficient and successful execution of the civil works contracts, and shall act at all times so as to protect the interests of the project and shall take all reasonable steps to keep all expenses to a minimum, consistent with sound economic and engineering practices; and shall prepare a "Construction Supervision Manual" outlining routines and standard operating procedures to be applied in construction supervision, based on sound internationally recognized practices. The consultant will be responsible for providing qualified professional and supporting staff, and all necessary services required for the efficient cost-effective and timely execution of the consultancy services.

4. SCOPE OF WORK

4.1 The work of consultants will fall into two broad stages

Stage 1: Updating of Design & drawings

Stage 2: Detailed Construction Supervision

4.2 Stage 1, Updating Design & Drawings

The Consultant shall review and verify all available project data, reports, studies, PC-I and design documents provided by the Client. This shall include, but not be limited to, the Topographic Survey Report, Geotechnical Investigation Report, Traffic Survey Report, Pavement Design, and Structural Design of the proposed interchanges / bridges and associated road works.

The Consultant shall critically assess the adequacy, accuracy, completeness, and reliability of the survey and investigation data for its intended design purposes. The review shall include verification of survey control points, existing site conditions, geometric parameters, subsurface soil conditions, foundation recommendations, traffic characteristics, traffic growth projections, axle load data, and any other information relevant to the project.

The Consultant shall evaluate the proposed pavement and bridge designs in accordance with applicable national and international standards, design codes, specifications, and engineering best practices. Particular attention shall be given to the structural integrity, hydraulic adequacy, foundation design, durability requirements, constructability aspects, safety considerations, and long-term performance of the proposed infrastructure.

Where deficiencies, inconsistencies, omissions, or inadequacies are identified, the Consultant shall undertake the necessary supplementary analyses and revise, update, or optimize the designs accordingly. Any modifications shall be fully justified through engineering calculations, technical evaluations, and supporting documentation.

The Consultant shall submit a Design Review Report summarizing the findings of the review process, identifying areas requiring improvement, and presenting the finalized and updated pavement and bridge designs for the Client's review and approval. The approved designs shall form the basis for the preparation of detailed engineering drawings, technical specifications, cost estimates, and tender documents along with revise PC-I.
