		<p>resulting (in accordance with the national laws) in the total or partial loss of the right to administer and dispose of its property;</p> <p>c) legal proceedings are instituted against such Bidder involving an order suspending payments and which may result, in accordance with the national laws, in a declaration of bankruptcy or in any other situation entailing the total or partial loss of the right to administer and dispose of the property;</p> <p>d) the Bidder is convicted, by a final judgment, of any offence involving professional conduct; (the Bidder is blacklisted and hence debarred due to involvement in corrupt and fraudulent practices, or performance failure or due to breach of bid securing declaration.</p> <p>e) The firm, supplier and contractor is blacklisted or debarred by a foreign country, international organization, or other foreign institutions for the period defined by them.</p> <p>4.10 Bidders shall provide the Procuring Agency evidence of their eligibility, proof of compliance with the necessary legal requirements to carry out the contract effectively.</p> <p>4.11 Bidders shall provide such evidence of their continued eligibility to the satisfaction of the Procuring Agency, as the Procuring Agency shall reasonably request.</p> <p>4.12 Bidders shall submit proposals relating to the nature, conditions and modalities of sub-contracting wherever the sub-contracting of any elements of the contract amounting to the more than ten (10) percent of the Bid price is envisaged.</p>
5	Eligible Goods and Services	<p>5.1 All Goods and related Services to be supplied under the Contract Agreement shall have their origin in eligible source countries.</p> <p>5.2 For purposes of this clause, "origin" means the place where the goods are mined, grown, or produced, or the place from which the related Services are supplied. Goods are produced when, through manufacturing, processing, or substantial and major assembly of components, a commercially recognized product results that are substantially different in basic characteristics or purpose or utility from its components.</p> <p>5.3 The origin of Goods and Services is distinct from the nationality of a bidder.</p>
6	Qualification of the Bidder	<p>6.1 By submission of documentary evidence in its bid, the bidder must establish to NBP's satisfaction that:</p> <p>a) It has the financial, technical, and production/servicing capability necessary to undertake and successfully conclude the contract, meet the qualification criteria specified in the BDS, and have a successful performance history. If a pre-qualification process has been undertaken for the contract(s) for which these bidding documents have been issued, the bidder shall, as part of its bid, update any information submitted with its pre-qualification application. To establish a bidder's qualifications, and unless stated to the contrary in the BDS, the experience and/or resources of any subcontractor will not contribute to the bidder's qualifications; only those of a joint venture partner will be considered.</p> <p>b) in the case of a bidder, for a specific project, offering to supply key goods and components that it does not manufacture or otherwise produce itself, the bidder shall provide written evidence of due authorization by the manufacturer or producer authorizing the bidder to supply those components in Pakistan, as identified in the BDS under the Contract Agreement. This will be accomplished by submission of Manufacturer's Authorization Forms, as indicated in the section entitled Sample Forms; and</p>

		<p>c) in the case of a bidder not undertaking business within Pakistan, the bidder is or will be (if awarded the contract) represented by an agent in Pakistan who is equipped and able to carry out maintenance, technical support, training, and repair obligations prescribed in the GCC and SCC, and/or Technical Requirements, on behalf of the bidder.</p> <p>6.2 Bids submitted by a joint venture of two or more bidders/companies /partnership firms as partners shall also comply with the following requirements:</p> <p>a) the bid shall be duly signed by all the collaborating partners forming a joint venture to be legally binding on all partners;</p> <p>b) one of the partners shall be nominated as being in charge, and this nomination shall be evidenced by submitting a power of attorney signed by legally authorized signatories of all the partners;</p> <p>c) the partner in charge shall be authorized to incur liabilities and receive instructions for and on behalf of any and all partners of the joint venture, and the entire execution of the Contract undertaken with the partner in charge;</p> <p>d) the partner or combination of partners responsible for a specific component(s) of the specific project must meet the relevant minimum qualification criteria for that component;</p> <p>e) a bidder/partnership firm/company may submit bids either as a single bidder on its/his/her own or as a partner in a joint venture. Furthermore, a bidder/partnership firm/company that is a bidder, whether as a single bidder or as a partner in a joint venture, cannot be a subcontractor in other bids, except for the supply of commercially available hardware or software manufactured or produced by the bidder/partnership firm/company, as well as purely incidental services such as installation/configuration, routine training, and ongoing maintenance/support. If the BDS for ITB clause 6.1 (a) allows the qualification of subcontractors nominated for certain components to be taken into account in assessing the bidder's overall qualifications, any subcontractor so nominated by any bidder is automatically disqualified from being a bidder itself or a partner in a joint venture. Non-compliance may result in the rejection of all bids in which the culprit bidder/partnership firm/company participates as a bidder or as a partner in a joint venture. As long as a bidder/partnership firm/company is in compliance with these provisions or is unaffected by them for not participating as a bidder or as a partner in a joint venture, it may be proposed as a subcontractor in any number of bids. If the BDS for ITB clause 28.1 permits the submission of bids for sub-systems or slices, then the provisions of this clause 6.2 (e) apply only to bids for the same sub-system(s), or slice(s);</p> <p>f) all partners of the joint venture shall be liable jointly and severally for the execution of the contract in accordance with the contract terms, and a statement to this effect shall be included in the authorization mentioned under ITB clause 6.2 (b) above, in the bid and the Contract Agreement (in case of a successful bid).</p> <p>6.3 If a bidder intends to subcontract major items of supply or services, it shall include in the bid details the name and nationality of the proposed Subcontractor, including Suppliers for each of those items. The bidder shall be responsible for ensuring that the proposed Subcontractor(s) complies with the requirements of ITB clause 4 and that any Goods or Services components of the concerned project to be provided</p>
--	--	--

		<p>by the Subcontractor comply with the requirements of ITB clause 5 and the related evidence required by ITB clause 13.1 (f) (ii) is submitted. Bidders are free to list more than one Subcontractor against each item. Quoted rates and prices will be deemed to apply to whichever Subcontractor is appointed by the bidder and any adjustment of the rates or prices shall not be permitted. NBP reserves the right to delete any proposed Subcontractor from the list provided by the bidder. Subsequent additions and deletions from the list of approved Subcontractors shall be performed in accordance with GCC clause 20 (as revised in the SCC, if applicable). For the purposes of these Bidding Documents, a Subcontractor is any supplier or service provider with whom the bidder contracts for the supply or execution of any part of the specific project to be provided by the bidder under the Contract Agreement (such as the supply of major hardware, Software, or other components of the required information technologies specified, or the performance of related Services, e.g., software development, transportation, installation, customization, integration, commissioning, training, technical support, maintenance, repair, etc.).</p>
7	One Bid per Bidder	<p>7.1 A bidder shall submit only one Bid, in the same bidding process, either individually as a Bidder or as a member in a joint venture or any similar arrangement.</p> <p>7.2 No bidder can be a sub-contractor while submitting a Bid individually or as a member of a joint venture in the same Bidding process.</p> <p>7.3 A person or a firm cannot be a sub-contractor with more than one bidder in the same bidding process.</p>
8	Cost of Bidding	<p>8.1 The bidder shall bear all costs associated with the preparation and submission of its bid, and NBP shall not be responsible or liable for those costs under any circumstances.</p>
9	Site Visit	<p>9.1 The bidder may wish to visit and examine the site or sites of the concerned project and obtain for itself, at its responsibility and risk, all information that may be necessary for preparing the bid and entering into the Contract Agreement. The costs of visiting the site or sites (all over Pakistan) shall be at the bidder's own expense.</p> <p>9.2 NBP will arrange for the bidder, its personnel, or agents to access the relevant site or sites, provided that the bidder notifies NBP about a proposed visit at least fourteen (14) Days before the same.</p> <p>9.3 No site visits shall be arranged or scheduled after the deadline for the submission of the bids and before the award of the contract.</p>
10	Eligible Information Systems	<p>10.1 For the purposes of these Bidding Documents, the Information System means all:</p> <ul style="list-style-type: none"> a) the required information technologies, including all information processing and communications-related hardware, software, supplies, and consumable items that the Supplier is required to supply and install under the Contract, plus all associated documentation, and all other materials and goods to be supplied, installed, integrated, and made operational (collectively called "the Goods" in some clauses of the ITB); and b) the related software development, transportation, insurance, installation, customization, integration, commissioning, training, technical support, maintenance, repair, and other services necessary for proper operation of the Information System to be provided by the selected Bidder and as specified in the Contract. <p>10.2 All Information System made up of goods and services to be supplied under the contract shall have their origin in eligible source countries, and all expenditures made under the contract will be limited to the supply and installation information systems. For the purpose of this Bid, ineligible countries are stated in the section-4</p>

		<p>titled as "Eligible Countries".</p> <p>10.3 For purposes of this Clause, "origin" means the place where the goods and services making Information System are produced in or supplied from. An Information System is deemed to be produced in a certain country when, in the territory of that country, through software development, manufacturing, or substantial or major assembly or integration of components, a commercially recognized product result that is substantially different in basic characteristic or in purpose or utility from its component.</p> <p>10.4 The nationality of the supplier that supplies and install the Information System shall not determine the origin of the goods.</p> <p>10.5 To establish the eligibility of the Goods and Services making Information System, Bidders shall fill the country-of-origin declarations included in the Form of Bid.</p> <p>10.6 If so, required in the BDS, the Bidder shall demonstrate that it has been duly authorized for the supply and installation of Information System in Pakistan (or in respective country in case of procurement by the Pakistani Missions abroad), the Information System indicated in its Bid.</p>

D. Submission of Bids

20	Electronic Bidding	<p>20.1 The bidder shall submit electronic bids as per the requirements of e-procurement systems EPADS.</p> <p>20.2 In case of Single Stage Two Envelopes Procedure, the bid shall comprise two bids submitted electronically simultaneously, one called the "Technical Proposal" and the other "Financial Proposal."</p>
21	Deadline for submission of Bids	<p>21.1 Bids must be submitted electronically through EPADS as specified in the BDS for ITB not later than the date and time intimated by NBP.</p> <p>21.2 NBP may extend this deadline for submission of bids by amending the bidding documents in accordance with ITB clause 11.3, in which case all rights and obligations of NBP and the bidders will thereafter be subject to the deadline as extended.</p>
22	Late Bids	<p>22.1 Any bid received by NBP after the bid submission deadline prescribed by NBP in the BDS for ITB clause 21, will be rejected and returned unopened to the bidder.</p>
23	Modification or Withdrawal of Bids	<p>23.1 The bidder may modify or withdraw its bid after submission, through EPADS prior to the deadline prescribed for bid submission.</p> <p>23.2 Revision of bid may be submitted electronically through EPADS after withdrawal of original bid before the deadline of submission of bid.</p> <p>23.3 No bid may be modified after the deadline of submission of bids.</p> <p>23.4 No bid may be withdrawn in the interval between the bid submission deadline and the expiration of the bid validity period specified in ITB clause 18. Withdrawal of a bid during this interval may result in the forfeiture of the bidder's bid security, pursuant to ITB clause 17.7.</p>

Bid Opening and Evaluation

24	Opening of Bids by NBP	<p>24.1 NBP shall open electronically through EPADS all technical proposals for all packages, excluding withdrawals, in public, in the presence of bidders' representatives who choose to attend, at the time, on the date and at the place specified in the BDS. Bidders' representatives shall sign a register as proof of their attendance.</p> <p>24.2 The procuring agency should open and evaluate the technical proposal first, without opening the financial proposal and without reference to the price and reject any proposal which does not conform to the specified technical requirements.</p> <p>24.3 The financial proposals shall retain unopened in EPADS;</p> <p>24.4 During the technical evaluation no amendments to the technical proposal shall be permitted.</p> <p>24.5 After the evaluation and approval of the technical proposal the procuring agency, shall at a time within the bid validity period, publicly open the financial proposals electronically through EPADS of the technically accepted bids only. The financial proposal of bids found technically non-responsive shall not be opened.</p> <p>24.6 Financial proposals shall be opened one at a time. The following details shall be read out:</p> <ul style="list-style-type: none"> a) Unit Price; and b) Bid Amount <p>24.4 NBP shall prepare minutes of the bid opening, including the information disclosed to those present in accordance with ITB clause 24.3.</p>
25	Clarification of Bids	<p>25.1 During the bid evaluation, NBP may, at its discretion, ask a bidder for a clarification of its bid. The request for clarification and the response shall be in writing, and no change in the price or substance of the bid shall be sought, offered, or permitted.</p>
26	Preliminary Examination	<p>26.1 NBP shall examine the technical proposals to determine whether:</p> <ul style="list-style-type: none"> i) They are complete in all respects. ii) the documents have been properly signed; and iii) whether the bids are generally in order. <p>26.2 In case of a pre-qualification process having been undertaken for the contract(s) for which these Bidding Documents have been issued, NBP shall ensure that each bid is from a pre-qualified bidder, and in the case of a joint venture, the partners and structure of the joint venture are unchanged from those in the pre-qualification. Bidder's profile, technical compliance, major and minor deviations from the given specifications, solution offered as and where applicable will be individually listed and duly evaluated.</p> <p>26.3 NBP may waive any minor formality, nonconformity, or irregularity in a bid that does not constitute a material deviation, provided such waiver does not prejudice or affect the relative ranking of any bidder.</p> <p>26.4 Prior to the detailed evaluation, NBP shall determine whether each bid is of acceptable quality, complete, and substantially responsive to the Bidding Documents. For purposes of this determination, a substantially responsive bid is one that conforms to all the terms, conditions, and specifications of the Bidding Documents without material deviations, exceptions, objections, conditional ties, or reservations.</p>

		<p>A material deviation, exception, objection, conditionality, or reservation is one: (i) that limits in any substantial way, the scope, quality, or performance of the project; or (ii) is inconsistent with the Bidding Documents or limits in a substantial way, NBP's rights or the successful bidder's obligations under the Contract Agreement; or (iii) the acceptance of which would unfairly affect the competitive position of other bidders who have submitted substantially responsive bids.</p> <p>26.5 If a bid is not substantially responsive, it shall be rejected by NBP and may not subsequently be made responsive by the bidder by correction of the nonconformity. NBP's determination of bid responsiveness shall be based on the contents of the bid itself.</p>
27	Conversion to Single Currency	<p>27.1 For evaluation and comparison purposes, NBP shall convert all bid prices expressed in various currencies and amounts into a single currency specified in the BDS, using the selling rate prevailing on the date of opening of the bids intimated by NBP, as notified by the State Bank of Pakistan.</p>
28	Evaluation Criteria	<p>28.1 Bids for sub-systems, or slices of the overall Information System will be accepted if specified in the BDS.</p> <p>28.2 The bid evaluation shall be carried out in accordance with fulfillment of the specifications/requirements specified in Section-VI and the bid evaluation criteria specified in Section-VII "Technical Evaluation Criteria".</p>
29	Domestic Preference	<p>29.1 If indicated in the BDS and as per PPRA Rule 24, NBP shall grant a margin of preference for use of domestic Information Technologies and related Goods. Under this preference, for Goods supplied from outside Pakistan, the CIP (named place of destination) price shall be increased by the applicable import tariff (custom duties and other import taxes) or fifteen (15) percent, whichever is less. If duties vary from item to item within the bid, the appropriate tariff for each item shall apply. No preference shall be applied for any associated Services or works components of the bid.</p> <p>29.2 No margin of preference will be granted for any other price component, and bidders will not be permitted or required to modify the source of any hardware, Software, related equipment, materials, products, or other Goods, as well as related Services after bid opening.</p>
30	Contacting NBP	<p>30.1 From the time of bid opening to the time of the announcement of the successful bidder, if any bidder wishes to contact NBP on any matter related to the bid, it should do so in writing.</p> <p>30.2 If a bidder tries to directly influence NBP or otherwise interfere in the bid evaluation process and the decision to select a bidder as the successful bidder, its bid may be rejected.</p>

E. Post Evaluation Criteria and Award of Contract

31	Post Evaluation Criteria	<p>31.1 NBP will determine at its own cost and to its satisfaction whether the bidder which is selected as having submitted the most advantageous bid is qualified to perform the Contract Agreement satisfactorily, in accordance with ITB clause 6. If a pre-qualification process was undertaken for the Contract Agreement and/ or related agreements for which these Bidding Documents were issued, NBP will determine in the manner described above that no material changes have occurred after the pre-qualification that negatively affects the ability of the bidder which has submitted the most advantageous bid to perform the Contract.</p> <p>31.2 Pursuant to ITB clauses 6 and 16, the evaluation of the bidder's financial, technical, design, integration, customization, production, management, and support capabilities will be based on an examination of the documentary evidence of the bidder's qualifications, as well as other information which NBP deems necessary and appropriate. This evaluation may include visits or interviews with the bidder's clients referenced in its bid, site inspections, and any other measures. NBP may, at its discretion, also carry out tests to determine whether the performance or functionality of the solution offered meets those stated in the technical requirements before announcement of the successful bidder.</p> <p>31.3 An affirmative post-qualification evaluation will be a prerequisite for selecting the most advantageous bidder. A negative evaluation will result in rejection of the bidder's bid, in which event NBP shall proceed to the next most advantageous bidder to make a similar evaluation of that bidder's capabilities to perform satisfactorily.</p>
32	Award Criteria	<p>32.1 Subject to ITB clause 33, NBP shall award the contract to the bidder whose bid has been evaluated and determined to be substantially responsive and the most advantageous bid, provided further that the bidder has been determined to be qualified to perform the contract satisfactorily, pursuant to ITB clause 31.</p>
33	NBP's Right to Accept any Bid and to Reject any or all Bids	<p>33.1 NBP reserves the right to annul the bidding process as per PPRA Rule 33 and reject all bids at any time prior to the execution of the Contract Agreement with the successful bidder, without thereby incurring any liability to the bidders.</p>
34	Notification of Award	<p>34.1 Prior to the expiration of the period of bid validity, NBP shall notify the successful bidder in writing by registered letter, or by electronic means, including the PPRA and NBP websites, to be subsequently confirmed in writing by registered letter, that its bid has been accepted.</p> <p>34.2 The contract with the successful bidder shall come into force as follows:</p> <ul style="list-style-type: none"> a) where no formal signing of a contract is required, from the date the notice of the acceptance of the bid or purchase order has been given to the bidder whose bid has been accepted. Such notice of acceptance or purchase order shall be issued within a reasonable time; or; b) where the procuring agency requires signing of a written contract, from the date on which the signatures of both the procuring agency and the successful bidder were affixed to the written contract. Such affixing of signatures shall take place within a reasonable time. <p>34.3 Provided that when the coming into force of a contract is contingent upon fulfilment of a certain condition or conditions, the contract shall take effect from</p>

		<p>the date whereon such fulfilment takes place.</p> <p>34.4 When the successful bidder furnishes the signed Contract Agreement between the bidder and NBP and the performance security pursuant to ITB clause 37, NBP shall notify each unsuccessful bidder and will discharge their bid security.</p>
35	Signing of Contract	<p>35.1 At the same time as NBP notifies the successful bidder that its bid has been accepted, NBP shall negotiate as per PPRA Rule 40 and finalize a contract based on the form of contract attached hereto with the bidder which shall set out the understanding and agreement between the parties relating to the transaction/project. If required by the demands of the project and its legal implications, the bidder and NBP may enter into several contracts on different aspects of the transaction/project.</p> <p>35.2 Following notification of the award of the contract, NBP and the successful bidder shall sign and date the formal Contract Agreement as soon as practically possible. Provided, however, that NBP may in its discretion extend the date for signing the formal contract.</p>
36	Performance Security	<p>36.1 The successful bidder shall furnish the performance security in accordance with the GCC, using the performance security bank guarantee form provided in the Bidding Documents or another form acceptable to NBP at the time of signing of the Contract Agreement.</p> <p>36.2 Failure of the successful bidder to comply with the requirements of ITB clause 35 or ITB clause 36.1 shall constitute sufficient grounds for the annulment of the award and forfeiture of the bid security, in which event NBP may make the award to the next most advantageous bid submitted by a qualified bidder or call for new bids.</p>

E. Supply, Installation, Testing, Commissioning and Acceptance of the System

18	Representatives	<p>18.1 Project Manager (Certified):</p> <p>a) If the Project Manager is not named in the Contract Agreement, then NBP shall appoint and notify the Supplier in writing of the name of the Project Manager within the period specified in the Contract Agreement or as mutually agreed. The terms and conditions of appointment shall be specified in the Contract Agreement. The Project Manager shall have the authority to represent NBP on all day-to-day matters relating to the System or arising from the Contract Agreement. All notices, instructions, orders, certificates, approvals, and all other communications under the Contract Agreement shall be given by the Project Manager, except as otherwise provided for in the Contract Agreement.</p> <p>b) All notices, instructions, information, and other communications given by the Supplier to NBP under the Contract Agreement shall be given to the Project Manager, except as otherwise provided for in the Contract Agreement.</p> <p>18.2 Supplier's Representative:</p> <p>a) If the Supplier's Representative is not named in the Contract Agreement, then the Supplier shall appoint the Supplier's Representative within the period specified in the Contract Agreement or as mutually agreed. The terms and conditions of appointment shall be specified in the Contract Agreement. The Supplier's Representative shall have the authority to represent the Supplier on all day-to-day matters relating to the System or arising from the Contract Agreement.</p> <p>b) All notices, instructions, orders, certificates, approvals, and all other communications under the Contract Agreement shall be given by the Supplier's Representative, except as otherwise provided for in the Contract Agreement.</p> <p>c) The Supplier shall not revoke the appointment of the Supplier's Representative without NBP's prior written consent, which shall not be unreasonably withheld. If NBP consents to such an action, the Supplier shall appoint another person of equal or superior qualifications as the Supplier's Representative.</p>
----	-----------------	--

		<p>d) The Supplier’s Representative and staff are obliged to work closely with NBP’s Project Manager and staff, act within their authority, and abide by directives issued by NBP that are consistent with the terms of the Contract Agreement. The Supplier’s Representative is responsible for managing the activities of its personnel and any subcontracted personnel.</p> <p>18.3 Objections and Removals:</p> <p>a) NBP may, by notice to the Supplier, object to any representative or person employed by the Supplier in the execution of the Contract Agreement who, in the reasonable opinion of NBP, may have behaved inappropriately, been incompetent, or negligent. NBP shall provide evidence of the same, whereupon the Supplier shall remove such person from work on the System.</p> <p>b) If any representative or person employed by the Supplier is removed Following the GCC and the Contract Agreement, the Supplier shall, where required, promptly appoint a replacement.</p>
19	Project Plan	<p>19.1 In close cooperation with NBP and based on the Preliminary Project Plan included in the Supplier’s bid, the Supplier shall develop a Project Plan encompassing the activities specified in the Contract Agreement. The contents of the Project Plan shall be as specified in the SCC and/or Technical Requirements.</p> <p>19.2 The Supplier shall formally present the Project Plan to NBP Following the procedure specified in the SCC.</p> <p>19.3 If required, the impact on the Implementation Schedule of modifications agreed upon during the finalization of the Project Plan shall be incorporated in the Contract by amendment, Following GCC clauses 39 and 40.</p> <p>19.4 The Supplier shall undertake to supply, install, test, and commission the System Following the Finalized Project Plan as agreed to by NBP and as per the Contract Agreement.</p> <p>19.5 The progress and other reports specified in the SCC shall be prepared by the Supplier and submitted to NBP in the format and frequency specified in the Technical Requirements.</p>
20	Subcontracting	<p>20.1 The Supplier shall prepare a list of Subcontractors it considers necessary for the project, and which are, in the opinion of the Supplier, qualified to perform the duties entrusted to them by the Supplier. The appointment of the Subcontractors by the Supplier shall be subject to the approval of NBP. A list of the Subcontractors and the items for which they may be hired shall be annexed to the Contract Agreement. The Supplier may from time to time propose additions to or deletions from any such list. The Supplier shall submit any such list or any modification to the list to NBP for its approval in sufficient time so as not to impede the progress of work on the System. NBP shall not withhold such approval unreasonably. Approval by NBP of a Subcontractor shall not relieve the Supplier of any of its obligations, duties, or responsibilities under the Contract Agreement.</p> <p>20.2 The Supplier may, at its discretion, select and employ Subcontractors for such critical items from the Subcontractors listed pursuant to GCC clause 20.1. If the Supplier wishes to employ a Subcontractor not so listed, or subcontract an item not so listed, it must seek NBP’s prior approval under GCC clause 20.3.</p> <p>20.3 For items for which pre-approved Subcontractor lists have not been specified in the Contract Agreement, the Supplier may employ such Subcontractors as it may</p>

		select, provided, it obtains NBP's written consent to such appointment.
21	Design and Engineering	<p>21.1 Technical Specifications and Drawings:</p> <p>a) The Supplier shall execute the basic and detailed design and implementation activities necessary for successful installation of the System in compliance with the provisions of amongst others or provision of any material i.e., Plastic/Inventory, the Technical Requirements, and the Contract Agreement or, where not so specified, Following good industry practice.</p> <p>b) The Supplier shall be responsible for any discrepancies, errors, or omissions in the specifications, drawings, and other technical documents that it has prepared, whether such specifications, drawings, and other documents have been approved by the Project Manager or not, provided that such discrepancies, errors, or omissions are not based on inaccurate information furnished in writing to the Supplier by or on behalf of NBP.</p> <p>c) The Supplier shall be entitled to disclaim responsibility for any design, data, drawing, specification, standards, or another document, or any modification of such design, drawings, specification, or other documents provided or designated by or on behalf of the NBP, by giving a notice of such disclaimer to the Project/Product Manager.</p> <p>21.2 Codes and Standards</p> <p>a) Wherever references are made in the Contract Agreement or the GCC and the SCC to codes and standards Following which the Contract Agreement shall be performed, the edition or the revised version of such codes and standards current at the date twenty-eight (28) Days prior to the date of bid submission shall apply unless otherwise specified in the SCC. During the performance of the Contract Agreement, any changes in such codes and standards shall be applied after approval by the NBP and shall be treated Following GCC clause 39.3.</p> <p>21.3 Approval/Review of Technical Documents by the Project Manager.</p> <p>a) The Supplier shall prepare and furnish to the Project Manager the documents as specified in the SCC for the Project Manager's approval or review. Any part of the System covered by or related to the documents to be approved by the Project Manager shall be executed only after the Project Manager approves these documents. GCC clauses 21.3.2 through 21.3.7 shall apply to those documents requiring the Project Manager's approval, but not to those furnished to the Project Manager for review only.</p> <p>b) Any document requiring the Project Manager's approval Following GCC clause 21.3.1, shall be submitted to the Project Manager. The Project Manager shall either return one copy of the document to the Supplier with its approval endorsed on the document or shall notify the Supplier in writing of its disapproval of the document and the reasons for disapproval and the modifications that the Project Manager proposes.</p> <p>21.4 The Project/Product Manager shall not disapprove of any document except on the grounds that the document does not comply with some specified provision of the Technical Requirements, the Contract Agreement, or that it is contrary to good industry practice.</p> <p>21.5 If the Project/Product Manager disapproves the document, the Supplier shall modify the document and resubmit it for the Project Manager's approval</p>

		<p>Following GCC clause 21.3.2. If the Project Manager approves the document subject to modification(s), the Supplier shall make the required modification(s), and the document shall then be deemed to have been approved, subject to GCC clause 21.3.5. The procedure set out in GCC clauses 21.3.2 through 21.3.4 shall be repeated, as appropriate, until the Project Manager approves such documents.</p> <p>21.6 If any dispute or difference occurs between NBP and the Supplier in connection with or arising out of the disapproval by the Project Manager of any document and/or any modification(s) to a document that cannot be settled between the parties within a reasonable period, then, the matter shall be referred for resolution in the manner provided in the Contract Agreement.</p> <p>21.7 The Supplier shall not depart from any approved document unless the Supplier has first submitted to the Project Manager an amended document and obtained the Project Manager's approval of the document, pursuant to the provisions of this GCC clause 21.3. If the Project Manager requests any change in any already approved document and/or in any document based on such an approved document, the provisions of GCC clause 39 (Changes to the System) shall apply to such request.</p>
22	<p>Procurement Delivery and Transport</p>	<p>22.1 Subject to GCC clause 14.2, the Supplier shall manufacture or procure and transport all the Information Technologies, Materials, and other Goods in an expeditious and orderly manner to the Project Site.</p> <p>22.2 Delivery of the Information Technologies, Materials, and other Goods shall be made by the Supplier Following the Technical Requirements. (If applicable)</p> <p>22.3 Early or partial deliveries require the explicit written consent of NBP, which shall not be unreasonably withheld.</p> <p>22.4 Transportation:</p> <ul style="list-style-type: none"> a) The Supplier shall provide such packing of the Goods as is required to prevent their damage or deterioration during shipment. The packing, marking, and documentation within and outside the packages shall comply strictly with NBP's instructions given to the Supplier and with the manufacturers' instructions. b) The Supplier will bear responsibility for and cost of transport to the Project Sites in accordance with the terms and conditions used in the specification of prices in the price schedules, including the terms and conditions of the associated terms. c) Unless otherwise specified in the SCC, the Supplier shall be free to use transportation through carriers registered in any eligible country and to obtain insurance from any eligible source country. <p>22.5 Unless otherwise specified in the SCC, the Supplier will provide NBP with shipping and other documents, as specified below:</p> <p>22.5.1 For Goods supplied from outside Pakistan: Upon shipment, the Supplier shall notify NBP, and the insurance company contracted by the Supplier to provide cargo insurance by telex, cable, facsimile, electronic mail, or EDI with the full details of the shipment. The Supplier shall promptly send the following documents to NBP by mail or courier, as appropriate, with a copy to the cargo insurance company:</p> <ul style="list-style-type: none"> a) two copies of the Supplier's invoice showing the description of the Goods,

		<p>quantity, unit price, and total amount.</p> <ul style="list-style-type: none"> b) usual transportation documents. c) insurance certificate. d) certificate(s) of origin; and e) Estimated time and point of arrival in Pakistan and at the site. <p>22.5.2 For Goods supplied locally (i.e., from within the Pakistan):</p> <ul style="list-style-type: none"> a) Upon shipment, the Supplier shall notify NBP by facsimile, electronic mail, or EDI with the full details of the shipment. The Supplier shall promptly send the following documents to the NBP by courier: <ul style="list-style-type: none"> b) two copies of the Supplier's invoice showing the Goods' description, quantity, unit price, and total amount. c) delivery note, railway receipt, or truck receipt. d) certificate of insurance. e) Estimated time of arrival at the site. <p>22.6 Customs Clearance</p> <ul style="list-style-type: none"> a) Unless specified otherwise, the Supplier will bear responsibility for, and cost of, customs clearance into Pakistan in accordance with the particular conditions used for Goods supplied from outside Pakistan. b) At the request of the Supplier, NBP will make available a representative or agent during the process of customs clearance in Pakistan for Goods supplied from outside Pakistan. In the event of delays in customs clearance that are not the fault of the Supplier, the Supplier shall be entitled to an extension in the time for achieving Operational Acceptance, pursuant to GCC clause 40;
23	Product Upgrades	<p>23.1 At any point during the performance of the Contract Agreement, should technical upgradation be introduced by the Supplier for the technical solution originally offered by the Supplier in its bid and still to be delivered, the Supplier shall be obligated to offer to NBP the latest versions of the available technical solutions having equal or better performance or functionality at the same or lesser unit prices, pursuant to GCC clause 39 (Changes to the System).</p> <p>23.2 At any point during the performance of the Contract Agreement for technical solutions yet to be delivered, the Supplier will also pass on to NBP any cost reductions and additional and/or improved support and facilities that it offers to other clients of the Supplier in Pakistan, pursuant to GCC clause 39 (Changes to the System).</p> <p>23.3 During the performance of the Contract Agreement, the Supplier shall offer to NBP all new versions, releases, and updates of the offered technical solution, as well as related documentation and technical support services, within thirty (30) Days of their availability from the Supplier to other clients of the Supplier in Pakistan, and no later than twelve (12) Months after they are released in the country of origin. In all such cases, the costs shall be decided by mutual consent or Following the Contract Agreement or any other related agreement between the parties.</p> <p>23.4 During the Warranty Period, unless otherwise specified in the SCC, the Supplier</p>

		<p>will provide, at no additional cost to NBP, all new versions, releases, and updates for the offered technical solution to be used in the System, within thirty (30) Days of their availability from the Supplier to other clients of the Supplier in Pakistan, and no later than twelve (12) Months after they are released in the country of origin of the Software.</p> <p>23.5 NBP shall introduce all new versions, releases, or updates of the offered technical solution within the time agreed in the Contract Agreement. The receipt of upgraded technical equipment should not adversely affect System operation or performance or require extensive reworking of the System. In cases where the new version, release, or update adversely affects System operation or performance or requires extensive reworking of the System, the Supplier shall continue to support and maintain the technical equipment previously in operation for as long as necessary to allow the introduction of the new upgrades. NBP shall use all reasonable endeavors to implement any new upgrades as soon as practicable.</p>
24	Implementation, Installation, and Other Services	<p>24.1 The Supplier shall provide all Services specified in the Contract Agreement and the Finalized Project Plan Following the highest standards of professional competence and integrity.</p> <p>24.2 Prices charged by the Supplier for Services, if not included in the Contract Agreement, shall be agreed upon in advance by the parties (including, but not restricted to, any prices submitted by the Supplier in the Bid) and shall not exceed the prevailing rates charged by the Supplier to other clients in Pakistan for similar services.</p>
25	Inspection and Test	<p>25.1 NBP or its representative shall have the right to inspect and/or test any components of the offered technical solution, material, or stationary, as specified in the Technical Requirements, to confirm their good working order/quality and/or conformity to the Contract Agreement at the point of delivery and/or at the Project/Production Site.</p> <p>25.2 NBP and the Project/Product Manager or their designated representatives shall be entitled to attend any such inspections and/or tests of the components, provided that NBP shall bear all costs and expenses incurred in connection with such attendance, including but not limited to all inspection agent fees, travel, and related expenses.</p> <p>25.3 Should the inspected or tested components fail to conform to the Contract Agreement NBP may reject the component(s), and the Supplier shall either replace the rejected component(s) or make alterations as necessary so that it meets the Contract Agreement requirements free of cost to the NBP.</p> <p>25.4 The Project Manager may require the Supplier to carry out any inspection and/or test not specified in the Contract Agreement, provided that the Supplier's reasonable costs and expenses incurred in carrying out such inspection and/or test shall be reimbursable by NBP to the Supplier, provided that the tests are not required due to any breach of the Contract Agreement and the Technical Requirements by the Supplier. Further, if such inspection and/or test impede the progress of work on networking and/or the Supplier's performance of its other obligations under the Contract Agreement, the due allowance will be made in respect of the time for achieving Operational Acceptance and the other obligations so affected at the discretion of NBP.</p> <p>25.5 If any dispute or difference of opinion shall arise between the parties in connection</p>

		with or caused by an inspection and/or with regard to any hardware devices or technical equipment to be incorporated in the network that cannot be settled amicably between the parties within a reasonable period, either party may invoke the process pursuant to GCC clause 6 (Settlement of Disputes).
26	Installation of the System	<p>26.1 As soon as the System, or any Subsystem, has, in the opinion of the Supplier, been delivered, pre-commissioned, and made ready for Commissioning and Operational Acceptance Testing Following the Technical Requirements, the SCC and the Finalized Project Plan, the Supplier shall notify NBP of the same in writing as provided/mentioned in the agreement.</p> <p>26.2 The Project Manager shall after receipt of the Supplier's notice under GCC clause 26.1, either issue an Installation certificate, stating that the hardware devices or technical equipment (if acceptance by major component or Subsystem is specified in the Contract), has achieved Installation by the date of the Supplier's notice under GCC clause 26.1, or notify the Supplier in writing of any defects and/or deficiencies, including, but not limited to, defects or deficiencies in the interoperability of the various hardware devices or technical equipment making up the network. The Supplier shall use all reasonable endeavors to promptly remedy any defect and/or deficiencies that the Project Manager has notified the Supplier of. The Supplier shall then promptly carry out retesting of the network and, when in the Supplier's opinion, the network is ready for Commissioning and Operational Acceptance Testing, notify the NBP in writing, Following GCC clause 26.1. The procedure set out in this GCC clause 26.2 shall be repeated, as necessary, until an Installation certificate is issued.</p>
27	Commissioning and Operational Acceptance	<p>27.1 Commissioning:</p> <p>27.1.1 Commissioning of the network (or technical equipment if specified in the Contract Agreement) shall be commenced by the Supplier:</p> <ul style="list-style-type: none"> a) immediately after the Installation certificate is issued by the Project Manager, pursuant to GCC clause 26.2; or b) as otherwise specified in the Technical Requirement or the Finalized Project Plan. <p>27.1.2 NBP shall supply the operating and technical materials and information reasonably required to enable the Supplier to carry out its obligations with respect to Commissioning.</p> <p>27.2 Operational Acceptance Tests</p> <p>27.2.1 The Operational Acceptance Tests (and repeats of such tests) shall be the joint responsibility of NBP and the Supplier and shall be conducted during the Commissioning of the network unless specified otherwise in the Contract Agreement. The Operational Acceptance Tests shall be carried out, to ascertain whether the network (or technical equipment or hardware devices) conforms to the Technical Requirements and meets the standard of performance quoted in the Supplier's bid, including, but not restricted to, the functional and technical performance requirements. The Operational Acceptance Tests during Commissioning will be conducted as specified in the SCC, the Technical Requirements, and/or the Finalized Project Plan.</p> <p>27.2.2 At NBP's discretion, Operational Acceptance Tests may also be performed on replacement software, upgrades and new version</p>

		<p>releases, and Goods that are added or field-modified after Operational Acceptance of the System.</p> <p>27.3 Operational Acceptance:</p> <p>27.3.1 Subject to GCC clause 27.4 (Partial Acceptance) below, Operational Acceptance shall occur in respect of the System, when:</p> <ul style="list-style-type: none"> a) the Operational Acceptance Tests, as specified in the Technical Requirements, and/or SCC and/or the Finalized Project Plan have been completed; or b) After NBP has put the network into operation or use for sixty (60) consecutive Days. If the System is put into production or used in this manner, the Supplier shall notify NBP and document such use. <p>27.4 At any time after any of the events set out in GCC clause 27.3.1 have occurred, the Supplier may give notice to the Project Manager requesting the issuance of an Operational Acceptance certificate.</p> <p>27.5 After consultation with NBP, the Project Manager shall:</p> <ul style="list-style-type: none"> a) Issue an Operational Acceptance certificate; or b) Notify the Supplier in writing of any defect or deficiencies or other reason for the failure of the Operational Acceptance Tests. <p>27.6 The Supplier shall use all reasonable endeavors to promptly remedy any defect and/or deficiencies and/or other reasons for the failure of the Operational Acceptance Test that the Project Manager has notified the Supplier of. Once such remedies have been made by the Supplier, the Supplier shall notify NBP, and NBP, with the full cooperation of the Supplier, shall use all reasonable endeavors to promptly carry out retesting of the network or technical equipment or hardware devices. Upon the successful conclusion of the Operational Acceptance Tests, the Supplier shall notify NBP of its request for Operational Acceptance certification, Following GCC clause 27.3.3. NBP shall then issue the Operational Acceptance certification to the Supplier Following GCC clause 27.3.3 (a) or shall notify the Supplier of further defects, deficiencies, or other reasons for the failure of the Operational Acceptance Test.</p> <p>27.7 The procedure set out in this GCC clause 27.3.4 shall be repeated, as necessary, until an Operational Acceptance certificate is issued.</p> <p>27.7.1 If the technical solution provided fails to pass the Operational Acceptance Test(s) Following GCC clause 27.2, then NBP may consider terminating the Contract, according to GCC clause 41.2.2.</p>

F. Guarantees and Liabilities

<p>28</p>	<p>Operational Acceptance Time Guarantee</p>	<p>28.1 The Supplier guarantees that it shall supply, and complete the Installation and Commissioning of the System (or Subsystems if specified in the Contract), material/Plastic and achieve Operational Acceptance of the System (or Subsystems, if specified in the Contract) within the periods specified in the implementation schedule in the Technical Requirements section and/or the Finalized Project Plan pursuant to GCC clause 8.2, or within such extended time to which the Supplier shall be entitled under GCC clause 40 (Extension of Time for Achieving Operational Acceptance).</p> <p>28.2 If the Supplier fails to supply standard material/stationary, install, commission, and achieve Operational Acceptance of the System (or Subsystems if specified in the Contract Agreement) within the time for achieving Operational Acceptance specified in the implementation schedule in the Technical Requirement or the Finalized Project Plan, or any extension of the time for achieving Operational Acceptance previously granted under GCC clause 40 (Extension of Time for Achieving Operational Acceptance), the Supplier shall pay to NBP, liquidated damages at the rate specified in the SCC as a percentage of the Contract Price, or the relevant part of the Contract Price if a Subsystem has not achieved Operational Acceptance.</p> <p>28.3 The aggregate amount of such liquidated damages shall not exceed the amount specified in the Contract Agreement (if any). Once the maximum (if any) is reached, NBP may consider termination of the Contract Agreement, pursuant to GCC clause 41.2.2.</p> <p>28.4 Unless otherwise specified in the SCC or the Contract Agreement, liquidated damages payable under GCC clause 28.2 shall only apply to the failure to achieve Operational Acceptance of the System (and Subsystems) as specified in the implementation schedule in the Technical Requirements and/or Finalized Project Plan. This clause 28.3 shall not limit any other rights or remedies that NBP may have under the Contract Agreement for other delays.</p> <p>28.5 The payment of liquidated damages shall not in any way relieve the Supplier from any of its obligations to complete the System or from any of its other obligations and liabilities under the Contract Agreement.</p>
<p>29</p>	<p>Defect Liability</p>	<p>29.1 The Supplier warrants that the provided technical solution along with the materials, and other Goods supplied, and Services provided, shall be free from defects in design, engineering, Materials, and workmanship that prevent the System and/or any of its components from fulfilling the Technical Requirements or that limits, in a material fashion, the performance, reliability, or extensibility of the System and/or Subsystems. Exceptions and/or limitations, if any, to this warranty concerning hardware or technical equipment, shall be as specified in the SCC. Commercial warranty provisions of products supplied under the Contract Agreement shall apply to the extent that they do not conflict with the provisions of this Contract Agreement.</p> <p>29.2 The Supplier also warrants that the Information Technologies, Materials, and other Goods supplied under the Contract Agreement are new, unused, and incorporate all recent improvements in design that materially affect the System's or Subsystem's ability to fulfill the Technical Requirements.</p> <p>29.3 In addition, the Supplier warrants that:</p>

		<p>a) all hardware components to be incorporated into the System form part of the Supplier's and/or Subcontractor's current product lines,</p> <p>b) they have been previously released to the market, and</p> <p>c) those specific items identified in the SCC (if any) have been in the market for at least the minimum periods specified in the SCC.</p> <p>29.4 The Warranty Period shall commence from the date of Operational Acceptance of the System (or of any major component or Subsystem for which separate Operational Acceptance is provided for in the Contract Agreement) and shall extend for the length of time specified in the SCC and the Contract Agreement.</p> <p>29.5 If during the Warranty Period, any defect as described in GCC clause 29.1 should be found in the design, engineering, Materials, and workmanship of the provided technical solution and other hardware supplied or of the Services provided by the Supplier, the Supplier shall promptly, in consultation and agreement with NBP regarding appropriate remedying of the defects, and at its sole cost, repair, replace, or otherwise make good, such defect as well as any damage to the System caused by such defect. Any defective technical solution or other hardware that has/have been replaced by the Supplier shall remain the property of the Supplier.</p> <p>29.6 The Supplier shall not be responsible for the repair, replacement, or making good of any defect, or of any damage to the System arising out of or resulting from any of the following causes:</p> <p>a) Improper operation or maintenance of the System by NBP.</p> <p>b) Normal wear and tear.</p> <p>c) Use of the System with items not supplied by the Supplier, unless otherwise identified in the Technical Requirements, or approved by the Supplier; or</p> <p>d) Modifications made to the System by NBP, or a third party, not approved by the Supplier.</p> <p>29.7 The Supplier's obligations under this GCC clause 29 shall not apply to:</p> <p>a) Any materials that are normally consumed in operation or have a normal life shorter than the Warranty Period; or</p> <p>b) Any designs, specifications, or other data designed, supplied, or specified by or on behalf of NBP or any matters for which the Supplier has expressly disclaimed responsibility, Following GCC clause 21.1.2 and in the Contract Agreement.</p> <p>29.8 NBP shall promptly notify the Supplier of a defect following the discovery of such defect, stating the nature of any such defect together with all available evidence. NBP shall afford all reasonable opportunities for the Supplier to inspect any such defect. The NBP shall afford the Supplier all necessary access to the System and the Project Site to enable the Supplier to perform its obligations under this GCC clause 29.</p> <p>29.9 The Supplier may, with NBP's consent, remove from the Project Site, any technical solution and other hardware or technical equipment that are defective, if the nature of the defect, and/or any damage to the System caused by the defect, is such that repairs cannot be expeditiously carried out at the Project Site. If the repair, replacement, or making good is of such a character that it may affect the efficiency of the System, NBP may give the Supplier notice requiring tests of the</p>

		<p>defective part to be made by the Supplier immediately upon completion of such remedial work, whereupon the Supplier shall carry out such tests.</p> <p>29.10 If such part fails the tests, the Supplier shall carry out further repair, replacement, or making good (as the case may be) until that part of the System passes such tests. The tests shall be agreed upon by the NBP and the Supplier.</p> <p>29.11 If the Supplier fails to commence the work necessary to remedy such defect or any damage to the System caused by such defect within the time period specified in the SCC, NBP may, following notice to the Supplier, proceed to do such work or contract a third party (or parties) to do such work, and the reasonable costs incurred by NBP in connection with such work shall be paid to NBP by the Supplier or may be deducted by NBP from any due payment to the Supplier or claimed under the Performance Security.</p> <p>29.12 If the System or Subsystem cannot be used by reason of such defect and/or making good of such defect, the Warranty Period for the System shall be extended by a period equal to the period during which the System or Subsystem could not be used by NBP because of such defect and/or making good of such defect.</p> <p>29.13 Items substituted for defective parts of the System during the Warranty Period shall be covered by the defect liability warranty for the remainder of the Warranty Period applicable for the part replaced or three (3) Months, whichever is greater. At the request of NBP and without prejudice to any other rights and remedies that NBP may have against the Supplier under the Contract Agreement, the Supplier will offer all possible assistance to NBP to seek warranty services or remedial action from any subcontracted third-party producers or licensors of Goods included in the System, including without limitation assignment or transfer in favor of NBP of the benefit of any warranties given by such producers or licensors to the Supplier.</p> <p>29.14 The Supplier guarantees that once the Operational Acceptance Certificate(s) has been issued, the System represents a complete, integrated solution to NBP's requirements set forth in the Technical Requirements and it conforms to all other aspects of the Contract Agreement. The Supplier acknowledges that GCC clause 27 regarding Commissioning and Operational Acceptance governs how technical conformance of the System to the Contract Agreement requirements will be determined.</p> <p>29.15 If, for reasons attributable to the Supplier, the System does not conform to the Technical Requirements or does not conform to all other aspects of the Contract Agreement, the Supplier shall at its cost and expense make such changes, modifications, and/or additions to the System as may be necessary to conform to the Technical Requirements and meet all functional and performance standards. The Supplier shall notify NBP upon completion of the necessary changes, modifications, and/or additions and shall request NBP to repeat the Operational Acceptance Tests until the System achieves Operational Acceptance.</p> <p>29.16 If the System (or Subsystem(s)) fails to achieve Operational Acceptance, NBP may consider termination of the Contract Agreement, pursuant to GCC clause 41.2.2, and forfeiture of the Supplier's performance security as compensation for the extra costs and delays likely to result from this failure.</p>

30	Functional Guarantee	<p>30.1 The Supplier guarantees that once the Operational Acceptance Certificate(s) has been issued, the System/supply of material to NBP's requirements set forth in the Technical Requirements conforms to all other aspects of the Contract Agreement. The Supplier acknowledges that GCC clause 27 regarding Commissioning and Operational Acceptance governs how technical conformance of the System, and Material to the Contract Agreement requirements will be determined.</p> <p>30.2 If, for reasons attributable to the Supplier, the System does not conform to the Technical Requirements or does not conform to all other aspects of the Contract Agreement, the Supplier shall at its cost and expense make such changes, modifications, and/or additions to the System as may be necessary to conform to the Technical Requirements and meet all functional and performance standards. The Supplier shall notify NBP upon completion of the necessary changes, modifications, and/or additions and shall request NBP to repeat the Operational Acceptance Tests until the System achieves Operational Acceptance.</p> <p>30.3 If the System (or Subsystem(s)) fails to achieve Operational Acceptance, NBP may consider termination of the Contract Agreement, pursuant to GCC clause 41.2.2, and forfeiture of the Supplier's performance security as compensation for the extra costs and delays likely to result from this failure.</p>
31	Intellectual Property Rights Warranty	<p>31.1 The Supplier hereby represents and warrants that:</p> <ul style="list-style-type: none"> a) The System. Material, and inventory as supplied, installed, tested, and accepted. b) Use of the System Following the Contract Agreement; and c) Copying of the Software and Materials provided to NBP Following the Contract Agreement; do not and will not infringe any Intellectual Property Rights held by any third party, and that it has all necessary rights or at its sole expense shall have secured in writing all transfers of rights and other consents necessary to make the assignments, licenses, and other transfers of Intellectual Property Rights and the warranties set forth in the Contract Agreement, and for NBP to own or exercise all Intellectual Property Rights as provided in the Contract Agreement. Without limitation, the Supplier shall secure all necessary written agreements, consents, and transfers of rights from its employees and other persons or entities whose services are used for the development of the System.
32	Intellectual Property Rights Indemnity	<p>32.1 The Supplier shall indemnify and hold harmless NBP and its employees and officers from and against any or all losses, liabilities, and costs (including losses, liabilities, and costs incurred in defending a claim alleging such a liability), that NBP or its employees or officers may suffer as a result of any infringement or alleged infringement of any Intellectual Property Rights because of:</p> <ul style="list-style-type: none"> a) installation of the System by the Supplier or the use of the System, including the Materials, in the country where the Project Site is located. b) copying of the Software and Materials provided by the Supplier Following the Contract Agreement or any agreement with the Supplier relating to licensing; and c) sale of the products produced by the System in any country, except to the extent that such losses, liabilities, and costs arise as a result of the NBP 's

		<p>breach of GCC clause 32.2.</p> <p>32.2 Such indemnity shall not cover any use of the System, including the Materials, other than for the purpose reflected in the Contract Agreement, any infringement resulting from the use of the System, or any products of the System produced thereby in association or combination with any other goods or services not supplied by the Supplier, where the infringement arises because of such association or combination and not because of use of the System in its own right.</p> <p>32.3 Such indemnities shall also not apply if any claim of infringement:</p> <ol style="list-style-type: none"> a) is a direct result of a design mandated by NBP's Technical Requirements and the possibility of such infringement has been notified in writing to NBP in the Supplier's Bid; or b) Results from the alteration of the System, including the Materials without authorization of the Supplier, by NBP or any persons other than the Supplier or a person authorized by the Supplier. <p>32.4 If any proceedings are brought or any claim is made against NBP arising out of the matters referred to in GCC clause 32.1, NBP shall promptly notify the Supplier of such proceedings or claims, and the Supplier may at its own expense and in NBP's name conduct such proceedings or claim and any negotiations for the settlement of any such proceedings or claim.</p> <p>32.5 If the Supplier fails to notify its intention to conduct any such proceedings or claims to NBP within twenty-eight (28) Days after receipt of such notice, then NBP shall be free to conduct the same on its own behalf. Unless the Supplier fails to notify NBP within twenty-eight (28) Days, NBP shall make no admission that may be prejudicial to the defense of any such proceedings or claim. NBP shall, at the Supplier's request, provide all available assistance to the Supplier in conducting such proceedings or claims and shall be reimbursed by the Supplier for all reasonable expenses incurred in doing so.</p> <p>32.6 NBP shall indemnify and hold harmless the Supplier and its employees, officers, and Subcontractors from and against any and all losses, liabilities, and costs (including losses, liabilities, and costs incurred in defending a claim alleging such a liability) that the Supplier may suffer as a result of any infringement or alleged infringement of any Intellectual Property Rights arising out of or in connection with any design, data, drawing, specification, or other documents or materials provided to the Supplier in connection with the Contract Agreement by NBP or any persons (other than the Supplier) contracted by NBP, except to the extent that such losses, liabilities, and costs arise as a result of the Supplier's breach of GCC clause 32.8.</p> <p>32.7 Such indemnity shall not cover any use of the design, data, drawing, specification, or other documents or materials, other than for the purpose indicated by or to be reasonably inferred from the Contract Agreement, or any infringement resulting from the use of the design, data, drawing, specification, or other documents or materials, or any products produced thereby, in association or in combination with any other Goods or Services not provided by NBP or any other person contacted by NBP, where the infringement arises because of such association or combination and not because of the use of the design, data, drawing, specification, or other documents or materials in its own right.</p> <p>32.8 Such indemnities shall also not apply:</p>

34	Transfer of Ownership	<p>34.1 Unless provided otherwise in the Contract Agreement, with the exception of Software and Materials, the ownership of the technical solution and other Goods shall be transferred to NBP at the time of Delivery or otherwise under terms that may be agreed upon and specified in the Contract Agreement.</p> <p>34.2 The ownership and terms of usage of the Software and Materials supplied under the Contract shall be governed by GCC clause 15 (Copyright) and any elaboration in the Technical Requirements.</p> <p>34.3 Unless provided otherwise in the Contract Agreement the ownership of the Supplier's Equipment used by the Supplier and its Subcontractors in connection with the Contract Agreement shall remain with the Supplier or its Subcontractors.</p>
----	-----------------------	---

<p>35</p>	<p>Care of the System</p>	<p>35.1 NBP shall become responsible for the care and custody of the System or Subsystems, material, and Inventory upon their Delivery. NBP shall make good at its own cost any loss or damage that may occur to the System or Subsystems due to any reason from the date of Delivery until the date of Operational Acceptance of the System or Subsystems, pursuant to GCC clause 27 (Commissioning and Operational Acceptance), except for such loss or damage arising from acts or omissions of the Supplier, its employees, or Subcontractors.</p> <p>35.2 NBP shall pay to the Supplier all sums payable in respect of the System or Subsystems that have achieved Operational Acceptance, notwithstanding that the same be lost, destroyed, or damaged. If NBP requests the Supplier in writing to make good any loss or damage to the System thereby occasioned, the Supplier shall make good the same at NBP's cost Following GCC clause 39. If NBP does not request the Supplier in writing to make good any loss or damage to the System thereby occasioned,</p> <p>35.3 NBP shall either request a change Following GCC clause 39, excluding the performance of that part of the System thereby lost, destroyed, or damaged, or, where the loss or damage affects a substantial part of the System, NBP shall terminate the Contract Agreement.</p> <p>35.4 NBP shall be liable for any loss of or damage to the Supplier's Equipment which (if) NBP has authorized to locate within NBP's premises for use in fulfillment of the Supplier's obligations under the Contract Agreement, except where such loss or damage arises from acts or omissions of the Supplier, its employees, or Subcontractors.</p>
<p>36</p>	<p>Loss of or Damage to Property; Accident or Injury to Workers; Indemnification</p>	<p>36.1 The Supplier and each and every Subcontractor shall abide by the job safety, insurance, customs, and immigration measures prevalent and laws in force in Pakistan. 37	Insurance	<p>37.1 The Supplier shall at its expense take out and maintain in effect or cause to be taken out and maintained in effect, during the performance of the Contract Agreement, the insurance set forth below. The identity of the insurers and the form of the policies shall be subject to the approval of NBP, which approval shall not be withheld unreasonably.</p> <p>37.2 Cargo Insurance During Transport: As applicable, 110 percent of the price of the technical solution or hardware or technical equipment and other Goods in a freely convertible currency, covering the Goods from physical loss or damage during shipment through receipt at the Project Site.</p> <p>37.3 Installation "All Risks" Insurance: As applicable, 110 percent of the price of the technical solution or hardware or technical equipment and other Goods covering the Goods at the site from all risks of physical loss or damage (excluding perils commonly excluded under "all risks" insurance policies of this type by reputable insurers) occurring prior to Operational Acceptance of the System.</p> <p>37.4 Third-Party Liability Insurance: On terms, as specified in the SCC, covering bodily injury or death suffered by third parties (including NBP's personnel) and loss of or damage to property (including NBP 's property and any Subsystems that have been accepted by NBP) occurring in connection with the supply and installation of the technical solution or hardware or technical equipment.</p> <p>37.5 Automobile Liability Insurance: In accordance with the statutory requirements prevailing in Pakistan, covering the use of all vehicles used by the Supplier or its Subcontractors (whether or not owned by them) in connection with the performance of the Contract Agreement.</p> <p>37.6 Other Insurance (if any), as specified in the SCC or the Contract Agreement</p> <p>37.7 NBP shall be named as co-insured under all insurance policies taken out by the Supplier pursuant to GCC clause 37.1, except for the Third-Party Liability, and the Supplier's Subcontractors shall be named as co-insured (subject to the Subcontractors having an insurable interest) under all insurance policies taken out by the Supplier pursuant to GCC clause 37.1 except for Cargo Insurance During Transport. All insurers' rights of subrogation against such co-insured for losses or claims arising out of the performance of the Contract Agreement shall be waived under such policies.</p> <p>37.8 The Supplier shall deliver to NBP certificates of insurance (or copies of the insurance policies) as evidence that the required policies are in full force and effect.</p> <p>37.9 The Supplier shall ensure that, where applicable, its Subcontractor(s) shall take out and maintain in effect adequate insurance policies for their personnel and vehicles and work executed by them under the Contract Agreement, unless such Subcontractors are covered by the policies taken out by the Supplier.</p> <p>37.10 If the Supplier fails to take out and/or maintain in effect the insurance referred to in GCC clause 37, NBP may take out and maintain in effect any such insurance and may from time to time deduct from any amount due the Supplier under the Contract Agreement, any premium that NBP shall have paid to the insurer or may otherwise recover such amount as a debt due from the Supplier.</p> <p>37.11 Unless otherwise provided in the Contract Agreement, the Supplier shall prepare</p>

		<p>and conduct all and any claims made under the policies affected by it pursuant to this GCC clause and all money payable by any insurers shall be paid to the Supplier. NBP shall give the Supplier all such reasonable assistance as may be required by the Supplier in connection with any claim under the relevant insurance policies. With respect to insurance claims in which NBP's interest is involved, the Supplier shall not give any release or make any compromise with the insurer without the prior written consent of NBP. With respect to insurance claims in which the Supplier's interest is involved, NBP shall not give any release or make any compromise with the insurer without the prior written consent of the Supplier</p>
38	Force Majeure	<p>38.1 Force Majeure" shall mean any event beyond the reasonable control of NBP or of the Supplier, as the case may be, and which is unavoidable notwithstanding the reasonable care of the party affected and shall include, without limitation, the following:</p> <ul style="list-style-type: none"> a) War, hostilities, warlike operations (whether a state of war is declared or not), invasion, the act of a foreign enemy, and civil war. b) Rebellion, revolution, insurrection, mutiny, usurpation of the civil or military government, conspiracy, riot, civil commotion, and terrorist acts. c) Confiscation, nationalization, mobilization, commandeering, or requisition by or under the order of any government or de jure or de facto authority or ruler, or any other act or failure to act, of any local state or national government authority. d) Epidemics, quarantine, and plague. e) Earthquakes, landslides, volcanic activity, fire, flood or inundation, tidal wave, typhoon or cyclone, hurricanes, storms, lightning, or other inclement weather conditions, nuclear and pressure waves, or other natural or physical disasters. <p>38.2 If either party is prevented, hindered, or delayed from performing any of its obligations under the Contract Agreement by an event of Force Majeure, then it shall notify the other in writing of the occurrence of such event and the circumstances of the event of Force Majeure within fourteen (14) Days after the occurrence of such event.</p> <p>38.3 The party who has given such notice shall be excused from the performance or punctual performance of its obligations under the Contract Agreement for so long as the relevant event of Force Majeure continues and to the extent that such party's performance is prevented, hindered, or delayed. The time for achieving Operational Acceptance shall be extended Following GCC clause 40 (Extension of Time for Achieving Operational Acceptance).</p> <p>38.4 The party or parties affected by the event of Force Majeure shall use reasonable efforts to mitigate the effect of the event of Force Majeure upon its or their performance of the Contract Agreement and to fulfill its or their obligations under the Contract Agreement but without prejudice to either party's right to terminate the Contract Agreement under GCC clause 38.6.</p> <p>38.5 No delay or nonperformance by either party to this Contract Agreement caused by the occurrence of any event of Force Majeure shall:</p> <ul style="list-style-type: none"> a) Constitute a default or breach of the Contract Agreement. b) Subject to GCC clauses 35.2, 38.3, and 38.4, give rise to any claim for damages or additional cost or expense occasioned by the delay or nonperformance; if,

H. Change in Contract Elements

39	Changes to the System	<p>39.1 Introducing a Change:</p> <ul style="list-style-type: none"> a) Subject to GCC clauses 39.2.5 and 39.2.7, NBP shall have the right to propose, and subsequently require, the Project Manager to order the Supplier from time to time during the performance of the Contract Agreement to make any change, modification, addition, or deletion to, in, or from the System (interchangeably called "Change"), provided that such Change falls within the general scope of the System, does not constitute unrelated work, and is technically practicable, taking into account both the state of advancement of the System and the technical compatibility of the Change envisaged with the nature of the System as originally specified in the Contract Agreement. b) A Change may involve, but is not restricted to, the substitution of updated technical solutions and related Services Following GCC clause 23 (Product Upgrades). <p>39.1.2 The Supplier may, from time to time during its performance of the Contract Agreement propose to NBP (with a copy to the Project Manager) any Change that the Supplier considers necessary or desirable to improve the quality or efficiency of the System. The NBP may at its discretion approve or reject any Change proposed by the Supplier.</p> <p>39.1.3 Notwithstanding GCC clauses 39.1.1 and 39.1.2, no change made necessary because of any default of the Supplier in the performance of its obligations under the Contract Agreement shall be deemed to be a Change, and such change shall not result in any adjustment of the time for Achieving Operational Acceptance.</p> <p>39.1.4 The procedure on how to proceed with and execute Changes is specified in GCC clauses 39.2 and 39.3, and further details and sample forms are provided in the Sample Forms section in the Bidding Documents.</p> <p>39.1.5 Moreover, NBP and the Supplier will agree, during the development of the Project Plan, to a date prior to the scheduled date for Operational Acceptance, after which the Technical Requirements for the System shall be "frozen." Any Change initiated after this time will be dealt with after Operational Acceptance.</p> <p>39.2 Changes Originating from NBP:</p> <p>39.2.1 If NBP proposes a Change pursuant to GCC clauses 39.1.1, it shall send to the</p>

		<p>Supplier a "Request for Change Proposal," requiring the Supplier to prepare and furnish to the Project Manager as soon as reasonably practicable a "Change Proposal," which shall include the following:</p> <ol style="list-style-type: none"> a) Brief description of the Change. b) Impact on the time for achieving Operational Acceptance. c) The detailed estimated cost of the Change. d) Effect on Functional Guarantees (if any). e) Effect on any other provisions of the Contract Agreement. <p>39.2.2 Prior to preparing and submitting the "Change Proposal," the Supplier shall submit to the Project Manager a "Change Estimate Proposal," which shall be an estimate of the cost of preparing the Change Proposal, plus a first approximation of the suggested approach and cost for implementing the changes. Upon receipt of the Supplier's Change Estimate Proposal, NBP shall do one of the following:</p> <ol style="list-style-type: none"> a) Accept the Supplier's estimate with instructions to the Supplier to proceed with the preparation of the Change Proposal. b) Advise the Supplier of any part of its Change Estimate Proposal that is unacceptable and request the Supplier to review its estimate. c) Advise the Supplier that NBP does not intend to proceed with the Change. <p>39.2.3 Upon receipt of NBP's instruction to proceed under GCC clause 39.2.2 (a), the Supplier shall, with the proper expedition, proceed with the preparation of the Change Proposal, Following GCC clause 39.2.1. The Supplier, at its discretion, may specify a validity period for the Change Proposal, after which, if NBP and the Supplier have not reached an agreement Following GCC clause 39.2.6, then GCC clause 39.2.7 shall apply.</p> <p>39.2.4 The pricing of any Change shall, as far as practicable, be calculated Following the rates and prices included in the Contract Agreement. If the nature of the Change is such that the Contract Agreement rates and prices are inequitable, the parties to the Contract Agreement shall agree on other specific rates to be used for valuing the Change.</p> <p>39.2.5 The Supplier shall give an initial estimate of the cost for the Change Proposal. This initial estimate shall be at no extra cost or fee to NBP. If the initial estimate of the cost of the Change Proposal increases the Contract Price as originally set forth in the Contract Agreement by more than fifteen (15) percent, the Supplier shall notify NBP of the said increase in the Contract Price. If NBP accepts the Supplier's notification, NBP shall withdraw the proposed Change and shall notify the Supplier in writing of its acceptance. The Supplier shall not under any circumstances proceed further in the matter until it has notified NBP as aforesaid and if the Supplier does proceed with such a Change Proposal, then it shall bear its own costs if NBP rejects the Change Proposal on the grounds that it exceeds 15 percent of the Contract Price.</p> <p>39.2.6 Upon receipt of the Change Proposal, NBP and the Supplier shall mutually agree upon all matters contained in the Change Proposal. NBP shall, if it intends to proceed with the Change, issue the Supplier a Change Order. If NBP is unable to reach a decision within a reasonable time, it shall notify the Supplier with details of when the Supplier can expect a decision. If NBP decides not to proceed</p>
--	--	---

		<p>with the Change for whatever reason, it shall notify the Supplier accordingly. Under such circumstances, the Supplier shall be entitled to reimbursement of all costs reasonably incurred by it in the preparation of the Change Proposal, provided that these do not exceed the amount given by the Supplier in its Change Estimate Proposal submitted Following GCC clause 39.2.2.</p> <p>39.2.7 If NBP and the Supplier cannot reach an agreement on the price for the Change, an equitable adjustment to the time for achieving Operational Acceptance, or any other matters identified in the Change Proposal, the Change will not be implemented. However, this provision does not limit the rights of either party under GCC clause 6 (Settlement of Disputes).</p> <p>39.2.8 Changes Originating from Supplier If the Supplier proposes a Change pursuant to GCC clause 39.1.2, the Supplier shall submit to the Project Manager, a written "Application for Change Proposal," giving reasons for the proposed Change and including the information specified in GCC clause 39.2.1. Upon receipt of the Application for Change Proposal, the parties shall follow the procedures outlined in GCC clauses 39.2.5, 39.2.6, and 39.2.7, except that the words "Change Proposal" shall be read, for the purposes of this GCC clause 39.3.1 as "Application for Change Proposal." However, should NBP choose not to proceed or NBP and the Supplier cannot come to an agreement on the change during any validity period that the Supplier may specify in its Application for Change Proposal, the Supplier shall not be entitled to recover the costs of preparing the Application for Change Proposal, unless specified otherwise in the Contract Agreement.</p>
40	Extension of Time for Achieving Operational Acceptance	<p>40.1 The time(s) for achieving Operational Acceptance specified in the implementation schedule shall be extended if the Supplier is delayed or impeded in the performance of any of its obligations under the Contract Agreement due to any of the following reasons:</p> <ul style="list-style-type: none"> a) Any Change in the System as provided in GCC clause 39 (Change in the Solution). b) Any occurrence of Force Majeure as provided in GCC clause 38 (Force Majeure); Default of NBP; or c) Any other matter specifically mentioned in the Contract Agreement; by such period as shall be fair and reasonable in all the circumstances and shall fairly reflect the delay or impediment sustained by the Supplier. <p>40.2 Except where otherwise specifically provided for in the Contract Agreement, the Supplier shall submit to the Project Manager a notice of a claim for an extension of time for achieving Operational Acceptance, together with particulars of the event or circumstance justifying such extension as soon as reasonably practicable after the commencement of such event or circumstance. As soon as reasonably practicable after receipt of such notice and supporting particulars of the claim, NBP and the Supplier shall agree upon the period of such extension. In the event that the Supplier does not accept NBP's estimate of a fair and reasonable time extension, the Supplier shall be entitled to refer the matter to the provisions for the Settlement of Disputes pursuant to GCC clause 6.</p> <p>40.3 The Supplier shall at all times use its reasonable efforts to minimize any delay in the performance of its obligations under the Contract Agreement.</p>
41	Termination	<p>41.1 Termination at NBP's convenience:</p>

		<p>41.1.1 NBP may at any time terminate the Contract Agreement for any reason by giving the Supplier a notice of termination that refers to this GCC clause 41.1.1.</p> <p>41.1.1 Upon receipt of the notice of termination under GCC clause 41.1.1, the Supplier shall either as soon as reasonably practical or upon the date specified in the notice of termination:</p> <ul style="list-style-type: none"> a) Cease all further work, except for such work as NBP may specify in the notice of termination for the sole purpose of protecting that part of the System already executed, or any work required to leave the site in a clean and safe condition. b) Terminate all subcontracts, except those to be assigned to NBP pursuant to GCC clause 41.1.2 (d) (ii) below. c) Remove the Supplier's Equipment other than the Card hosting system/Card Management system & its allied Software and hardware from the site in its entirety, repatriate the Supplier's and its Subcontractors' personnel from the site, remove from the site any wreckage, rubbish, and debris of any kind. d) In addition, the Supplier, subject to the payment specified in GCC clause 41.1.3, shall: <ul style="list-style-type: none"> i) Deliver to NBP, the parts of the System, any material, or stationary executed by the Supplier up to the date of termination. ii) To the extent legally possible, assign to NBP all rights, title, and benefit of the Supplier to the System, or Subsystem, as at the date of termination, and, as may be required by NBP, in any subcontracts concluded between the Supplier and its Subcontractors. iii) Deliver to NBP all non-proprietary drawings, specifications, and other documents prepared by the Supplier or its Subcontractors as of the date of termination in connection with the System. <p>41.1.3 In the event of termination of the Contract Agreement under GCC clause 41.1.1, NBP shall pay to the Supplier the Contract Price, properly attributable to the parts of the System executed by the Supplier as of the date of termination.</p> <p>41.2 Termination for Supplier's Default:</p> <p>41.2.1 NBP, without prejudice to any other rights or remedies it may possess, may terminate the Contract Agreement forthwith in the following circumstances by giving a notice of termination and its reasons to the Supplier, referring to this GCC clause 41.2:</p> <ul style="list-style-type: none"> a) If the Supplier becomes bankrupt or insolvent, has a receiving order issued against it, compounds with its creditors, or, if the Supplier is a corporation, a resolution is passed or an order is made for its winding up (other than a voluntary liquidation for the purposes of amalgamation or reconstruction), a receiver is appointed over any part of its undertaking or assets, or if the Supplier takes or suffers any other analogous action in consequence of debt; b) If the Supplier assigns or transfers the Contract Agreement or any right or interest therein in violation of the provision of GCC clause 42 (Assignment); or c) if the Supplier, in the judgment of NBP, has engaged in corrupt or fraudulent practices in competing for or in executing the Contract Agreement, including but not limited to willful misrepresentation of facts concerning ownership of Intellectual Property Rights in, or proper

7. Technical Specification/Requirements (Section VII)

#	Requirements (Supporting Documents Substantiating Validity Of All Statements Must Be Submitted)	Priority	Availability Response	Bidder Response and/or proposal Reference (Section/Page No.)
			(Y/N)	
1	Bidder Qualification Requirement			
1.02	Bidder Should provide copy of valid NTN/STN and Active Tax Payer Certificates	High		
1.03	Bidder should provide valid SECP Certificate of registration / incorporation, showing that the company is in the similar kind of business in Pakistan for at least five (05) years	High		
1.04	Bidder should have offices/presence in major cities of Pakistan (such as Karachi, Lahore and Islamabad/Rawalpindi). Bidder should provide an undertaking on legal paper that it would provide maintenance support in areas where proposed CDMs will be deployed countrywide.	High		
1.05	Bidder should provide audited Profit & Loss (Income Statement) showing sales volume / net revenues of the company at least Rs. 300 Million for the last three (03) years	High		
1.06	Bidder should provide an undertaking on Legal paper stating that "Bidder's company is not involved in any kind of lawsuits, instances of misspelling/misprocurement, bankruptcy cases either current or pending in Pakistan.	High		
1.07	Bidder should provide copies of purchase order/ work order for the supply & installation of at least 200 CDMs with warranty and maintenance / support services locally/internationally within last 5 years.	High		
2	Product Hardware Requirements			

2.00	Bidder to provide evidence of <u>valid</u> SBP certification for the proposed CDMs.	High		
2.01	Bidder should propose original and brand new CDMs in accordance with the quantities mentioned in TECHNICAL EVALUATION CRITERIA SECTION VII - BOQ with the following below mentioned features. Original / Copy of proposed product datasheet/brochure etc. shall be provided along with the technical proposal which clearly identifies each of the below mentioned requirements.	High		
2.02	Bulk Note Acceptance with capacity of kminimum 200 notes per transaction.	High		
2.03	Acceptor should be programmable with Escrow Functionality	High		
2.04	Acceptance of all denominations i.e. Rs.10, Rs.20, Rs.50, Rs.100, Rs.500, Rs.1000 and Rs.5000.	High		
2.05	Should have template for all new variants of all denominations.	High		
2.06	Regular updating of the software to support all new variants of currency notes as well as new denominations, if any, issued subsequently (without any extra cost to the Bank).	High		
2.07	Lockable storage capacity of minimum 10,000 notes where locks should be unique			
2.08	Should not accept; <ul style="list-style-type: none"> · Counterfeit/Fake notes (0% Counterfeit Acceptance Guaranteed) · Tampered notes. · Serial number mismatched notes. · Oily/burned, graphical & taped notes. · Cut, damaged & torn Notes. (Must Have 95%+ Acceptance Rate) 	High		
2.09	Should have capability to track the depositor for currency notes preferably with;	High		
2.09a	Recognition of the serial nos. of individual currencies.	High		

2.09b	Storing & passing on image data for later processing.	High		
2.10	Integrated HD Cameras at cashin slot and escrow/reject with ability to capture transaction-based image of the user and should support video conferencing	High		
2.11	The proposed Fingerprint Scanner (Biometric Device) should also be capable for Live Finger Detection feature.	High		
2.12	CDM software should be capable to share biometric image as per NADRA approved format to banks	High		
2.13	CDM software should have the capability to connect via API AND/OR NDC for all the existing industry transactions but not limited to Cash Deposit, Cheque Deposit, Utility Bill Payment, Government Payments	High		
3	System Hardware Specification			
3.01	Industrial Grade Intel based System (minimum i5 or higher) running on Windows 10 or higher.	High		
3.02	System proccesser should be Minimum i5 or above processor	High		
3.03	Proposed model should be equipped with Built-In Mic and Speaker	High		
3.04	Proposed model should be with Minimum 500 GB Storage & 8 GB RAM	High		
3.05	Kiosk Display should be larger than 18 inch Interactive touchscreen/multi touch & On-screen keyboard	High		
3.06	Kiosk should be with minimum 40 column Thermal Printer for customer receipts and summary detail prints	High		
3.07	Sensors should be available with every lock along with availability of alert intimation mechanism as per bank requirement.	High		

3.08	Body to be scratch resistant to handle daily wear and tear & No exposed screws and sharp edges.	High		
3.09	Kiosk should have support for Bolting to safeguard against Ram-Raid Attacks	High		
3.10	Secured wiring for maximum user safety and kiosk hardware protection.where	High		
3.11	All security Locks should be unique (Upper fascia, front door, safe/vault door, etc.)	High		
3.12	Minimum 12.7mm or above Secure Vault with dual combination lock and key plus tampering detection sensors	High		
3.13	All devices must be optimally located and secured, with easy serviceability.	High		
3.14	Kiosk should have capability for underground wiring to support concealed wiring model	High		
4	Application Software Requirement			
4.01	The Application Software must be capable of generating formats acceptable to Bank Core banking system for Integration purpose where required	High		
4.02	KIOSK Application software should be Compliant with PCI applicable terms	High		
4.03	Kiosk application should be capable to communicate using TLS 1.2 (or above) to central server. Note "all the communication between CDM and switch/controller should be encrypted with latest certificate".	High		
4.04	Day end summary/clearance summary should have complete details of denomination wise summary should be available on-Screen/Printed form when requested at terminal	High		
4.05	Touch-Screen based menu-driven Application Software.	High		
4.06	Maintenance of log for all transactions between CDM and Integrated systems	High		

4.07	Capable of remotely managing the CDM transactions.	High		
4.08	Component level health monitoring like Hardware's, Printer, Cash Acceptor etc.	High		
4.09	Integration should consist of: <ul style="list-style-type: none"> · Validate Status of A/C – should not accept in Dormant / In operative or Stopped A/C. · Display of Title of the Account. · Tally of Amount entered with the actual Currency received in Kiosk. · Should not accept the amount more than pre-defined limit. · Instant Credit in Customer A/C to be provided. 	High		
4.10	On Screen user conveyebt Manitenance Mode - Operatable via TouchScreen	High		
4.11	Security Application must have capability of preventing from zero day attack or unpublished malware and threats and have process based permission policies.			
4.12	CDM should be equipped with Security Application which already exist in NBP environment to prevent from unauthorized access in CDMs and also should prevent CDMs from any malware and logical attack. Quoted software should prevent from all existing vulnerabilities. Deposit module and peripherals shall have secure authentication and system binding to ensure only trusted devices communicate to prevent unauthorized access. Annexed IS Checklist to be filled and submitted.			
4.13	Security Application should be capable of handling operational activities over CDM without exposing any vulnerability which can impact later.			
4.14	Security application should have the capability to encrypt hard disk. The solution should be capable to encrypt hard disk from centralized location.			

4.15	CDM should be equipped with EJ and Camera application.			
4.16	CDM should support full featured Electronic Journal (EJ) capability enabled soft copy formats and also available on centralize platform			
4.17	EJ and Camera solution should generate report in NBP's required format. EJ and image should appear in single report to perform reconciliation activity and facilitate banks reconciliation department in case of any claim.			
4.18	CDM should have the capacity for the central storing & retrieval mechanism of EJ at NBP Primary & Backup sites. Full details of the solution to be provided.			
5	Centralize Platform & Reporting			
5.01	Summary of Notes Calculated details: Number of Inserted Notes, Rejected Notes, Accepted Notes, Total Notes Stacked, Total Value of Notes Stacked. The centralized platform shall have the capability to control denomination acceptance and restriction across the CDM network.	High		
5.02	Centralized Remote Monitoring and Management of component level health monitoring reports of the system like Printer, Bio Scanner, Cash Acceptor, Network	High		
5.03	Centralized Monitoring of end point protection over terminal	High		
5.04	Day end summary / Clearance summary should have complete details of all transactions (approved or decline) and denomination wise summary.	High		
5.05	Alerting Mechanism over Email & SMS for ; Device and Supply warnings and Failure Safe Door Alerts, Any other critical instance	High		
5.06	Monitoring Application should allow the collection and reporting of installed software,	High		

	firmware, hardware and monitoring their changes including device lifecycle management.			
5.07	Monitoring Application should support remote access facility for management of CDMs.	High		
5.08	Monitoring / security application should have the capability of update bios password remotely.	High		
6	Security & Compliance	High		
6.01	OS level hardening with Bank's baseline security standards	High		
6.02	Vendor shall ensure that Solution including subsequent patch, hotfixes and upgrades are also free from malicious code. Need to submit vulnerability assessment from recognized assessor	High		
6.03	Vendor must ensure that the solution is protected from known vulnerabilities.	High		
6.04	Vendor shall share the minimum-security requirements for the proposed solution in order to whitelist the required applications/software/parts/protocols	High		
6.05	Vendor shall ensure that system is capable of identify, block, log and generate alert for Forged/manipulated requests received from CDM machines.	High		
6.06	Vendor must ensure that the solution is capable of collecting event log from CDM machines to central system and sending security event logs from central console to SIEM for monitoring in prescribed format	High		
6.07	Vendor shall apply strong cryptography algorithms to ensure encryption of sensitive data at rest or in transit	High		
6.08	Vendor shall provide centralized management solution, capable of performing routine tasks in secure and auditable manners.	High		

6.09	Vendor shall ensure that all sensitive information and customer PII shall stored in encrypted format in database.	High		
6.10	Bidder to provide undertaking that all provided service will be in compliance with the SBP regulations, required from time to time	High		
6.11	Solution including equipment / applications / software and sub components of system shall comply with bank's respective security baselines, secure coding practices, security best practices and guidelines.	High		
6.12	Security Application must have capability to manage security policies from Centralized location i.e. passwords, permissions, authorize processes.	High		
6.13	Bidder to provide undertaking that all recommended controls will be in compliance with the Cyber Threat Advisories related to ATMs/CDMs issued by SBP i.e., regulator time to time by including below ones wherever applicable. <ul style="list-style-type: none"> • Cyber Threat Advisory: ATM Attacks Counter Measures, issued on November 23, 2021 • Advisory 8.3: Advisory Related to ATM Jackpotting Logical Attacks, issued on November 29, 2021 • Cyber Threat Advisory 8.3: ATM Logical Attacks, issued on December 7, 2021 • Cyber Threat Advisory 8.5: Controls for prevention of ATM Logical Attacks, issued on December 22, 2021 etc. 	High		
6.14	End to end communication between CDM and Switch shall be encrypted.	High		
7	Installation & Training Requirements

8. Technical Evaluation Criteria (Section-VIII)

The bids/proposals with all complete documents will be evaluated as follows:

1. All bidders are required to submit filled, correct, and complete SPECIFICATIONS/REQUIREMENTS (SECTION VII). If the bidder fails to do so, its bid will be considered rejected.
2. **All bidders are also requested to affix their company's stamp and signature on each page of the submitted SBD.** If the bidder fails to do so, its bid will be considered rejected.
3. All bidders are required to propose a single solution brand/model/latest version OR subsequent upgraded to NBP as any other alternate or additional brands/models will not be considered for evaluation, and such bid will be considered as rejected. Only upgraded models will be acceptable at the time of delivery. This clause will serve as a floor.
4. If any bidder includes proposed solution financial details (i.e., price, cost, bid security amount, etc.) in its TECHNICAL PROPOSAL or response to any NBP clarification query during the evaluation of the technical proposal, its bid will be considered rejected.
5. The evaluation of solution functional requirements mentioned in SPECIFICATIONS/REQUIREMENTS (SECTION-VII) with **"Priority (High/Low)"** is evaluated as follows:
 - a. For evaluation purposes, a desired response of only "Y"/ "Yes" or "N"/ "No" is required in the availability column for all technical requirements (mentioned in SPECIFICATIONS/REQUIREMENTS (SECTION-VII)).
 - b. All technical requirements with "High" Priority must be answered as "Y" or 'Yes.' If the bidder responds 'N' or 'No' against any of such "High" Priority requirements, its bid will be considered as technically disqualified and will be rejected.
 - c. All technical requirements with 'Low' Priority can be answered as 'Y,' 'Yes,' 'N,' and 'No' as these requirements will not be considered for evaluation. If the bidder responds 'N' or 'No' against any of the "Low" Priority requirements, its bid will not be considered as rejected.
 - d. For all 'High' priority technical requirements against which Bidder is responding "Y," the bidder should specify the proper reference of the proposal in the reference/substantiation column. NBP may ask for any other additional documentary evidence against any requirement that must be provided by the Bidder during the period of evaluation. Bidders should respond to such requests within the timeframe indicated in the letter/e-mail seeking the explanation. Failing to provide the reference, its bid will be considered as technically disqualified and will be rejected.
 - e. For all requirements against which Bidder is not providing any response (i.e., an empty availability cell or an availability cell with a response other than "Y"/"Yes" or 'N"/"No'), NBP will first check that against such requirements proper reference documents have been provided or not in the submitted bid. If a reference document is found, then NBP asks for clarification from the bidder about its response, however, if the reference document is also not found, then the response of the bidder shall be considered as 'No', and its bid will be considered as rejected.
 - f. The bidders are required to include the price of all requirements with 'High' priority where the response is 'Y' in its financial proposal as the price mentioned in the financial proposal will be considered as final and cannot be varied in any case after the submission of the bid.
 - g. 'Low' priority requirements that shall be responded to 'Y' by the bidder shall be treated as complimentary, without any addition to the above-mentioned quoted price.

6. Relevant evidence/reference must be provided in the technical proposal with complete reference/ page no, and if the evidence is not provided, the proposal will be rejected.
 - a. If a bidder's response against any requirement is not available, it will be evaluated as a requirement 'Not met' and will lead to disqualification/ rejection of the bid.
 - b. For all technical requirements against which Bidder is responding "Y," all bidders are required to provide **Documentation with proper reference (Section No/ Page No) in the proposal against all requirements, and it is mandatory to provide proper references to the document.** It is NBP's discretion to raise clarification queries against requirements where reference is provided and further clarification is required. In case no reference is available, and documents are not available in the submitted proposal, NBP may not raise any clarification query, and the response will be considered as **NIL or No**, which may lead to disqualification if mentioned in the criteria.
 - c. NBP may ask for any other additional documentary evidence or explanation against any item for clarification that must be provided by the Bidder during the period of evaluation. Bidders should respond to such requests within the timeframe indicated in the correspondence (letter/ e-mail). If the bidder fails to provide the required information within the given timeframe, its bid will be considered rejected.
 - d. Qualification Criteria mentioned in SPECIFICATIONS/REQUIREMENTS (SECTION-VII) "Priority (High/Low)" is evaluated as follows:
 - Qualification requirements with "High" Priority must be answered as 'Y' or 'N.' If the bidder responds 'N' against any of such "High" Priority requirements, its bid will be considered as technically disqualified and will be rejected.
 - For "Low," Priority can be answered as 'Y,' 'Yes,' 'N,' and 'No'. If a bidder responds 'N' or 'No' against any of the "Low" Priority requirements, its bid will not be considered as rejected.
 - For all Bidder qualification requirements against which Bidder is not providing any response (i.e., an empty availability cell or an availability cell with a response other than "Y"/"Yes" or 'N'/'No'), NBP will first check that against such requirements proper reference documents have been provided or not in the submitted bid. If a reference document is found, then NBP may ask for clarification from the bidder about its response, however, if a reference document is also not found or provided, then the response of the bidder shall be considered as 'No,' and its bid will be considered as rejected if the requirement item is a high priority.
 - e. All bidders are required to submit the proposals with proper page numbering with the master table of contents of all attached documents in the proposal.
 - f. "Low" priority requirements that shall be responded to "Y" by the bidder shall be treated as complimentary, without any addition to the above-mentioned quoted price.
7. Financial proposals will be opened only to technically qualified bidders. Technically, unqualified bidders will be considered disqualified, and their financial proposals will be returned unopened.
8. The Bidders must include the price of all requirements with their Financial Proposal, as the price mentioned in the Financial Proposal will be considered final and cannot be changed under any circumstances after the

submission of the bid.

9. The prices will be evaluated based on all items mentioned in SPECIFICATIONS/REQUIREMENTS (SECTION-VII) of the RFP documents, which will be considered as total bid value/bid amount/contract price.
10. A combined evaluation of technical and financial proposals shall follow, and the bidder with the winning proposal will be accepted and considered as the **"Lowest Evaluated Bid"** and will be accepted for contract award.)
11. As per the requirement of ITB 31 mentioned in the Standard Bidding Document of RFP, NBP may conduct a post-qualification evaluation exercise for the bidder who is selected as having submitted the lowest evaluated bid. A negative evaluation will result in the rejection of the bidder's bid, in which event NBP shall proceed to the next lowest evaluated bidder to make a similar evaluation.

Whereas, NBP ("NBP") has entered into a contract number [●] dated [●] ("Contract") with [●] (the "Contractor") for providing design, supply, installation, achieving operational acceptance of [*insert: a brief description of the Solution*] and services in respect thereof [●] to NBP.

And whereas, it is a condition of the Contract that the Contractor furnish a performance guarantee of a bank to NBP to secure the performance of the obligations of the Contractor under the Contract.

- 1) NOW THEREFORE, we, [●] waiving all objections and defenses, hereby irrevocably and independently guarantee to pay to NBP, without delay upon NBP's first written demand and without cavil or argument, any amount claimed by NBP up to the maximum amount of Rs [●] without requiring NBP to prove or to show grounds or reasons for such demand, up to the sum specified hereinabove, against NBP's written declaration that the Contractor has refused or failed to perform the aforementioned Contract. NBP may make any number of claims upon us up to the maximum amount secured hereunder and the guarantee shall stand reduced proportionately by the amount of the claims paid by us to NBP.
- 2) You shall not be obliged before making any demand upon us under this guarantee (a) to demand any payment of the Contractor (b) to take any legal proceedings against the Contractor, (c) to make any claim in winding-up of the Contractor, or (d) to exercise any right which you may have under any security or against any other surety for the obligations of the Contractor in respect of the Contract.
- 3) Our obligations under this guarantee shall not be discharged or effected by (a) any dissolution, winding-up, or corporate re-organization of the Contractor or (b) any transfer or extinguishing of any of the liabilities of the Contractor by any law, regulation, decree, judgment, order or similar instrument; or (c) on any other account, omission, or thing which but for this provision would or might constitute a legal or equitable discharge of a surety.

- 4) NBP may grant time and indulgence to the Contractor or vary the terms of the Contract, with or without notice to us, which notice is hereby waived, provided such time, indulgence, and variation does not increase the amount guaranteed.
- 5) The Contractor may by notice to us have the validity of this guarantee extended.
- 6) NBP shall be the sole and final judge for deciding whether the Contractor has duly performed its obligations under the Contract or has defaulted in fulfilling the said obligations and we shall pay without objection any amount claimed by NBP up to the sum named hereinabove upon demand from NBP forthwith or without any reference to the Contractor or any other person.
- 7) This guarantee shall remain valid up to [●] or up to the date that NBP issues a certificate to us stating that the Contractor has fulfilled all their obligations in a satisfactory manner, whichever date is later. We hereby waive the necessity of your demanding the said debt from the Contractor before presenting us with the demand.
- 8) Upon the expiry of the guarantee, we shall stand released and discharged of all obligations hereunder irrespective of whether the original guaranteed instrument is returned to us or not. This guarantee shall remain binding on our successors in interest.

Contract: *[insert: name and number of Contract]*

To: *[insert: name and address of NBP]*

Dear Sir or Madam:

We refer to the Contract Agreement ("the Contract") signed on *[insert: date]* between you and *[insert: name of Supplier]* ("the Supplier") concerning design, supply, installation, achieving operational acceptance of *[insert: a brief description of the Solution]* and services in respect thereof.

Whereas, in accordance with the terms of the said Contract, NBP has agreed to pay or cause to be paid to the Supplier an advance payment in the amount of *[insert: amount in numbers and words, for each currency of the Advance Payment]* to the Supplier ("Advance Payment").

1. By this guarantee instrument we, the undersigned, *[insert: name of Bank]*, a bank organized under the laws of *[insert: country of Bank]* and having its registered/principal office at *[insert: address of Bank]*, (hereinafter, "the Bank") do hereby irrevocably guarantee payment of sums equal to the Advance Payment upon the first demand of NBP without cavil or argument and without reference to the Supplier, in the event that the Supplier fails to commence or fulfill its obligations under the terms of the said Contract. NBP shall be the sole judge of whether the Supplier has fulfilled its obligations or not.
2. You shall not be obliged before making any demand upon us under this guarantee (a) to demand any payment of the Supplier (b) to take any legal proceedings against the Supplier, (c) to make any claim in winding-up of the Supplier, or (d) to exercise any right which you may have under any security or against any other surety for the obligations of the Supplier in respect of the Contract.
3. Our obligations under this guarantee shall not be discharged or effected by (a) any dissolution, winding-up or corporate re-organization of the Supplier (b) any transfer or extinguishing of any of the liabilities of the Supplier by any law, regulation, decree, judgment, order, or similar instrument; or (c) on any other account, omission, or thing which but for this provision would or might constitute legal or equitable discharge of a surety.
4. You may grant time and indulgence to the Supplier or vary the terms of the Contract, with or without notice to us, which notice is hereby waived, provided such time, indulgence and variation does not increase the amount guaranteed.
5. This guarantee shall become operative from the date upon which the said Advance Payment is received by the Supplier and shall remain in force until the date upon which the Supplier has fully repaid the amount so advanced to NBP in accordance with the terms of the Contract and as evidenced by a certificate provided by NBP stating that the Supplier has fully repaid the Advance Payment. Upon issuance of the aforesaid certificate, this guarantee shall become null and void, whether the original is returned to us or not. Any claims to be made under this guarantee must be received by the Bank during its period of validity.

12.19 Non-Disclosure Agreement (NDA)

This Non-Disclosure Agreement ("Agreement") is entered into by and between the undersigned bidder ("Bidder") and NBP ("NBP") in connection with the submission of a proposal for the "Procurement of CDMs" as described in the Request for Proposal (RFP).

1. Definitions

1.1. "Confidential Information" shall mean all information, data, documents, specifications, plans, designs, proposals, or any other information disclosed by NBP to Bidder in connection with the RFP.

1.2. "Recipient" shall mean the party receiving Confidential Information, which, in this case, is the Bidder.

2. Business Scope

The Bidder acknowledges that the RFP contains sensitive and proprietary information related to NBP's requirements for the procurement, installation, and support of 200 CDMs. The Bidder agrees to maintain the confidentiality of all such information and use it solely to submit a proposal for the RFP.

3. Representations and Warranties

3.1. The Bidder represents and warrants that it will not disclose or use any Confidential Information for any purpose other than the preparation and submission of the proposal for the RFP.

3.2. The Bidder further represents and warrants that its employees and agents who have access to Confidential Information will be bound by similar confidentiality obligations.

4. Disclosure of Information

4.1. The Bidder shall only disclose Confidential Information to individuals within its organization who have a legitimate need to know to prepare the proposal.

4.2. The Bidder shall take all reasonable measures to protect the Confidential Information from unauthorized disclosure, including but not limited to implementing physical, technical, and administrative safeguards.

5. Termination

5.1. This Agreement shall remain in effect until terminated in writing by either party.

5.2. Upon termination, the Bidder shall promptly return or destroy all Confidential Information in its possession, as directed by NBP.

6. Limitation of Liability

The Bidder understands and agrees that any unauthorized use or disclosure of Confidential Information may result in legal liability, including but not limited to damages and injunctive relief.

7. Remedies

In the event of a breach or threatened breach of this Agreement, NBP shall be entitled to seek injunctive relief, specific performance, and other equitable remedies in addition to any other legal remedies that may be available.

8. Dispute Resolution

Any dispute arising under or in connection with this Agreement shall be subject to resolution through arbitration in accordance with the laws of Pakistan. The prevailing party in such arbitration shall be entitled to recover its reasonable attorneys' fees and costs.

9. Signoff

This Agreement is binding upon the Bidder and NBP and their respective successors and assigns. By signing below, the Bidder acknowledges that it has read, understood, and agrees to be bound by the terms of this Non-Disclosure Agreement.

12.21 Liability & Confidentiality

- NBP is not liable for any cost incurred by the Bidder in the preparation and production of a proposal (techno-functional) or for any work performed before the issuance of a contract or delivery.
- During this RFP process/system implementation phase, Bidder may acquire confidential information relating to NBP business, project, and/or customer, which the bidder agrees to always keep strictly confidential (even after the project has been completed) subjected to [NDA sign-off](#).

Note: If the bidder does not agree with the respective clauses, then they should explicitly state it within their proposal

12.22 Publicity

- The selected bidder is strictly prohibited from making any public announcements or media releases related to any aspect of the Request for Proposal (RFP) unless NBP explicitly grants written consent to the Bidder beforehand. This implies that the Bidder is bound to maintain complete confidentiality and refrain from disclosing any information or details pertaining to the RFP/project without prior authorization from NBP.

12.23 Project Plan & Work Breakdown Structure (WBS)

- Bidder must submit details on the project implementation methodology and resource assignment to each milestone of the implementation. High-level activities and work breakdown structure must be provided to furnish the proposed methodology and work plan in Man-Days for the whole project. "Pre-requisites" and "Resource Requirements" should be highlighted to accommodate expectations and planning.

12.24 Manuals/Documentation

Detailed documentation is to be maintained for implemented modules, including,

- **Mapped business processes:** This document outlines the existing business processes and how they will be supported by the software. It helps ensure that the software aligns with the organization's workflows and requirements.
- **Product configurations:** This document specifies the various configurations and settings within the software to tailor it to the organization's needs. It includes options related to features, user permissions, and other customizable elements.
- **System configurations:** Similar to product configurations, system configurations outline the settings and configurations at the system level. This may include server configurations, network settings, security configurations, and other system-level parameters.
- **Data flow diagrams:** Data flow diagrams illustrate how data moves through the software system, depicting inputs, processes, outputs, and data storage. They provide a visual representation of data flow and help identify potential bottlenecks or data integration points.

- **Workflows:** Workflows describe the sequence of steps and actions that users need to follow to complete specific tasks within the software. They provide a detailed overview of the user journey and interactions with the system.
- **Business/Functional requirement documents:** These documents capture the business needs and functional requirements of the software. They outline the desired features, capabilities, and expectations from a business perspective.
- **System requirement documents:** The system requirement documents specify the technical requirements and constraints for the software, including hardware, software, and network requirements. They help ensure that the system is designed and implemented to meet the necessary technical specifications.
- **Technical design document:** The technical design document provides an in-depth description of the software's architecture, components, modules, interfaces, and databases. It serves as a blueprint for the development and implementation team.
- **Support and Troubleshooting Guides:** Support and troubleshooting guides assist users and administrators in resolving common issues they may encounter while using the software. They provide instructions and solutions to address software problems effectively.
- **Rollback steps and User Guide:** The Software Rollback process entails systematically reverting to a prior software version to address issues. Accompanied by a User Guide, this guide provides clear, step-by-step instructions for users to navigate the rollback process efficiently. It outlines precautions, necessary actions, and potential challenges, ensuring a smooth transition back to a stable software state and minimizing disruptions.
- **Disaster Recovery Plans:** Disaster recovery plans outline procedures for recovering the software and data in the event of a catastrophic failure or other unforeseen circumstances. They help ensure business continuity and minimize downtime.

12.25 Training

Bidder is responsible for providing training that includes Functional and Technical training to NBP designated personnel and training material (User Manuals, System Management Manuals, Technical Manual, Training Manuals [should be in English] & Video Tutorials for all Business Segments Separately).

Training infrastructure, such as training rooms, projectors, etc., will be provided by NBP.

All costs and expenses incurred in training, which include traveling allowances (if required), daily allowances, and cost of training material, will be borne by the Bidder. The NBP shall not be liable for any costs and/or expenses concerning training and shall not entertain any requests/representations regarding bearing/sharing of costs and/or expenses.

The selected bidder will be expected to deliver to NBP one hard copy and one electronic copy of the documentation for each of the deliverables and the online context-sensitive help module included in the software to enable the NBP's personnel to use and understand the operations of the deliverables. The NBP may make additional copies of the Company-specific documentation for its internal use.

12.26 Installation/Commissioning

Installation and commissioning charges should be included in the Financial proposal, if any.

12.27 Bidder Information & Evaluation Questionnaire

Note:

NBP strictly prohibits any form of canvassing, lobbying, influence, or cartelization by any Bidder. Engaging in any such activities can lead to the disqualification of the Bidder.

Furthermore, the Bidder is required to respond to all the questions in the Request for Proposal (RFP) and provide comprehensive information as requested. Failure to provide essential information may lead to disqualification of the proposal. In other words, the Bidder must provide all the necessary information as specified in the RFP, failing which the proposal may be deemed incomplete and liable for disqualification.

The RFP shall have no interlineation or overwriting except as necessary to correct errors made by the bidder firm itself. Any such correction must be initiated by the person authorized to sign the RFP and stamped with the bidder's seal.

Required details must be properly filled out, and no bidder should be allowed alteration or modification once the RFP has been opened. NBP may seek and accept clarifications to the RFP that do not change the substance of the RFP. Any justification should be in writing.

12.29 Contractual Terms & Conditions

- Proposals must be submitted on the company's letterhead, duly signed and stamped by authorized personnel. The NBP logo should not be printed on proposals.
- Proposals received after the specified submission date will be automatically disqualified.
- NBP reserves the right to accept or reject any or all proposals, in whole or in part, at its sole discretion, without assigning any reason.
- Proposals with incomplete or insufficient product/service details, or those that do not substantially conform to the requirements of this RFP, may be disqualified.
- All prices must be quoted exclusively in Pakistan Rupees (PKR) and must be inclusive of all applicable taxes, duties, and other charges. While all prices must be inclusive of taxes, bidders should be aware that tax rates are subject to change based on government directives. The quoted price shall remain fixed for the duration of the contract, and no price adjustments will be entertained by NBP due to changes in tax rates.
- Proposals must remain valid for a minimum of 120 days from the proposal submission deadline.
- All payments by NBP under any resulting contract will be made exclusively in Pakistan Rupees (PKR).
- The Performance Security will be discharged within thirty (30) days of NBP's issuance of a written Go-Live completion certificate for the entire scope of work upon receipt of a written request from the vendor. Submission of an incomplete or fraudulent Performance Guarantee will result in immediate disqualification and potential blacklisting of the bidder in accordance with Public Procurement Rules, 2004.

Bidders may be called to give a presentation of their solutions with their capabilities at their own cost, which will be considered for the techno-functional evaluation of the bidder.

Bidders must, in all respects, observe and conform to the 'Contractual Terms and Conditions' set out in this RFP. NBP will shortlist bidders fulfilling eligibility criteria as detailed in this RFP. It is expressly understood that the determinations made by NBP in this regard shall be conclusive and legally binding.
