GOVERNMENT OF PAKISTAN
MINISTRY OF DEFENCE (DEFENCE DIVISION)
PAKISTAN METEOROLOGICAL DEPARTMENT

No. CAO-1(30)/2025

University Road Karachi, the

April 2026

Disposal of public assets documents in compliance with section-12 of "Disposal of Public Assets Regulations, 2024" hereinafter referred to as "Regulations".

The Director (Maintenance/Central Met Stores) PMD Karachi has compiled/consolidated two lists of unserviceable items (**Annex-A**) requiring to be disposed off through public auction, with the constitution of Disposal Committee comprising odd number of members renewed after approval of Chief Meteorologist Karachi vide memorandum dated 29-10-2025 (**Annex-B**). The Director (CMS) is of the opinion that disposal need to take place ASAP to make room for arrival of new/functional stores by discarding redundant items. The Disposal committee has physically inspected the redundant stores and arrived at conclusion that they have outlived their utility/usage while their further retention would only serve to occupy precious/limited space, besides significantly eroding the value of these stores with passage of each day due to their being at advanced stage of wear and tear.

Given the facts narrated above, a public auction to dispose off all redundant items is proposed to be held on 28-04-2026 at PMD Karachi while Auction Notice (**Annex-C**) to be published in one English and one Urdu dailies at least 15 days ahead of scheduled public auction, affording sufficient time to prospective bidders to inspect stores under auction and prepare bids/offers accordingly.

The rationale behind compiling instant disposal documents is to put in place and subsequently implement seamless mechanisms aimed at extracting maximum possible value/price of redundant stores by encouraging wider competition among bidders, discourage collusive, fraudulent practices by bidders while preserving gains through stemming pilferages by either bidders or employees of the procuring agency (PMD). Since Disposal Documents shall remain accessible/available to prospective bidders over PMD's website free of cost, after publication of auction notice in two dailies, the customary disputes/conflicts and confusion witnessed at pre and post stages of auction proceedings shall remain at a manageable level, safeguarding the interests of both parties i.e. procuring agency & bidders.

2. **Mode of bid in relation to applicable taxes:** The bids to be offered orally shall be deemed to be inclusive of applicable taxes namely 20 % GST and 10 % income tax, hence reserve price fixed in compliance with section-10 (b) of regulations has been fixed after taking into consideration impact of

applicable taxes. The option of inviting bid price exclusive of applicable taxes has also been examined in threadbare details yet it found to be cumbersome, impracticable, unviable and detrimental to the interests of procuring agency. The prospective bidders – comprising mostly of businessmen who are either illiterate or semi-literate – not only find the price exclusive of taxes incomprehensible, the possibility cannot be ruled out that they will turn to finding ways towards tax evasion with a view to maximize their profits/gains. Resultantly, the reserve price determined by disposal committee in respect of each category of stores is proportionately higher than estimated market price in view of inclusivity of 30 % taxes in toto.

PMD as being withholding agent shall, after collecting total amount of proceeds from successful bidders in each category of stores under auction, shall remit 20 percent as GST and 10 percent as income/withholding tax into accounts of FBR, after creation of PSID challan. A certificate of such tax deductions & subsequent remission on behalf of successful bidder(s) shall be provided to them/him if so demanded in writing.

3. **Categorization of store under auction & determination of reserve price:** With a view to extract maximum possible price, evade confusion, curb collusive practices among bidders, and minimize the likelihood of avoidable controversies; the disposal committee classified stores under auction into following categories along with reserve price:

S. No	Description of Store	Denomination	Reserve Price	Estimated Weight (In Kilo Grams)	Estimated 1/4 th of bid value to be deposited on site (PKR)
1	Computer Accessories Scrape useless	Per kg	PKR 125/- per kg (inclusive of applicable taxes).	70kg	Rs. 2000/-
2.	Electrical/Electronic items Not Recyclable	-do-	PKR 120/- per kg (inclusive of applicable taxes).	170kg	Rs. 5000/-
3.	Furniture (Wood) Scrape and Not Recyclable	-do-	PKR 30/- per kg (inclusive of applicable taxes).	260kg	Rs. 2000/-
4.	Machinery/Electric Machinery(Laith/Milling machines) Notuseable	-do-	PKR 130/- per kg (inclusive of applicable taxes).	1000kg	Rs. 35,000/-
5	Misc items (Plastics) including tyre Not Recyclable	-do-	PKR 30/- per kg (inclusive of applicable taxes).	3000kg	Rs. 100,000/-
6.	Misc Items (Iron) Scrape	-do-	PKR 120/- per kg (inclusive of applicable taxes).	8000kg	Rs. 250,000/-
7.	Misc Items (Mixed) Scrape	-do-	PKR 20/- per kg (inclusive of applicable taxes).	200kg	Rs. 1000/-
8.	Hydrogen factory installations: water tower, heat exchanger, fly wheels,etc * Heavily Contaminated	-do-	PKR 120/- per kg (inclusive of applicable taxes).	3000kg	Rs. 100,000/-

9.	Air Conditioners (Split\Windows)	-do-	PKR 350/- per kg (inclusive of applicable taxes).	Rs. 100,000/-
10.	Batteries	-do-	PKR 290/- per kg (inclusive of applicable taxes).	Rs. 400,000/-

*. Material/equipment installed within premises of hydrogen factory has to be dismantled, loaded and transported by successful bidder at his own cost/risk.

4. **Expenses on weighing, transportation, & labor charges:** A vehicle/truck/mini truck etc along with driver and requisite number of laborers shall be hired by successful bidder at his own expense and brought to the site of stores under auction for loading which shall take place in the presence of disposal committee. At this stage stores shall not be counted or weighed. After loading, estimated cost of stores shall be determined by disposal committee in consultation with bidder and the latter shall be required to deposit the amount of money (in cash) so determined with DDO who shall instantly issue an "**ACKNOWLEDGEMENT OF PAYMENT RECEIPT**" on prescribed format (**Annex-D**). Any variation/discrepancy between determination of cost of stores on site and cost determined after weighing at Weighbridge shall be adjusted in subsequent consignments, without resorting to adjustment of 1/4th advance money that shall remain in safe custody of procuring agency until last consignment having been delivered to successful bidder.

After loading of truck/mini truck etc coupled with issuance of acknowledgment by DDO on prescribed format, disposal committee shall issue a "**gate pass**" on prescribed format (**Annex-E**) paving the way for departure of consignment to weighbridge where weighing of loaded vehicle shall take place in presence of disposal committee. The first weight (empty vehicle), second weight (loaded vehicle) and net weight (recorded at weighbridge) shall be noted by disposal committee and DDO in para-2 of "**gate pass**" as well as "**ACKNOWLEDGEMENT OF PAYMENT RECEIPT**" respectively. The readings recorded by weighbridge in the absence of disposal committee shall be deemed infructuous. The receipt of weighbridge shall be attached with respective payment receipt and gate pass to preserve record of a consignment in compact form.

5. **Record Keeping:** The Gate Pass and Acknowledgment of Payment Receipt shall be prepared in quadruplicate with one copy each meant for bidder, DDO, Disposal Committee and Security Officer who shall be held responsible individually in relation to record keeping. In the event of conflict arising over payment, number of consignments, determination of total weight and allied matters, record held by all 04 entities shall be reconciled and discrepancies ironed out amicably.

6. **Access to Disposal of public assets proceedings:** Access shall be open, equal and unrestricted to all eligible bidders who fulfill prescribed eligibility criteria. The procuring agency shall hold an open competition to ensure maximum participation of bidders in the disposal of public assets proceedings. There will normally be a minimum of three bidders in the disposal proceedings, albeit there is no upper limit for number of

bidders. However, if less than three bidders participate in the disposal proceedings the offers may be considered on merit.

7. **Eligibility criteria for bidders**: All aspirant bidders are required to turn up for registration, in accordance with prescribed "Registration Form" (**Annex-F**), at 09:00 AM on scheduled date for public auction along with following documents:

- i. Original CNIC with a copy thereof.
- ii. Banker Cheque/Pay Order or crossed cheque amounting to Rs.200,000/- drawn in favor of Director General PMD Karachi.
- iii. An affidavit on stamp paper of Rs.100/- stating therein that bidder/firm intending to participate in bidding proceedings have not been black listed/debarred or cross debarred by any entity in the past, in consequence of partial or complete breach of conditions stipulated under section-11 (a) (b) (c) of Disposal of Public Assets Regulations 2024 read with section-19 of Public Procurement Rules, 2004.
- iv. Only Active Taxpayers (ATL) are eligible to participate. A copy of ATL status must be brought for registration.

8. **Mode of Bidding**: Public auction proceedings shall entail offering of oral bids by eligible bidders in each category of stores. The bid evaluated as highest/most advantageous shall be accepted. However, Disposal committee shall require first, second and third highest bidder to submit bid in written form on prescribed format of "Bid Submission Form" (**Annex-G**), which shall be signed by all members of disposal committee instantly. Additionally, first highest bidder shall be required to deposit 1/4th amount of bid (as determined by disposal committee beforehand) on the spot, with DDO issuing receipt thereof. In the event of first highest bidder backtracking on his commitment at later stage, his security deposit alongside 1/4th advance amount shall be forfeited while bid offered by second highest bidder in that category of store shall be accepted under similar conditions/stipulations. However, this stipulation shall only be invoked if variation/difference in bids offered by first and second highest bidders does not exceed 03 %.

9. **Site Visit**: The bidders are strongly encouraged to visit the site to get first-hand information regarding the conditions, make etc of the items and their quantum before the scheduled date of public auction. Disposal committee shall set up a Facilitation Centre for facilitating prospective bidders while Director (Central Met Stores) PMD Karachi shall arrange stores in piles/stacks under open sky (at least one week ahead of scheduled public auction) in such a manner that each category of stores under auction is distinguishable from the other with identifiable quantities and proper tagging.

No complaint or claim regarding the condition or completeness of items will be entertained after the bid is finalized/accepted. Bidders shall be deemed to have fully inspected the lots before bidding.

10. **Curbing fraudulent/collusive practices**: The procuring agency (PMD) will reject a bid for disposal of public assets if it determines that the highest/most advantageous bidder has engaged in corrupt or fraudulent

practices in competing for the auction like pooling, or giving bribes/gifts or any sum of money etc to the employees of procuring agency responsible or engaged in bidding proceedings or to other prospective bidders.

11. **Arbitration/Alternate dispute resolution:** If any dispute arises between the parties (Highest bidder & procuring agency), the matter shall be referred to the Director General Meteorological Services of PMD who will examine the matter in detail and give the decision, which will be final and binding upon the parties.

12. **Evaluation Report:** The disposal committee shall be responsible to issue evaluation report based on evaluation criteria outlined through instant document which shall inter alia contain names of highest/successful bidders in each category of stores under auction, second highest bidder, accepted price per kg, description of sum deposited as 1/4th advance and such other details that may be deemed necessary, within 03 working days of scheduled public auction proceedings. The issuance of evaluation report shall be followed by letter of intimation to successful bidders urging them to collect auctioned material within 15-days of the issuance of letter of intimation. The deadline of 15 days has been set in keeping with section-25 of the regulations. The failure on the part of bidder to collect stores within 15 days shall lead to forfeiture of security deposit as well as ¼ the advance sum deposited by him.

13. **Bid validity:** The bids submitted by successful/highest bidder and second highest bidder on prescribed form duly signed by bidder and members of disposal committee shall be valid for 30 days or till the receipt of full payment by procuring agency in respective category, whichever is later.

14. **Registration of Bidders:** The registration shall take place from 9:00 AM to 11:00 AM in line with the registration Proforma designed by procuring agency. A consolidated list (**Annex-H**) shall be prepared on the basis of all registration forms that shall also be utilized as Attendance sheet of bidders. After registration the prospective bidders shall be issued a security pass which they will keep displaying during auction proceedings. No bidder, without such entry pass, shall be allowed to enter into the premises/venue of auction proceedings.

15. **Prohibition on carrying mobile handsets by bidders:** the bidders registered by the procuring agency and issued security pass shall be required to surrender their mobile handset at Reception before making their way to the venue of auction proceedings. The security branch of PMD shall issue a token of receipt to bidders upon surrendering their mobile handsets.

16. **Bar on PMD employees to participate in auction proceedings:** For the sake of ensuring transparency, curb foul practices and allow fair play to bidders, the employees of procuring agency shall be barred from participating in auction proceedings, either on their own or through proxies.

17. **Prohibition on outsourcing of bid by successful bidder:** The successful/highest/most advantageous bidder in any category of stores shall not be allowed to outsource/transfer his bid to any other person/entity after issuance of bid evaluation report. The certificate pertaining to deduction of applicable taxes namely income tax and general sales tax shall be issued in the name of successful bidder, if so demanded by him.

18. **Treatment in case of equal/identical bids /offers for disposal of public assets:** In case two or more bidders have offered equal /identical prices, and have been evaluated as most advantageous bids, the procuring

agency shall provide the opportunity to most advantageous bidders to submit revised bids in the presence of Disposal Committee, however the same shall not be less than price offered earlier.

19. **Rejection of public assets disposal proceedings:** The procuring agency may reject all bids or offers at any time prior to the acceptance of bid or issuance of evaluation report. The procuring agency shall upon request communicate to any bidder who submitted a bid or offer, the ground for its rejection of all bids or offers, but is not required to justify those grounds.

20. **Grievance Redressal:** The mechanism to address grievances of bidders, if any, as outlined in section 27 of the regulations, shall be operative on need basis.

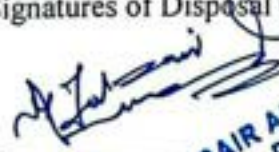

21. **Blacklisting of bidder:** The mechanism to blacklist bidders, if need arose, as outlined in section-11 of the regulations, shall be operative on need basis.

22. **Facilitation Centre:** Facilitation center to be set up one week ahead of scheduled date of auction proceedings shall be manned by Mr. Hamid Ali Khan, Dy Director and Mr. Nisar Ahmad Barohi Security Officer and shall remain functional during the days designated for site visit from 09:00 AM to 04:00 PM to facilitate/guide bidders in site visit. A proper record shall be maintained to this effect in a register containing columns bearing all details/particulars of bidders turned up for site visit.

23. **Hazardous material under auction:** A large quantity of electronics/electrical items being auctioned can potentially pose a risk to life, property and environment unless handled professionally observing safety precautions. The successful bidder in this category of stores under auction shall furnish a certificate that he understands potential risks and shall take all precautionary measures while repurposing, recycling, transporting or disposing/mutating into any other manner/process/form the potentially explosive/hazardous material. The procuring agency shall not be held responsible for any mishap attributable to mishandling of such stores by bidder.

24. **Security arrangements to prevent pilferage/slippage:** The security branch headed by Security officer shall remain vigilant during the period auction proceedings remain underway. A complete record of all gate passes issued under the signature of all members of disposal committee (no gate pass shall be permissible unless signed/stamped by all members) to successful bidders, movement of their vehicles etc shall be maintained and produced to senior officers on demand.
