	<p>36.2</p>	<p>Where the Bid price is considered to be abnormally low, The Procuring Agency shall perform price analysis either during the determination of the Most Advantageous Bid or as a part of the post-qualification process. 		<p>c) The decision of The Procuring Agency to reject a Bid and reasons for the decision shall be recorded in the procurement proceedings and promptly communicated to the Bidder concerned;</p> <p>d) The Procuring Agency shall not incur any liability solely by rejecting the abnormally Low Bid; and</p> <p>e) An abnormally low Bid means, in the light of The Procuring Agency’s estimate and of all the Bids submitted, the Bid appears to be abnormally low by not providing a margin for normal levels of profit.</p> <p>Guidance for The Procuring Agency:</p> <p>In order to identify the Abnormally Low Bid (ALB) following approaches can be considered to minimize the scope of subjectivity:</p> <ul style="list-style-type: none"> (i) Comparing the bid price with the cost estimate; (ii) Comparing the bid price with the bids offered by other bidders submitting substantially responsive bids; and (iii) Comparing the bid price with prices paid in similar contracts in the recent past either government- or development partner-funded.

It will be based upon an examination of the documentary evidence of the Bidder’s qualifications submitted by the Bidder, pursuant to ITB 13.3, as well as such other information as The Procuring Agency deems necessary and appropriate. Factors not included in these Bidding Documents shall not be used in the evaluation of the Bidders’ qualifications.
	36.5	<p>The Procuring Agency may seek “Certificate for Independent Price Determination” from the Bidder and the results of reference checks may be used in determining the award of the contract.</p> <p>Explanation: The Certificate shall be furnished by the bidder. The bidder shall certify that the price is determined keeping in view all the essential aspects such as raw material, it’s processing, value addition, optimization of resources due to economy of scale, transportation, insurance and margin of profit etc.</p>
	36.6	An affirmative determination will be a prerequisite for the award of the contract to the Bidder. A negative determination will result in rejection of the Bidder’s Bid, in which event The Procuring Agency will proceed to the next ranked bidder to make a similar determination of that Bidder’s capabilities to perform satisfactorily.
