	<p>leftover with supplier after the expiry of the contract/purchase orders.</p> <p>15) Selected supplier will only use HDPE from renowned manufacturer (CHEVRON PHILLIPS / SABIC or equivalent). However, in case of any new HDPE source, the supplier will seek advance provisional approval from PSO concerned staff for the change in HDPE source.</p> <p>16) PSO reserve the right to cancel PO/contract and forfeit the performance guarantee/ security amount after serving three notices to vendor on non-compliance against PO terms and conditions including failure on account of quality/ specs/ delivery/timing etc.</p> <p>Justification: Plastic drums are being procured on monthly basis under Framework Agreement due to limited availability and abnormal increase of HDPE prices in local market. A tender for 9,000 drums has recently been floated and is scheduled to open on May 07, 2026. As the current stock of drum is continuously depleting, there is a risk of production disruption due to limited drum supplies. Therefore, the subject PR for procurement of 15000 plastic drums is being initiated through open tender to explore new plastic drum suppliers. This tender will support us to ensure smooth supply continuity and maintain buffer stock to meet high demand during FY26 closing.</p> <p>Management approval is solicited for an amount of Rs. 138.856 Million for procurement of above quantity of Plastic Drums to fulfil sales demand of May-June 2026.</p> <p>Note: Plastic drum price are taken from the current call of contact # CC-A4340-11-FI dated: 07 May 2026.</p>
