Title: Complete Mechanical, Engine, Suspension, AC <(>&<) Gear Overhauling of Toyota Hilux (Reg# CR-4666) - PSO Machike Terminal

S.No.	Description/Specifications	Location	Unit	Qty	Unit Price Rs.	Amount Rs.
1	<u>Complete Overhauling of Engine</u>	<u>Machike (Inst.)</u>				
1.01	<u>Engine Overhauling with commissioning</u> Complete Engine overhauling of Toyota Hilux including comprehensive troubleshooting, diagnostics, dismantling, inspection, repair, replacement, reassembly, and testing of engine and all associated components. - Scope of Work Includes: 1.Detailed fault diagnosis, compression testing, and performance evaluation 2.Complete engine dismantling and internal inspection 3.Repair/reconditioning or replacement (as required) of critical components including pistons, piston rings, cylinder head, valves, valve seals, valve guides, crankshaft, camshaft, bearings (main & big end), oil pump, gaskets, seals, and all worn-out parts 4.Servicing/reconditioning of turbocharger, fuel injection system (diesel pump & injectors), and associated assemblies 5.Servicing of Alternator and Self Starter 6.Cleaning, machining, and calibration works wherever required 7.Replacement of engine oil, filters, and consumables 8.Reassembly as per OEM standards with proper torqueing and clearances 9.Final testing, tuning, and performance verification under running conditions - Job shall be completed in all respects, ensuring the engine is restored to optimal working condition with reliable performance. - Note: This line item includes repairing of all engine parts(if required). Repaired parts shall not be covered under supply line items.		<u>JOB</u>	1		
1.02	<u>M&R of Company vehicles</u> Complete suspension system overhauling including thorough inspection, diagnostics, dismantling, repair, replacement, reassembly, and testing of all suspension and associated components.		<u>JOB</u>	1
