Instructions to Bidders

A. Introduction

1. Scope of Bids

1.1. The Procuring Agency (PA), as indicated in the **Bids Data Sheet (BDS)** invites Bids through **EPADS v2.0** for the provision of Non-Consultancy Services for as specified in the BDS and in **Section Evaluation Criteria, Specifications & Schedule of Requirements**. The name, identification, and number of items/deliverables are provided in the **BDS**. **Single Stage-Two Envelope** procedure of the open competitive method shall be used. The successful Bidders will be expected to provide the services within the specified period and timeline(s) as stated in the **BDS**.

2. Source of Funds

2.1. Source of funds is referred in Clause-1 of Invitation for Bids.

3. Fraudulent & Corrupt Practices

3.1. As defined under Rule 2(1)(f) of the Public Procurement Rules, 2004.

4. Eligible Bidders

4.1. A bidder is eligible to participate in a procurement process if the bidder:

4.1.1. possesses or has access to the technical competence, financial resources, equipment and other physical facilities, personnel, managerial capability, experience and reputation necessary to complete the procurement contract;

4.1.2. has the legal capacity to enter into a procurement contract;

4.1.3. is not insolvent, in receivership, bankrupt or being wound up and its activities or affairs are not suspended or being administered under any Act, by a court or by a judicial officer;

4.1.4. is not the subject of legal proceedings for any of the matters mentioned in sub-rule (c);

4.1.5. has fulfilled or has made substantial arrangements satisfactory to the relevant authorities, to fulfil its obligations to pay taxes and social security (where applicable) other contributions of its employees; and

4.1.6. has not, or in the case of a company, its owners and beneficial owners, directors or officers have not, been convicted of a criminal offence related to:

4.1.6.1. its professional conduct; or

4.1.6.2. a bidder (or, in the case of a company, its key individuals such as owners, beneficial owners, directors, or officers) must not have engaged in any prohibited practice, such as fraud, corruption, collusion, or coercion, within the time period stated in the bidding documents, which can be up to three years before the start of the procurement process. Additionally, the bidder must not have been debarred (i.e., banned) from participating in public procurement processes in Pakistan or by any international organization or country. If they have, they are ineligible to participate in the current bidding.

4.2. The procuring agency may require a bidder participating in the procurement process to provide the prescribed documentary evidence or other information to satisfy itself that the bidder is qualified in accordance with the criteria in sub-clause (1).

4.3. A procuring agency shall set out in the bidding document all the criteria for qualification to be applied in accordance with sub-clause (1).

4.4. Except as permitted under the Ordinance, Rules and Regulations, the procuring agency shall not establish a criterion for eligibility of a bidder that:

4.4.1. discriminates against or among a bidder or against categories of bidders; or

4.4.2. is not required for the performance of the procurement contract; or

4.4.3. is not related to the avoidance or management of legal, reputational or economic risk to the procuring agency unless it is in the national interest to do so, and the criteria is set out in the bidding documents.

4.5. A procuring agency shall assess the eligibility of a bidder for participation in the procurement process against the criteria for qualification under sub-clause (1).

4.6. In the case of a joint venture, consortium, or association, all members shall be jointly and severally liable for the execution of the contract in accordance with the terms and conditions of the contract. The joint venture, consortium, or association shall nominate a lead member as nominated in the BDS,

4.7. who shall have the Authority to conduct all business for and on behalf of any and all the members of Joint venture, consortium, or association during the bidding process, and in case of award of contract, during the execution of the contract.

4.8. The appointment of the lead Member in the joint venture, consortium, or association shall be confirmed by submission of valid power of Attorney to the procuring agency.

4.9. Subject to the limits specified in the BDS, the procuring agency may allow bidders to participate in the form of a Joint Venture (JV). However, each party in the JV must individually meet the eligibility criteria specified in the BDS

4.10. No Bidder can be a sub-contractor while submitting a Bids individually or as a member of a joint venture in the same Bidding process.

5. Qualification of the Bidder

5.1. All Bidders shall provide in Section VI, Bid Forms, a preliminary description of the proposed work method and schedule, including drawings and charts, as necessary.

B. Bidding Documents

6. Contents of Standard Bidding Document

6.1. The Services required, bidding procedure, and terms and conditions of the contract are prescribed in the bidding document. In addition to the Invitation for Bids, the bidding document which should be read in conjunction with any addendum issued by the Procuring Agency include:

Section I -Invitation to Bid

Section II Instructions to Bidders (ITB)

Section III Bid Data Sheet (BDS)

Section IV Eligible Countries

Section V Evaluation Criteria, Specifications, Schedule of Requirements, and Technical Specifications.

Section VI Bidding Forms

Section VII Fraudulent & Corrupt Practices

Section VIII - Material & Non-material deviation

Section IX General Conditions of Contract (GCC)

Section X Special Conditions of Contract (SCC)

Section XI Contract Forms

6.2. The Bidder is expected to examine all instructions, requirements, forms, terms and specifications in the bidding documents. Failure to furnish all the information required in the bidding document will be at the Service provider's risk and may result in the rejection of his bids.

7. Clarifications

7.1. Clarifications of the bidding documents may be requested in writing through EPADS v2.0 by any bidder up to three days prior to the deadline for the submission of bids.

The procuring agency shall respond promptly and in writing to any request by a bidder for clarification of the bidding documents and, in any event, no later than two days prior to the deadline for the submission of bids or proposals.

Responses to requests for clarification shall be communicated simultaneously and in writing to all bidders participating in the procurement proceedings.

No bidder shall be allowed to alter or modify his bid after the bids have been opened however, the procuring agency may seek and accept clarification to the bid that do not change the substance of the bid, through EPADS v2.0.

7.2. Procuring Agency's response will be uploaded on the EPADS v2.0, including a description of the inquiry.

7.3. Should the Procuring Agency deem it necessary to amend the bidding document as a result of a clarification, it shall do so following the procedure under **ITB 1.1.**

7.4. If indicated **in the BDS**, the bidder's designated representative is invited at the bidder's cost to attend a pre-bid meeting at the place, date and time mentioned **in the BDS**. During this pre-bid meeting, prospective bidder(s) may request clarification(s) regarding the schedule of requirements, the Evaluation Criteria or any other aspects of the bidding document.

7.5. Minutes of the pre-bid meeting, if applicable, including the text of the questions asked by bidders, and the responses given, together with any responses prepared after the meeting will be uploaded on EPADS v2.0. Any modification to the bidding document that may become necessary as a result of the pre-bid meeting shall be made by the Procuring Agency exclusively through the use of an Addendum.

7.6. To assist in the examination, evaluation and comparison of Bids of the Bidders, the Procuring Agency may, ask any Bidder for a clarification of its bid including breakdown of prices, through EPADS v2.0. Any clarification submitted by a bidder that is not in response to a request by the Procuring Agency shall not be considered.

No change in the prices or substance of the bid shall be sought, offered, or permitted.

The alteration or modification in the bid which in any way affect the following parameters will be considered as a change in the substance of a

bid:

- 7.6.1. evaluation & qualification criteria;
- 7.6.2. required scope of work or specifications;
- 7.6.3. all securities requirements;
- 7.6.4. tax requirements;
- 7.6.5. terms and conditions of bidding documents; and
- 7.6.6. change in the ranking of the bidders.

From the time of bid(s) opening to the time of contract award, if any bidder wishes to contact the procuring agency on any matter related to the bid, it should do so in writing or through electronic form that provides record of the content of communication.

8. Amendment of Bidding documents

8.1. Before the deadline for submission of bids, the procuring agency for any reason, whether at its own initiative or in response to a clarification requested by a prospective bidder or pre-bid meeting may modify the bidding documents by issuing addendum.

8.2. Any addendum issued including the notice of any extension of the deadline shall be part of the bidding document and shall be uploaded on EPADS v2.0 as well as Authority's website. The procuring agency shall promptly publish the addendum at the procuring agency's website indicated in the **BDS**:

Provided that the bidder who had either already submitted his bid, shall have the right to withdraw his already submitted bid and submit the revised bid, prior to the original or extended bid submission deadline.

8.3. To give prospective bidders reasonable time in which to take an addendum/corrigendum into account in preparing their bids, the Procuring Agency may, at its discretion, extend the deadline for the submission of bids:

Provided that the Procuring Agency shall extend the deadline for submission of bids, if such an addendum is issued within last three (03) days of the bid submission deadline.

C. Preparation of Bids

9. Documents Constituting the Bids

9.1. The bids prepared by the bidders shall constitute the following components: -

9.1.1. Forms of bid and Bid Prices completed in accordance with ITB BDS, GCC and SCC;

9.1.2. Documentary evidence established in accordance with BDS that services to be provided by the bidder are eligible services, and conform to the bidding documents;

9.1.3. Documentary evidence established in accordance with BDS that the bidder is eligible and/or qualified for the subject bidding process;

9.1.4. Documentary evidence established, that the bidder has been authorized to provide the services;

9.1.5. Bid security or Bids Securing Declaration furnished in accordance with BDS; and

9.1.6. Any other document required in the BDS.

10. Documents Establishing Eligibility of the Services and Conformity to bidding documents

10.1. To establish the conformity of the Non-Consulting Services to the Bidding document, the bidder shall furnish as part of its bid the documentary evidence that services provided conform to the requirements.

10.2. Standards for the provision of the Non-Consulting Services are intended to be descriptive only and not restrictive.

11. Documents Establishing Eligibility and Qualification of the Bidder

11.1. Pursuant to BDS, the bidder shall furnish, as part of its bid, all those documents establishing the bidder's eligibility to participate in the bidding process and/or its qualification to perform the contract if its bid is accepted.

11.2. The documentary evidence of the bidder's eligibility to bids shall establish to the satisfaction of the procuring agency that the bidder, at the time of submission of its bid, is from an eligible country as defined in Section-IV titled as "Eligible Countries".

11.3. The documentary evidence of the bidder's qualifications to perform the contract if its bid is accepted shall establish to the satisfaction of procuring agency that:

11.3.1. the bidder has the financial, technical, and supply/production capability necessary to perform the Contract, meets the qualification criteria specified in BDS.

11.3.2. that the bidder meets the qualification criteria listed in the Bids Data Sheet.

12. Form of Bid

12.1. The bidder shall fill the Form of Bid furnished in the bidding documents. The Bid Forms must be completed without any alterations to its format and no substitute shall be accepted.

13. Bids Prices

13.1. The Bids Prices quoted by the bidder in the Forms of Bid and in the price schedule shall conform to the requirements specified or exclusively mentioned hereafter in the bidding document.

13.2. All items in the Schedule of Requirements must be listed and priced separately in the Price Schedules. If a Price Schedule shows items listed but not priced and neither explicitly mentioned, their prices shall be construed to be included in the prices of other items.

13.3. The Bid price to be quoted in the Forms of Bid shall be the total price of the bid, excluding any discounts offered.

13.4. The bidder shall indicate on the appropriate Price Schedule, the unit prices (where applicable) and total bid price of the services, it proposes to provide under the contract.

13.5. Prices quoted by the bidder shall be fixed during the currency of the contract and not subject to variation on any account. A bid submitted with an adjustable price will be treated as non-responsive and shall be rejected, unless otherwise price adjustment is permissible under Conditions of the Contract. (May be reviewed)

14. Price Adjustment

14.1. Price adjustment shall not be applicable.

14.2. Procuring agency may increase the remuneration of the human resources involved in non-consultancy services on annual basis as per agreement.

14.3. Procuring agency shall incorporate the provisions to allow wage rate in compliance with Federal Government's minimum wage notification, subject to the applicability in that case.

15. Bids Currencies

15.1. Prices shall be quoted in Pakistani Rupees unless otherwise specified in the BDS.

16. Bid Validity Period

16.1. Bid(s) shall remain valid for the period specified in the BDS after the bid submission deadline prescribed by the Procuring Agency. A Bid valid for a shorter period shall be rejected by the Procuring Agency as non-responsive. The period of bid validity will be determined from the complementary bid securing instrument i.e. the expiry period of bid security or bid securing declaration as the case may be.

17. Bid Security or Bid Securing Declaration

17.1. Unless otherwise specified in the BDS, the bidder shall furnish as part of its bid, in the amount and currency specified in the BDS or Bid Securing Declaration on the format provided in Section VI (Bid Forms) The scanned copy of the Bids Security shall be uploaded in the EPADS v2.0 while submitting bid, whereas the original forms of Bid Security shall be submitted to the procuring agency before the bid submission deadline. The bidder who failed to submit the original bid security before the submission deadline shall be disqualified straightaway.

17.2. The Bid Security or Bid Securing Declaration is required to protect the Procuring Agency against the risk of Bidder's conduct which would warrant the security's forfeiture.

17.3. The Bid Security shall be payable promptly upon written demand by the Procuring Agency in case any of the conditions listed in BDS, GCC and SCC are invoked.

17.4. Unsuccessful Bidders' Bid Security will be discharged or returned as promptly as possible after the award of contract, however in no case later than thirty (30) days after the expiration of the period of Bid Validity prescribed by the Procuring Agency. The Procuring Agency shall make no claim to the amount of the Bid Security, and shall promptly return the Bid Security document, whichever of the following that occurs earliest:

17.4.1. the expiry of the Bid Security;

17.4.2. the entry into force of a procurement contract and the provision of a Performance Guarantee, for the performance of the contract if such a guarantee, is required by the bidding document;

17.4.3. the rejection by the Procuring Agency of all Bids;

17.4.4. the withdrawal of the Bid prior to the deadline for the submission of bids, unless the bidding document stipulate that no such withdrawal is permitted.

17.5. The Bid Security may be forfeited or the Bid Securing Declaration executed:

17.5.1. if a bidder:

17.5.1.1. withdraws its bid during the period of bid validity as specified by the Procuring Agency, and referred by the bidder in the Forms of Bid, except as provided for in the ITBs; or

17.5.1.2. does not accept the correction of errors, or

17.5.2. in the case of a successful bidder fails:

17.5.2.1. **to sign the contract in accordance with SCC; or**

17.5.2.2. **to furnish Performance Guarantee in accordance with BDS and SCC.**

17.6. The bid security shall be valid for a period specified in BDS. Bids with shorter bid security validity period shall be rejected straight away.

18. Alternative Bids by Bidders

18.1. Alternatives will not be considered, unless specifically allowed for in the BDS.

18.2. When alternative times for completion are explicitly invited, a statement to that effect will be included in the BDS and the method of evaluating different time schedules will be described in Evaluation and Qualification Criteria.

19. Withdrawal, Substitution, and Modification of Bids

19.1. Before Bids submission deadline, any bidder may withdraw, substitute, or modify his bid after it has been submitted.

20. Format and Signing of Bids

20.1. The bidder shall prepare and submit his bid with due diligence after carefully reading all the terms and conditions before submission through

EPADS v2.0.

20.2. Any interlineations, erasures, or overwriting shall be valid only if they are signed by the person(s) signing the forms of bid.

D. Submission of Bids

21. Submission of Bids through EPADS v2.0 before Dead deadline

21.1. The Technical and Financial Bids as the case may be, shall be submitted in the due portion of the EPADS v2.0, before bid submission deadline. The bid submission option shall be automatically disabled once the deadline is over.

21.2. The Procuring Agency may, under exceptional circumstances and at its discretion, extend the deadline for the submission of bids by amending the Bidding Documents. In such a case, all rights and obligations of the Procuring Agency and the Bidders that were previously subject to the original deadline shall thereafter be subject to the revised deadline.

E. Opening and Evaluation of Bids

22. Opening & Evaluation of Bids by the Procurement Cell/Evaluation Committee

22.1. The Procuring Agencies to constitute odd number Bid Evaluation Committee for the purpose of bid opening and evaluation of all procurements. As per Rules 29 & 30 of Public Procurement Rules, 2004, The Procuring Agency is required to establish a Procurement Cell/Evaluation Committee which shall Evaluate the Bids in accordance with the evaluation criteria, terms and conditions given in the bidding documents.

23. Opening of Bids

23.1. The Bid Evaluation Committee of the Procuring Agency will open all bids through EPADS, in the presence of bidders' or their representatives who

choose to attend, and other parties with a legitimate interest in the bid proceedings at the place, on the date and at the time, specified in the **BDS**. The Bidders' representatives present shall sign attendance sheet as proof of their attendance.

23.2. The bids shall be opened one at a time, and the following read out and recorded: (a) the name of the bidder; (c) the presence of a bid security, if required; and (d) any other details as the procuring agency may consider appropriate.

23.3. No bid will be rejected at the time of bid opening except for bids whose bid security has not been provided to the procuring agency before submission deadline.

23.4. The procuring agency shall prepare minutes of the bid opening. The record of the bid opening shall include, as a minimum: the name of the bidder and the bid price, if applicable.

24. Confidentiality

24.1. Information relating to the examination, clarification, evaluation and comparison of bids and recommendation of contract award shall not be disclosed to bidders or any other person(s) not officially concerned with such process, until the time of the announcement of the respective evaluation report.

24.2. Any effort by a bidder to influence the procuring agency processing of bids or award decision may result in the rejection of his bid.

25. Preliminary Examination of Bids

25.1. Prior to the detailed evaluation of bids, the procuring agency will determine whether each bid:

25.1.1. meets the eligibility criteria defined in **BDS**;

25.1.2. has been prepared as per the format and contents defined by the procuring agency in the bidding document;

25.1.3. is accompanied by the required securities; and

25.1.4. is substantially responsive to the requirements of the bidding document.

25.2. The procuring agency will confirm that the documents and information specified under **BDS, GCC and SCC** have been provided in the bids. If any of these documents or information is missing, or is not provided in accordance with the Instructions to Bidders, the bids shall be rejected.

25.3. If a bid is not substantially responsive, it will be rejected by the procuring agency and may not subsequently be evaluated for complete technical responsiveness.

26. Examination of Terms and Conditions, Technical Evaluation

26.1. The procuring agency shall evaluate the technical aspects of the bids submitted in accordance with **BDS**, to confirm that all requirements specified in **Evaluation Criteria, Technical Specifications and Schedule of Requirements**, prescribed in the bidding document have been met without material deviation or reservation.

26.2. If after the examination of the terms and conditions and the technical evaluation, the procuring agency determines that the bid is not substantially responsive in accordance with **BDS**, it shall reject the bids.

27. Correction of Errors

27.1. Bids determined to be substantially responsive will be checked for any arithmetic errors. Errors will be corrected as follows: -

27.1.1. if there is a discrepancy between unit prices and the total price that is obtained by multiplying the unit price and quantity, the unit price shall prevail, and the total price shall be corrected, unless in the opinion of the procuring agency there is an obvious misplacement of the decimal point in the unit price, in which the total price as quoted shall govern and the unit price shall be corrected;

27.1.2. if there is an error in a total corresponding to the addition or subtraction of sub-totals, the sub-totals shall prevail and the total shall be corrected; and

27.1.3. where there is a discrepancy between the amounts in figures and in words, the amount in words will govern.

27.1.4. Where there is discrepancy between grand total of price schedule and amount mentioned on the Forms of bid, the amount referred in Price Schedule shall be treated as correct subject to elimination of other errors.

27.2. The amount stated in the bid will be adjusted by the procuring agency in accordance with the above procedure for the correction of errors and, with the concurrence of the bidder that shall be considered as binding upon the bidder. If the Bidder does not accept the corrected amount, his bid will then be rejected, and the Bid Security may be forfeited or the Bid Securing Declaration may be executed.

28. Conversion to Single Currency

28.1. As per Rule 30 of Public Procurement Rules, 2004.

29. Evaluation of Bids

29.1. The procuring agency shall evaluate bids in accordance with Rule 30 of Public Procurement Rules, 2004 and compare only those bids determined to be substantially responsive.

29.2. In evaluating the Technical Bids of each Bidder, the Procuring Agency shall apply the evaluation criteria and methodologies specified in the Bid Data Sheet (BDS) and in accordance with the Statement of Requirements and Technical Specifications. No other evaluation criteria or methodologies shall be permitted.

29.3. In case of tie of bids, the bidders shall be provided an opportunity to offer their best and final monetary offer through EPADS. However, in no case the rates shall be higher than the original financial bids.

29.4. The Procuring agency evaluation of a bid will take into account:

29.4.1. the bid price, excluding provisional sums and the provision, if any, for contingencies in the summary bill of quantities, but including day work items, where priced competitively;

29.4.2. price adjustment for correction of arithmetic errors in accordance with **ITB 6**;

29.5. converting the amount resulting from applying (a) and (b) above, if relevant, to a single currency in accordance with **ITB 7**;

29.6. The estimated effect of the price adjustment provisions of the Conditions of Contract, applied over the period of execution of the Contract, shall not be taken into account in bid evaluation.

29.7. If these bidding documents allow bidders to quote separate prices for different lots, and the award to a successful bidder of multiple lots, the methodology of evaluation to determine the lowest evaluated lot combinations in the Form of Bid, is specified in the **BDS**.

30. Determination of Most Advantageous Bids

30.1. Selection technique will be adopted for determining the Successful Bid in accordance with the criteria referred in the **BDS** or prescribed in the separate section titled as Evaluation Criteria.

31. Abnormally Low Financial Bids

31.1. Procuring agency may reject a bid if it has determined that the price, in combination with other constituent elements of the bid, is abnormally low in relation to the subject matter of the procurement, such that it raises material concerns on the part of the procuring agency, as to the ability of the bidder to perform the procurement contract satisfactorily for the offered price.

A procuring agency shall not reject a bid as abnormally low under sub-clause (1) above unless the procuring agency -

31.1.1. requested in writing through EPADS from the bidder a written clarification of his bid, including a detailed price analysis of his bid price in relation to the subject matter of the procurement contract, scope, methodology, schedule, allocation of risks and responsibilities and any other requirements of the bidding document; and

31.1.2. having taken account, the information provided by the bidder in response to a request under paragraph (a) and the information included in the bid, the procuring agency determines that the bidder has failed to demonstrate its ability to perform the procurement contract satisfactorily for the offered price.

The procuring agency shall promptly communicate to the bidder concerned its decision to reject the bid, including the reasons for the decision.

32. Rejection of Bids

32.1. As per Rule 33 of the Public Procurement Rules, 2004

33. Single Responsive Bid

33.1. The procuring agency may consider single responsive bid subject to underlying conditions of Rule 38(b) of the Public Procurement Rules, 2004.

34. Arbitration

34.1. As per Rule 49 of Public Procurement Rules, 2004.

F. Award of Contract

43. Criteria of Award

43.1. The procuring agency will award the Contract to the bidder whose bid has been determined to be substantially responsive to the bidding document and who has been declared as most advantageous Bid.

44. Procuring Agency's Right to reject All Bids

44.1. The procuring agency reserves the right to reject all the Bids and to annul the procurement process at any time prior to acceptance of the bid(s), without thereby incurring any liability to the affected bidder(s).

44.2. Notice of the rejection of all bids shall be given promptly to all bidders that have submitted the bids. The procuring agency shall upon request communicate to any bidder the grounds for the rejection of his bid, but is not required to justify those grounds.

45. Notification of Award

45.1. Prior to the award of contract, the procuring agency shall issue a Final Evaluation Report giving justification for acceptance or rejection of the bids.

45.2. Bidder whose bid has been accepted, will be notified for the award by the Procuring Agency prior to expiration of the Bid Validity period through EPADS. The Letter of Acceptance will state the sum that the procuring agency will pay the successful bidder in consideration for the execution of the scope of works as prescribed by the Contract (hereinafter and in the Contract called the "Contract Price").

45.3. The notification of award will constitute the formation of the Contract, subject to the condition that bidder furnish the Performance Guarantee and signing of the contract.

46. Signing of Contract

46.1. Promptly after notification of award, Procuring Agency shall send the successful bidder the draft agreement, incorporating all terms and conditions as agreed by the parties to the contract. The successful bidder and the procuring agency shall sign the contract.

47. Performance Guarantee

47.1. After the receipt of the Letter of Acceptance, the successful bidder, within the specified time, shall deliver to the Procuring Agency a Performance Guarantee in the amount and in the form stipulated in the **BDS**

and SCC, denominated in the type and proportions of currencies in the Letter of Acceptance and in accordance with the Conditions of Contract.

47.2. Failure of the successful bidder to comply with the requirement of **BDS, SCC and GCC** shall constitute sufficient grounds for the annulment of the award and forfeiture of the bid security, in which event the procuring agency may make the award to the next ranked bidder or call for new bids.

48. Corrupt & Fraudulent Practices

48.1. Procuring Agencies (including beneficiaries of Government funded projects and procurement) as well as Bidders/Contractors under Government financed contracts, observe the highest standard of ethics during the procurement and execution of such contracts, and will avoid to engage in any corrupt and fraudulent practices.

G. Grievance Redressal & Complaint Review Mechanism

53. Constitution of Grievance Redressal

53.1. Procuring agency shall constitute a Grievance Redressal Committee (GRC) comprising of an odd number of persons with proper power and authorization to address the complaint. The GRC shall not have any of the members of Procurement Evaluation Committee.

54. GRC Procedure

54.1. Any aggrieved party or bidder as the case may be, may file grievance in accordance with Rule 48 of the Public Procurement Rules, 2004 and Redressal of Grievance Regulations, 2022

H. Blacklisting/ Debarment

55. Procedure for Blacklisting/Debarment

55.1. The procuring agency may initiate blacklisting proceedings against contractor/supplier in accordance with Rule-19 of the Public Procurement

Rules, 2004 , Mechanism for Blacklisting, Debarment Regulations, 2024 and Regulation on “procedure for filling and disposal of review petition under rule-19(3) of the Public Procurement Rules, 2004.

Bid Data Sheet

Bids Data Sheet (BDS)

The following specific data for the procurement of Non-Consultancy Services to be procured shall complement, supplement, or amend the provisions in the Instructions to Bidders (ITB). Whenever there is a conflict, the provisions herein shall prevail over those in ITB.

BDS Clause Number

ITB Number

Amendments of, and Supplements to, Clauses in the Instruction to Bidders

A. Introduction

BDS Clause Number 1

Name of Procuring Agency: **National Institutes of Health (NIH) (National Institutes of Health (NIH))**

The subject of procurement is: **Extension of Vaccine Filling and Supply Line Facility on Design and Build Model at Biological Production Division (BPD), National Institute of Health Islamabad.**

Expected commencement date: **Monday, November 2, 2026**

BDS Clause Number 2

Financial year for the operations of the Procuring Agency: **2026-27**

Name and identification number of the Contract: **P106243**

BDS Clause Number 3

JV/Consortium or Association Allowed: **No**

Number of JV/Consortium Members: **Nil**

B. Bidding Documents

BDS Clause Number 4

The Bidders may seek clarifications through **EPADS v2.0**: Clarification Date: Thursday, September 17, 2026

BDS Clause Number 5

Any addendum, in case issued, shall be published on **National Institutes of Health (NIH) (National Institutes of Health (NIH))** website and on **EPADS v2.0**.

BDS Clause Number 6

List of documents required along with the bid:

1. i. The contractor will provide, architectural design, HVAC design, MEP design, equipment layout planning, BOQs, of the vaccine filling and supply line facility in accordance with DRAP standards
2. ii. All design and proposals should be compliant with DRAP requirements and approval from DRAP for plans/layout will be responsibility of contractor firm with all required support from client.
3. iii. The contractor shall visit the project site and review the layout of the building for the vaccine filling and supply line facility.
4. iv. Air classification of areas must be considered i.e. (Class A through Laminar flow), (Class B, Class C, Class D through HVAC) as WHO/ DRAP standards. Etc.
5. v. Contractor will assess the already installed equipment and provide design, BOQs and complete assessment as per available material and any alterations will be suggested such as in AHUs etc.
6. vi. Contractor will utilize all existing equipment installed and client will be bound to handover the existing equipment to the vendor during execution phase of project along with all necessary service data
7. vii. On site available and installed equipment will be utilized if as per standards
8. viii. Execution will be done as per design approved by DRAP and client. Execution should be seamless and without any problems. Complete facility

finishing will be responsibility of vendor. Scope of work will be as per approved design and BOQs provided by vendor after design as well as the major jobs mentioned in the in Bidding documents

BDS Clause Number 7

The qualification criteria to establish the supply / production capability of the bidder.

see Eligibility Criteria

BDS Clause Number 8

Services and Their related documents:

See section Required Services and Scope of Work

BDS Clause Number 9

Price schedule will be provided according to the format defined and acquired.

see section price schedule.

BDS Clause Number 10

Specifications:

see section of specifications.

C. Preparation of Bids

BDS Clause Number 11

The price shall be **Fixed**.

BDS Clause Number 12

Currency of the Bids shall be : **PKR**

BDS Clause Number 13

The Bids/Bid Validity period shall be: **90 Days**

BDS Clause Number 14

The amount of Bid Security shall be as defined in Bid Security Section for items and lots given in **BDS 6**

The Bid Security shall be in the form of: **Pay Order, Call at Deposit, Demand Draft**

BDS Clause Number 15

The Bids security shall be valid for twenty-eight (28) days beyond the expiry of the Bids validity period specified in the bidding documents, for example the bid validity is 90 days so the bid security shall be valid for $90+28 = 118$ days.

BDS Clause Number 16

Alternative Bids to the requirements of the bidding documents will not be permitted.

D. Submission of Bids

BDS Clause Number 17

Bid shall be submitted online on EPADS v2.0 whereas hard copy of the bid security should be submitted to the following;

Park Road, Islamabad Capital Territory

Bids that are not submitted on EPADS v2.0 shall be disqualified.

The deadline for Bids submission is: **Thursday, September 24, 2026 11:00 AM**

E. Opening and Evaluation of Bids

BDS Clause Number 18

The Bids opening shall take place on **EPADS v2.0**.

Day : **Thursday**

Date: **Thursday, September 24, 2026**

Time : **11:30 AM**

BDS Clause Number 19

Selection technique adopted will be: **Least Cost Based Selection (LCBS)**
see Evaluation Criteria

F. Award of Contract

BDS Clause Number 20

The Performance guarantee shall: **10.00%**.

The Performance Guarantee shall be acceptable in the form of: **Call at Deposit, Bank Guarantee, Demand Draft**

21.

51.1

Arbitrator shall be appointed by mutual consent of the both parties.

G. Review of Procurement Decisions

BDS Clause Number 22

Grievance against this procurement shall be submitted online on EPADS v2.0.

Eligibility Criteria

Bidder's Type	Required Registration
Any	NADRA CITIZENSHIP (CNIC/NICOP) FBR (NTN) FBR (GSTN) SECP

Eligibility Criteria	Document
PEC valid license of Category C2 or above.	Yes
Power of attorney authorizing the signatory of the bid to act for and on behalf of the bidder.	Yes
Submit evidence of average annual turnover for the past three years. (200 Million) along with audit reports.	Yes
Furnish a technical proposal taking into account the various Appendices to Bid specially the following: Appendix-A to Bid Proposed Design and Construction Schedule Appendix-B to Bid Method of Performing the Work Appendix-C to Bid List of Major Equipment Appendix-D to Bid Organization Chart for Supervisory Staff and other pertinent information such as mobilization programmatic	Yes
Evidence of access to financial resources along with average annual Construction turnover	Yes
Latest status of financial resources commitment for last two years (Including the current year).	Yes
Complete company profile	Yes

Information about litigation presently in process	Yes
Any other documents required to be submitted in accordance with these bidding documents.	Yes
Details of similar work executed	Yes
Certificate of registration of bidder's firm dully updated (Pakistan Engineering Council).	Yes
Relevant Experience: Proven experience in developing laboratories.	Yes
Technical Expertise: Expertise in ventilation/HVAC for labs, electrical, and plumbing systems,	Yes
List of Projects completed in the relevant field	Yes

Evaluation Criteria

Least Cost Based Selection (LCBS)

Weightage

Technical Evaluation %	
100	
Technical Marks	100
Passing Marks	80
Technical Evaluation Criteria	
Documentary evidence of valid PEC certificate Min. C2 category registration in the field of construction of building and related works (Certificate to be attached) Mandatory codes BC01 BC02, CE09,CE10, EE01,EE02,EE03,EE04,EE05,EE07 ME01, ME02,ME06 (Qualitative)(Doc Required)	30
Documentary evidence to be attached (including construction, renovation, remediation, repair and demolition) i) 1-5 years' experience (5 points) ii) 6-10 years' experience 10 points) iii) More than 10 years' experience (20 points) (Qualitative)(Doc Required)	20
Documentary evidence especially of construction / renovation of laboratories/ OTs/ Clean room/HVAC to be attached. i) 1Project (5points) ii) 2 Projects (10 points) iii) More than 2 Projects (20 points) (Qualitative)(Doc Required)	20
Bank statement of last three years; (Qualitative)(Doc Required)	5
Audited Balance sheets of last 2 years by Chartered Accountant firms. (Qualitative)(Doc Required)	20

Provide list of key technical personnel proposed to be employed on the project with CVs and signed statement on their availability for the project duration (Qualitative)(Doc Required)

Position: Extension of Vaccine Filling and Supply Line Facility on Design and Build Model at Biological Production Division (BPD), National Institute of Health Islamabad.

Specifications / Requirements:

Sr	Detailed Item Description as per Clause 7	Category	Unit	Qty
1	Construction Services (Lump Sum) The bidder shall provide complete professional services for the design of the building extension works. Scope includes but is not limited to. • Detailed site survey and assessment of the existing HVAC system, ducting, HEPA filters, chiller system, and all installed utilities/equipment. • Architectural planning and layout design for the extension (new change rooms, buffer zones, airlocks, personnel/material exits, and associated areas) while ensuring seamless integration with the existing facility. • Detailed MEP (Mechanical, Electrical & Plumbing) design mainly focused on extension areas only with integration with the pre-existing structure and HVAC and other systems and equipment.	Design Services	Job	1

Sr	Detailed Item Description as per Clause 7	Category	Unit	Qty
•	HVAC design for the new extension zones with appropriate clean room classification (Grade A, B, C & D), pressure cascades, airlocks, buffer zones, and personnel/material flow as per			

Sr	Detailed Item Description as per Clause 7	Category	Unit	Qty
	- Equipment layout planning for vaccine filling operations in the extended area with required utilities. - Structural stability assessment of the extension (where required)			

Sr	Detailed Item Description as per Clause 7	Category	Unit	Qty
Waste management, drainage, and decontamination planning as per cGMP.				
Preparation of detailed Bill of Quantities (BOQ), technical specifications.				

Sr	Detailed Item Description as per Clause 7	Category	Unit	Qty
Full compliance with DRAP regulations for sterile vaccine production.				
The Contractor shall submit all drawings, calculations, and documents for approval by NIH/DRAP.				

Sr	Detailed Item Description as per Clause 7	Category	Unit	Qty
2	HVAC Works for Extension (as per approved design): Job: 1 Lot .Supply, installation, testing, and commissioning of HVAC extension / integration works for the new change rooms, buffer zones, airlocks, and exits. All new works shall integrate seamlessly with the existing HVAC system, ducting, HEPA filters, and chiller system. Works shall comply with DRAP standards. Key components • Extension and modification of existing ducting for supply return, fresh, and exhaust air to the new areas, including volume control dampers (VCDs), turning vanes, flexible connections, supports and proper sealing. • Supply and installation of additional H14 HEPA filters (99.995% efficiency @ 0.3 um, sizes as per drawings) complete with filter boxes, gaskets, and leak-proof installation suitable for laminar flow and clean room applications. Each filter shall be factory-tested with test certificate. • Additional 3 kW, 3-phase Variable Frequency Drives (VFD) (Danfoss / Siemens / Dwyer or equivalent) for speed control of existing AHU blower motors serving the new zones (if required to achieve design CFM and pressure differentials). • UV-C disinfection lamps in the blower section of the integrated AHU (Philips or equivalent), if required for the new zones. • Closed-cell XLPE insulation (19 mm thick, Aero foam or equivalent) on new/extended ducts with canvas wrapping and anti-fungal coating.	AHU Additional (To be Integrated with the Previously installed AHU and Chiller Systems)	Job	1

Sr	Detailed Item Description as per Clause 7	Category	Unit	Qty

Sr	Detailed Item Description as per Clause 7	Category	Unit	Qty
	Utilization of existing system: All existing AHUs, ducting, HEPA filters, VFDs, and associated devices shall be retained and fully utilized. New components shall only be provided where required			

Sr	Detailed Item Description as per Clause 7	Category	Unit	Qty
3	Civil & Architectural Works (Extension and pro existing building)	Civil Works	Job	1
	Job: 1 Lot			
	careful dismantling of existing brick/block/masonry walls/partitions (without damaging adjacent structures, finishes, or MEP services), construction of new walls for change rooms, buffer zones, airlocks, and exits as per approved layout, plastering on both sides, and complete painting (primer + finishing coats). All works shall include proper coordination with existing MEP services, scaffolding, debris disposal, and finishing as per approved drawings and relevant standards.			
	All finishes in classified areas shall be cleanroom compatible, non-porous, smooth, easy to sanitize, and compliant with cGMP requirements including epoxy flooring, ceiling, coving, flush finishes, and sealed joints.			
4	Providing, supplying, installation, testing and commissioning of containment laboratory doors complete with interlocking system (where required), including stainless steel / powder-coated doors with airtight sealing, view panels (if required), door closers, electromagnetic interlock system ensuring that only one door opens at a time, control panels, sensors, wiring, and all necessary hardware, accessories and complete system as per GMP requirements and approved drawings, complete in all respects.	Mechanical Works	Job	1

Sr	Detailed Item Description as per Clause 7	Category	Unit	Qty
5	Engineering, supply, installation, testing and commissioning of complete pharmaceutical-grade Water Treatment Plant of Capacity 200Ltr/hr for generation, storage and distribution of Purified Water (PW) and Water for Injection (WFI), including raw water pre-treatment and Course filtration, double-pass RO, EDI, distillation unit, SS316L storage tanks as per design capacity, sanitary distribution loop, online monitoring, PLC-based controls, sanitization system, validation (IQ/OQ/PQ), as per WHO standards, complete in all respects. End user will provide feed water quality parameters.	Clean Utility System (Water Treatment Plant – PW/WFI)	Job	1
6	Engineering, supply, installation, testing and commissioning of Steam Pipeline from already installed Boiler Room to the Filling and Supply Line Lab (approx. 500m in length) Design Pressure & Operating Range: 80 to 100 psi (5.5 bar to 6.9 bar) regulated network Design Operating Temperature: 134°C continuous temperature at the point of use Steam Flow Rate Capacity: Minimum peak capacity of 450 kg/h to 600 kg/h complete in all respect along with insulation and auto steam traps.	Steam pipeline	Job	1
7	Supply, installation, testing and commissioning of Laminar Flow Hood (LFH) units of appropriate size providing ISO Class 5 (Grade A) environment with unidirectional airflow, Compliance: ISO 14644-1 Class 5; EU GMP / DRAP Grade A air quality standards Airflow Velocity: 0.45 m/s $\pm$ 20% (90 fpm) continuous uniform velocity at working level Airflow Volumetric Rate: Dynamically calculated based on hood size to maintain required air changes H14 HEPA filters (99.995% efficiency), UV sterilization, SS construction, differential pressure monitoring, and integration with cleanroom systems, complete in all respects.	Cleanroom Equipment (Laminar Flow Hood – LFH)	Job	2

Sr	Detailed Item Description as per Clause 7	Category	Unit	Qty
8	Supply, installation, testing and commissioning of Backup Diesel Generator System 200 KVA including generator set, acoustic enclosure, AMF/ATS panels, fuel system, exhaust, earthing, synchronization (if required), and integration with facility electrical system for uninterrupted power supply to critical loads, complete with testing and commissioning .	Electrical Utility System (Backup Power Generator)	Job	1
9	Providing, supplying, installation, testing and commissioning of complete Nitrogen Purging system on filling machine. The complete system includes piping network, control valves, pressure regulations integrating with supply system and safe venting arrangements. Operational Delivery Pressure: 1.0 bar to 3.5 bar (Adjustable; regulated from bulk supply pressure of 6-8 bar) Purging Flow Rate Range: 5 to 50 Nm ³ /h (Dynamically regulated based on filling machine indexing speed and nozzle configuration) Gas Filtration System: Dual-stage filtration: * 1st Stage: 1.0 µm particulate pre-filter * 2nd Stage: 0.22 µm sterile, hydrophobic PTFE gas filter (Point-of-Use, integrity testable) Complete in all respects as per approved lay out, project requirements and applicable standards of DRAP.	Nitrogen Purging System	Job	1
10	Providing, supplying, installation, testing and commissioning of complete plumbing and drainage system as per approved layout plan, including water supply lines (PPRC/UPVC/SS as required), valves, fittings, floor drains, traps, manholes, cleanouts, vent piping, sanitary fixtures connections, insulation, supports, and all associated accessories, complete in all respects, ensuring proper slope, leakage testing and compliance with applicable standards and approved drawings plasco/equivalent	Plumbing and Water Supply works	Job	1
11	Conventional Fire Alarm system:	Fire Alarm System		

Sr	Detailed Item Description as per Clause 7	Category	Unit	Qty
	Providing, supplying, installation, testing and commissioning of complete Conventional Fire Alarm System, including main fire alarm control panel with all necessary modules, indicators and backup power supply, compatible with			

Sr	Detailed Item Description as per Clause 7	Category	Unit	Qty
12	supply, installation, testing and commissioning (EPC) of complete electrical systems for laboratory facility, including detailed design and preparation of drawings for lighting systems (interior and exterior) with fixtures, wiring, circuiting, control systems and compliance with required lux levels and energy efficiency standards; execution of complete power distribution system including cables, conduits, cable trays, receptacles, DBs and panels with load calculations, panel assignments and coordination with all services; design and installation of main and sub-panel boards including feeder sizing, breakers, load balancing and panel board wiring complete with schedules and diagrams; complete earthing and grounding system including electrodes, conductors, bonding and integration with lightning protection and sensitive equipment protection; and provision and installation of backup/emergency power systems including generators, .The scope includes preparation of shop drawings, single-line diagrams, schematics, supply of all materials and equipment, complete installation, termination, testing, commissioning, as-built drawings and handing over of the system, complete in all respects as per approved layout, project requirements and applicable standards.	Electrical Works	Job	1
13	Supply, installation, testing and commissioning of Automatic Vial Washing Machine of Capacity 300 Vials (Range 5 ml to 10ml) with integrated Laminar Flow Hood (LFH) for vaccine production, suitable for washing pharmaceutical glass vials using PW/WFI and sterile compressed air, including SS316L construction, HEPA-filtered ISO 5 / Grade A protection, PLC-based control system, safety interlocks, utility connections, and compliance with GMP requirements, complete in all respects.	Vial Washer	Job	1

Sr	Detailed Item Description as per Clause 7	Category	Unit	Qty
14	Supply, Installation , testing and Commissioning of 2* Cold Rooms for Storage of Raw material and finished Product, Temperature Ranging 2-8 degree C, along with automatic operations and safety system, each having 2 units, complete in all respect .	Cold Rooms	Job	1
15	Testing and Commissioning of Complete System, Submission of As built Drawings, Submittals. Contractor shall support complete HVAC, cleanroom, compressed air system, and water system validation, HEPA integrity testing (PAO), airflow visualization studies, particle count tests, recovery tests 30 minutes, pressure differential verification, temperature/humidity mapping, and all documentation required.	Testing Commissioning

4	Providing, supplying, installation, testing and commissioning of containment laboratory doors complete with interlocking system (where required), including stainless steel / powder-coated doors with airtight sealing, view panels (if required), door closers, electromagnetic interlock system ensuring that only one door opens at a time, control panels, sensors, wiring, and all necessary hardware, accessories and complete system as per GMP requirements and approved drawings, complete in all respects.	Mechanical Works	Job	1
5	Engineering, supply, installation, testing and commissioning of complete pharmaceutical-grade Water Treatment Plant of Capacity 200Ltr/hr for generation, storage and distribution of Purified Water (PW) and Water for Injection (WFI), including raw water pre-treatment and Course filtration, double-pass RO, EDI, distillation unit, SS316L storage tanks as per design capacity, sanitary distribution loop, online monitoring, PLC-based controls, sanitization system, validation (IQ/OQ/PQ), as per WHO standards, complete in all respects. End user will provide feed water quality parameters.	Clean Utility System (Water Treatment Plant – PW/WFI)	Job	1

6	Engineering, supply, installation, testing and commissioning of Steam Pipeline from already installed Boiler Room to the Filling and Supply Line Lab (approx. 500m in length) Design Pressure & Operating Range: 80 to 100 psi (5.5 bar to 6.9 bar) regulated network Design Operating Temperature: 134°C continuous temperature at the point of use Steam Flow Rate Capacity: Minimum peak capacity of 450 kg/h to 600 kg/h complete in all respect along with insulation and auto steam traps.	Steam pipeline	Job	1
7	Supply, installation, testing and commissioning of Laminar Flow Hood (LFH) units of appropriate size providing ISO Class 5 (Grade A) environment with unidirectional airflow, Compliance: ISO 14644-1 Class 5; EU GMP / DRAP Grade A air quality standards Airflow Velocity: 0.45 m/s $\pm$20% (90 fpm) continuous uniform velocity at working level Airflow Volumetric Rate: Dynamically calculated based on hood size to maintain required air changes H14 HEPA filters (99.995% efficiency), UV sterilization, SS construction, differential pressure monitoring, and integration with cleanroom systems, complete in all respects.	Cleanroom Equipment (Laminar Flow Hood – LFH)	Job	2

8	Supply, installation, testing and commissioning of Backup Diesel Generator System 200 KVA including generator set, acoustic enclosure, AMF/ATS panels, fuel system, exhaust, earthing, synchronization (if required), and integration with facility electrical system for uninterrupted power supply to critical loads, complete with testing and commissioning .	Electrical Utility System (Backup Power Generator)	Job	1
9	Providing, supplying, installation, testing and commissioning of complete Nitrogen Purging system on filling machine. The complete system includes piping network, control valves, pressure regulations integrating with supply system and safe venting arrangements. Operational Delivery Pressure: 1.0 bar to 3.5 bar (Adjustable; regulated from bulk supply pressure of 6-8 bar) Purging Flow Rate Range: 5 to 50 Nm ³ /h (Dynamically regulated based on filling machine indexing speed and nozzle configuration) Gas Filtration System: Dual-stage filtration: * 1st Stage: 1.0 µm particulate pre-filter * 2nd Stage: 0.22 µm sterile, hydrophobic PTFE gas filter (Point-of-Use, integrity testable) Complete in all respects as per approved lay out, project requirements and applicable standards of DRAP.	Nitrogen Purging System	Job	1

10	Providing, supplying, installation, testing and commissioning of complete plumbing and drainage system as per approved layout plan, including water supply lines (PPRC/UPVC/SS as required), valves, fittings, floor drains, traps, manholes, cleanouts, vent piping, sanitary fixtures connections, insulation, supports, and all associated accessories, complete in all respects, ensuring proper slope, leakage testing and compliance with applicable standards and approved drawings plasco/equivalent	Plumbing and Water Supply works	Job	1
----	--	---------------------------------	-----	---

11	Conventional Fire Alarm system: Providing, supplying, installation, testing and commissioning of complete Conventional Fire Alarm System, including main fire alarm control panel with all necessary modules, indicators and backup power supply, compatible with all connected devices; supply and installation of detection devices including conventional smoke detectors with manual call points (MCPs) at designated locations with proper labeling, mounting and accessibility; installation of audible and visual alarm devices including sounders, bells and strobes ensuring adequate coverage throughout the facility; and supply and installation of all required cabling, conduits, junction boxes and accessories with proper routing, support and termination, complete in all respects as per approved layout, relevant codes and standards, and ensuring full system functionality with as required detection devices (sensors), and Sounders and cabling complete work in all respects including main control panel	Fire Alarm System		
----	---	-------------------	--	--

12	supply, installation, testing and commissioning (EPC) of complete electrical systems for laboratory facility, including detailed design and preparation of drawings for lighting systems (interior and exterior) with fixtures, wiring, circuiting, control systems and compliance with required lux levels and energy efficiency standards; execution of complete power distribution system including cables, conduits, cable trays, receptacles, DBs and panels with load calculations, panel assignments and coordination with all services; design and installation of main and sub-panel boards including feeder sizing, breakers, load balancing and panel board wiring complete with schedules and diagrams; complete earthing and grounding system including electrodes, conductors, bonding and integration with lightning protection and sensitive equipment protection; and provision and installation of backup/emergency power systems including generators, .The scope includes preparation of shop drawings, single-line diagrams, schematics, supply of all materials and equipment, complete installation, termination, testing, commissioning, as-built drawings and handing over of the system, complete in all respects as per approved layout, project requirements and applicable standards.	Electrical Works	Job	1
----	--	------------------	-----	---

13	Supply, installation, testing and commissioning of Automatic Vial Washing Machine of Capacity 300 Vials (Range 5 ml to 10ml) with integrated Laminar Flow Hood (LFH) for vaccine production, suitable for washing pharmaceutical glass vials using PW/WFI and sterile compressed air, including SS316L construction, HEPA-filtered ISO 5 / Grade A protection, PLC-based control system, safety interlocks, utility connections, and compliance with GMP requirements, complete in all respects.	Vial Washer	Job	1
14	Supply, Installation , testing and Commissioning of 2* Cold Rooms for Storage of Raw material and finished Product, Temperature Ranging 2-8 degree C, along with automatic operations and safety system, each having 2 units, complete in all respect .	Cold Rooms	Job	1
15	Testing and Commissioning of Complete System, Submission of As built Drawings, Submittals. Contractor shall support complete HVAC, cleanroom, compressed air system, and water system validation, HEPA integrity testing (PAO), airflow visualization studies, particle count tests, recovery tests 30 minutes, pressure differential verification, temperature/humidity mapping, and all documentation required. General Conditions of Contract

A. General

1. Definitions

1.1. Unless the context otherwise requires, the following terms whenever used in this Contract shall have the same meaning and shall be interpreted as indicated

1.1.1. “Applicable Law” means the laws and any other instruments having the force of law in the Government’s Country, or in such other country as may be specified in the Special Conditions of the Contract (SC), as they may be issued and in force from time to time;

1.1.2. “The Contract” means an agreement enforceable by law;

1.1.3. “The Contract Price” means the price payable to the Contractor under the Contract for the full and proper performance of its contractual obligations;

1.1.4. “The Services” means the work to be performed by the Contractor pursuant to this Contract and as prescribed in the Specifications and Schedule of Activities included in the Contractor’s Bid;

1.1.5. “Ancillary Services” means those services ancillary to the provision of Services, such as transportation and insurance, and any other incidental services, such as installation, commissioning, provision of technical assistance, training, and other such obligations of the Contractor covered under the Contract;

1.1.6. “GCC” means the General Conditions of Contract contained in this section;

1.1.7. “SCC” means the Special Conditions of Contract by which the GCC may be amended or supplemented;

1.1.8. “Day” means calendar day unless indicated otherwise;

1.1.9. “Effective Date” means the date on which this Contract comes into force and effect;

1.1.10. “The Contractor” means the individual or corporate body whose Bids to provide the Services has been accepted by the Procuring Agency;

1.1.11. “The Project Site,” where applicable, means the place or places named in Bid Data Sheet and technical Specifications;

1.1.12. “Government” means the Government of Pakistan;

1.1.13. “Local Currency” means the currency of Pakistan;

1.1.14. “In Writing” means communicated in written form with proof of receipt;

1.1.15. “Completion Date” means the date of completion of the Services by the Contractor as certified by the Procuring Agency;

1.1.16. “Foreign Currency” means any currency other than the currency of the country of the Procuring Agency;

1.1.17. "Party" means the Procuring Agency or the Contractor, as the case may be, and "Parties" means both of them;

1.1.18. "Service" means any object of procurement other than goods or works;

1.1.19. "Subcontractor" means any entity to which the Bidder subcontracts any part of the Services.

2. Applicable Law

2.1. The contract shall be governed and interpreted in accordance with the laws of Pakistan, unless otherwise specified in SCC.

3. Language

3.1. The Contract as well as all correspondence and documents relating to the Contract exchanged between the Contractor and the Procuring Agency, shall be written in the **English language** unless otherwise stated in the SCC. Supporting documents and printed literature that are part of the Contract may be in another language provided these are accompanied by an accurate translation of the relevant passages in English, in which case, for purposes of interpretation of the Contract, this translation shall govern.

4. Notices

4.1. Any notice, request, or consent made pursuant to this Contract shall be in writing and shall be deemed to have been made when delivered in person to an authorized representative of the Party to whom the communication is addressed, or when sent by registered mail, telex, telegram, or facsimile to such Party at the address specified in the SCC.

5. Location

5.1. The Services shall be performed at such locations as the Procuring Agency may approve and as specified in SCC.

6. Authorized Representatives / Authority of Member in charge

6.1. Any action required or permitted to be taken, and any document required or permitted to be executed, under this Contract by the Procuring Agency or the Contractor may be taken or executed by the officials specified in the SCC.

B. Commencement, Completion, Modification, and Termination of Contract

7. Effectiveness of Contract

7.1. This Contract shall come into effect on the date the Contract is signed by both parties and such other later date as may be stated in the SCC.

8. Commencement of Services

8.1. The Contractor shall confirm availability of Key Experts and begin carrying out the Services not later than the number of days after the Effective Date specified in the SCC.

9. Program schedule

9.1. Before commencement of the Services, the Contractor shall submit to the Procuring Agency for approval a Program showing the general methods, arrangements, order and timing for all activities. The Services shall be carried out in accordance with the approved Program as updated.

10. Starting Date/Expiration Date

10.1. The Contractor shall start carrying out the Services Five (05) days after the date the Contract becomes effective, or at such other date as may be specified in the SCC.

10.2. Unless terminated earlier pursuant to Clause **GCC 14** hereof, this Contract shall expire at the end of such time period after the Effective Date as specified in the SCC.

11. Entire Agreement

11.1. This Contract contains all covenants, stipulations and provisions agreed by the Parties. No agent or representative of either Party has authority to make, and the Parties shall not be bound by or be liable for, any statement, representation, promise or agreement not set forth herein.

12. Modification

12.1. Any modification or variation of the terms and conditions of this Contract, including any modification or variation of the scope of the Services, may only be made by written agreement between the Parties. However, each Party shall give due consideration to any modification(s) or variation(s) made by the other Party.

12.2. In cases of any modification(s) or variation(s), the prior written consent of the Procuring Agency is required.

13. Force Majeure

13.1. Definition

For the purposes of this Contract, "Force Majeure" means an event which is beyond the reasonable control of a Contractor and which makes a Contractor's performance of its obligations under the Contract impossible or so impractical as to be considered impossible under the circumstances.

13.2. No Breach of Contract

The failure of a Party to fulfill any of its obligations under the contract shall not be considered to be a breach of, or default under, this Contract in so far as such inability arises from an event of Force Majeure, provided that the Party affected by such an event (a) has taken all reasonable precautions, due care and reasonable alternative measures in order to carry out the terms and conditions of this Contract, and (b) has informed the other Party as soon as possible about the occurrence of such an event.

13.3. Extension of Time

Any period within which a Contractor shall, pursuant to this Contract, complete any action or task, shall be extended for a period equal to the time during which such Party was unable to perform such action as a result of Force Majeure.

13.4. Payments

During the period of their inability to perform the Services as a result of an event of Force Majeure, the Contractor shall be entitled to continue to be paid under the terms of this Contract, as well as to be reimbursed for additional costs reasonably and necessarily incurred by them during such period for the purposes of the Services and in reactivating the Service after the end of such period.

14. Termination

14.1. By the Procuring Agency

The Procuring Agency may terminate this Contract in case of the occurrence of any of the events specified in paragraphs (a) through (e) of this Clause. In such an occurrence the Procuring Agency shall give at least thirty (30) calendar days' written notice of termination to the Contractor in case of the events referred to in (a) through (d); at least sixty (60) calendar days' written notice in case of the event referred to in (e);

14.1.1. If the Contractor fails to remedy a failure in the performance of its obligations hereunder, as specified in a notice of suspension;

14.1.2. If the Contractor becomes (or, if the Contractor consists of more than one entity, if any of its members becomes) insolvent or bankrupt or enter into any agreements with their creditors for relief of debt or take advantage of any law for the benefit of debtors or go into liquidation or receivership whether compulsory or voluntary;

14.1.3. If the Contractor fails to comply with any final decision reached as a result of arbitration proceedings;

14.1.4. If, as the result of Force Majeure, the Contractor is unable to perform a material portion of the Services for a period of not less than sixty (60) calendar days;

14.1.5. If the Procuring Agency, in its sole discretion and for any reason whatsoever, decides to terminate this Contract;

14.2. By the Contractor

The Contractor may terminate this Contract, by not less than thirty (30) calendar days' written notice to the Procuring Agency, in case of the occurrence of any of the events specified in paragraphs (a) through (d) of this Clause.

14.2.1. If the Procuring Agency fails to pay any money due to the Contractor pursuant to this Contract and not subject to dispute within forty-five (45) calendar days after receiving written notice from the Contractor that such payment is overdue;

14.2.2. If, as the result of Force Majeure, the Contractor is unable to perform a material portion of the Services for a period of not less than sixty (60) calendar days;

14.2.3. If the Procuring Agency fails to comply with any final decision reached as a result of arbitration;

14.2.4. If the Procuring Agency is in material breach of its obligations pursuant to this Contract and has not remedied the same within forty-five (45) days (or such longer period as the Bidder may have subsequently approved in writing) following the receipt by the Procuring Agency of the Contractor's notice specifying such breach.

C. Obligations of the Contractor

15. General

15.1. Standard of Performance

15.1.1. The Contractor shall perform the Services and carry out the Services with all due diligence, efficiency and economy, in accordance with generally accepted professional standards and practices, and shall observe sound management practices, and employ appropriate technology and safe and effective equipment, machinery, materials and methods. The Contractor shall always act, in respect of any matter relating to this Contract or to the Services, as a faithful adviser to the Procuring Agency, and shall at all times support and safeguard the Procuring Agency's legitimate interests in any dealings with the third parties;

15.1.2. The Contractor shall employ and provide such qualified and experienced Experts and Sub-Contractors as are required to carry out the Services.

15.2. Law Applicable to Services

The Contractor shall perform the Services in accordance with the Contract and in accordance with the Law of Pakistan and shall take all practicable steps to ensure that any of its Experts and Sub-Bidders, comply with the Applicable Law.

16. Conflict of Interests

16.1. Contractor Not to Benefit from Commissions and Discounts

The remuneration of the Contractor shall constitute the Contractor's sole remuneration in connection with this Contract or the Services, and the Contractor shall not accept for their own benefit any trade commission, discount, or similar payment in connection with activities pursuant to this Contract or to the Services or in the discharge of their obligations under the Contract, and the Contractor shall use their best efforts to ensure that the Personnel, any Subcontractors, and agents of either of them similarly shall not receive any such additional remuneration.

16.2. Contractor and Affiliates Not to be Otherwise Interested in Project

The Contractor agree that, during the term of this Contract and after its termination, the Contractor and its affiliates, as well as any Subcontractor and any of its affiliates, shall be disqualified from providing Services (other than the Services and any continuation thereof) for any project resulting from or closely related to the Services.

16.3. Prohibition of Conflicting Activities

Neither the Bidder nor its Subcontractors nor the Personnel shall engage, either directly or indirectly, in any of the following activities:

16.3.1. during the term of this Contract, any business or professional activities in the Government's country which would conflict with the activities assigned to them under this Contract;

16.3.2. during the term of this Contract, neither the Contractor nor their Subcontractors shall hire public employees in active duty or on any type of leave, to perform any activity under this Contract;

16.3.3. after the termination of this Contract, such other activities as may be specified in the SCC.

17. Insurance to be Taken Out by the Contractor

17.1. The Contractor(a) shall take out and maintain, and shall cause any Subcontractors to take out and maintain, at its (or the Sub-contractors', as the case may be) own cost but on terms and conditions approved by the Procuring Agency, insurance against the risks, and for the coverage, as shall be specified in the SCC; and (b) at the Procuring Agency's request, shall provide evidence to the Procuring Agency showing that such insurance has been taken out and maintained and that the current premiums have been paid.

18. Contractor's Actions Requiring Procuring Agency's Prior Approval

18.1. The Contractor shall obtain the Procuring Agency's prior approval in writing before taking any of the following actions:

18.1.1. appointing such members of the Personnel not provided by the Contractor;

18.1.2. changing the Program of activities; and

18.1.3. any other action that may be specified in the SCC.

19. Reporting Obligations

19.1. The Contractor shall submit to the Procuring Agency the reports and documents in the numbers, and within the periods as prescribed by the Procuring Agency.

20. Liquidated Damages

20.1. Payments of Liquidated Damages

The Contractor shall pay liquidated damages to the Procuring Agency at the rate per day stated in the SCC for each day that the Completion Date is later than the Intended Completion Date. The total amount of liquidated damages shall not exceed the amount defined in the SCC. The Procuring Agency may deduct liquidated damages from payments due to the Contractor. Payment of liquidated damages shall not affect the Contractor's liabilities.

20.2. Correction for Over-payment

If the Intended Completion Date is extended after liquidated damages have been paid, the Procuring Agency shall correct any overpayment of liquidated damages by the Contractor by adjusting the next payment certificate. The Contractor shall be paid interest on the overpayment, calculated from the date of payment to the date of repayment, at the rates specified in SCC.

20.3. Lack of performance penalty

If the Contractor has not corrected a Defect within the time specified in the Procuring Agency's notice, a penalty for Lack of performance will be paid by the Contractor. The amount to be paid will be calculated as a percentage of the cost of having the Defect corrected, assessed as specified in the Contractor

21. Performance Guarantee

21.1. Within the time stipulated in the acceptance letter from the Procuring Agency, the successful Bidder shall furnish the Performance Guarantee in shape and amount **specified in SCC**.

21.2. The proceeds of the Performance Guarantee shall be payable to the Procuring agency as compensation for any loss resulting from the Supplier's failure to complete its obligations under the Contract.

21.3. The Performance Guarantee shall be denominated in the currency of the Contract, or in a freely convertible currency acceptable to the Procuring agency and shall be in the acceptable form as specified in **SCC**.

21.4. The Performance Guarantee will be discharged by the Procuring agency and returned to the Supplier not later than thirty (30) days following the date of completion of the Supplier's performance obligations under the Contract, including any warranty obligations, unless otherwise **specified in SCC**.

22. Sustainable Procurement

22.1. The Contractor shall conform to the sustainable procurement contractual provisions, if and as specified in the **SCC**.

D. Contractor's Personnel

23. Description of Personnel

23.1. The titles, agreed job descriptions, minimum qualifications, and estimated periods of engagement in the carrying out of the Services of the Contractor's Key Personnel. The Key Personnel listed by title as well as by name are hereby approved by the Procuring Agency.

24. Removal and / or Replacement of Personnel

24.1. Except as the Procuring Agency may otherwise agree, no changes shall be made in the Key Personnel. If, for any reason beyond the reasonable control of the Contractor, it becomes necessary to replace any of the Key Personnel, the Contractor shall provide as a replacement a person of equivalent or better qualifications.

24.2. If the Procuring Agency finds that any of the Personnel have (i) committed serious misconduct or have been charged with having committed a criminal action, or (ii) have reasonable cause to be dissatisfied with the performance of any of the Personnel, then the Contractor shall, at the Procuring Agency's written request specifying the grounds thereof, provide as a replacement a person with qualifications and experience acceptable to the Procuring Agency.

24.3. The Contractor shall have no claim for additional costs arising out of or incidental to any removal and/or replacement of Personnel.

E. Obligations of the Procuring Agency

25. Change in the Applicable Law

25.1. If, after the date of this Contract, there is any change in the Applicable Law with respect to taxes and duties which increases or decreases the cost of the Services rendered by the Contractor, then the remuneration and reimbursable expenses otherwise payable to the Contractor under this Contract shall be increased or decreased accordingly by agreement between the Parties, and corresponding adjustments shall be made to the amounts referred in the SCC.

26. Services and Facilities

26.1. The Procuring Agency shall make available to the Contractor and the Experts, for the purposes of the Services and free of any charge, the services, facilities and property described in the Terms of Reference, at the times and in the manner specified in the Terms of Reference.

26.2. In case that such services, facilities and property shall not be made available to the Contractor, the Parties shall agree on (i) any time extension that it may be appropriate to grant to the Contractor for the performance of the Services, (ii) the manner in which the Contractor shall procure any such services, facilities and property from other sources, and (iii) the additional payments, if any, to be made to the Contractor as a result thereof.

F. Payments to the Contractor

27. Contract Price

27.1. The price payable shall be in Pakistani Rupees unless otherwise specified in the SCC.

28. Terms and Conditions of Payment

28.1. Payments will be made to the Contractor according to the payment schedule stated in the SCC and as per actual invoice submitted by the Contractor.

28.2. Unless otherwise stated in the SCC, the advance payment shall be made against the provision by the Contractor of a bank guarantee for the same amount, and shall be valid for the period stated in the SCC. Any other payment shall be made after the conditions listed in the SCC for such payment have been met, and the Contractor have submitted an invoice to the Procuring Agency specifying the amount due.

29. Quality Control Identifying Defects

29.1. The principle and modalities of Inspection of the Services by the Procuring Agency shall be as indicated in the SCC. The Procuring Agency shall check the Contractor's performance and notify him of any Defects that are found. Such checking shall not affect the Contractor's responsibilities. The Procuring Agency may instruct the Contractor to search for a Defect and to uncover and test any service that the Procuring Agency considers may have a Defect. Defect Liability Period is as defined in the SCC.

30. Correction of Defects, and Lack of Performance Penalty

30.1. The Procuring Agency shall give notice to the contractor of any Defects before the end of the Contract. The Defects liability period shall be extended for as long as Defects remain to be corrected.

30.2. Every time notice a Defect is given; the contractor shall correct the notified Defect within the length of time specified by the Procuring Agency's notice.

30.3. If the contractor has not corrected a Defect within the time specified in the Procuring Agency's notice, the Procuring Agency will assess the cost of having the Defect corrected, the contractor will pay this amount, and a Penalty for Lack of Performance.

31. Settlement of Disputes Amicable Settlement

31.1. The Parties shall use their best efforts to settle amicably all disputes arising out of or in connection with this Contract or its interpretation.

32. Dispute Settlement

32.1. Arbitration

If any dispute of any kind whatsoever shall arise between the procuring agency and the contractor in connection with or arising out of the Contract, including without prejudice to the generality of the foregoing, any question regarding its existence, validity or termination, or the execution of the contract, the parties shall seek to resolve any such dispute or difference by mutual consultation. If the parties fail to resolve such a dispute or difference even after negotiations or mediation, then the dispute shall be referred within fourteen (14) days in writing by either party to the Arbitrator, with a copy to the other party.

Any dispute in respect of which a notice of intention to commence arbitration has been given, in accordance with **GCC sub-clause 32.1**, shall be finally settled by arbitration. Arbitration may be commenced prior to or after completion of the Contract. Arbitration proceedings shall be conducted in accordance with Arbitration Act 1940. Notwithstanding any reference to arbitration herein, the parties shall continue to perform their respective obligations under the Contract unless otherwise agreed. The Procuring Agency shall continue to pay the Contractor any undisputed amounts due under the Contract during the resolution of any dispute.

Following is the guidance for Dispute Resolution

- i. If any dispute of any kind whatsoever shall arise between the Authority and the Bidder in connection with or arising out of the Contract, including without prejudice to the generality of foregoing, any question regarding its existence, validity, termination and the execution of the Contract – whether during developing phase or after their completion and whether before or after the termination, abandonment or breach of the Contract – the parties shall seek to resolve any such dispute or difference by mutual diligent negotiations in good faith within 14 (fourteen) days following a notice sent by one Party to the other Party in this regard.
- ii. At future of negotiation the dispute shall be resolved through mediation and mediator shall be appointed with the mutual consent of the both parties.
- iii. At the event of failure of mediation to resolve the dispute relating to this contract such dispute shall finally be resolved through binding Arbitration by sole arbitrator in accordance with Arbitration Act 1940. The arbitrator shall be appointed by mutual consent of the both parties. The Arbitration shall take place in Islamabad, Pakistan and

proceedings will be conducted in English language.

iv. The cost of the mediation and arbitration shall be shared by the parties in equal proportion however the both parties shall bear their own costs and lawyer's fees regarding their own participation in the mediation and arbitration. However, the Arbitrator may make an award of costs upon the conclusion of the arbitration making any party to the dispute liable to pay the costs of another party to the dispute.

v. Arbitration proceedings as mentioned in the above clause regarding resolution of disputes may be commenced prior to, during or after completion of the contract.

Notwithstanding any reference to the arbitration herein, the parties shall continue to perform their respective obligations under the Contract unless they otherwise agree that the Authority shall pay the Bidder any monies due to the Bidder.

Arbitrator's fee:

The fee shall be specified in Pak Rupees, as determined by the Arbitrator, which shall be shared equally by both parties.

Appointing Authority for Arbitrator:

By the Mutual Consent or in accordance with the provisions of Arbitration Act, 1940, in case the parties fail to reach a consensus on the name of sole arbitrator, any party may submit an application to the Chief Justice Islamabad High Court for appointment of sole arbitrator. The Chief Justice IHC may appoint a former judge of any High Court or Supreme Court as the sole arbitrator to resolve the dispute between the parties.

Rules of procedure for arbitration proceedings:

Any dispute between the Authority and a Bidder who is a national of the Islamic Republic of Pakistan arising in connection with the present Contract shall be referred to adjudication or arbitration in accordance with the laws of the Islamic Republic of Pakistan including Arbitration Act 1940, however above provision shall prevail in referring the case to the Arbitrator.

Place of Arbitration and Award:

The arbitration shall be conducted in English language and place of arbitration shall be at Islamabad. The award of the arbitrator shall be final and shall be binding on the parties.

Tender:

**Extension of Filling and Supply Line, BPD on Design and Build Model at
National Institute of Health, Islamabad**

2026-27

**NATIONAL INSTITUTE OF HEALTH
ISLAMABAD**

NATIONAL INSTITUTE OF HEALTH ISLAMABAD

1. These terms and conditions are applicable for the Hiring of Design and Build Services for Filling Line and Supply, BPD at the National Institute of Health, Islamabad.
2. These terms and conditions are in harmony with PPRA rules.
3. This process follows Single stage Two envelope procedure as per PPRA.
4. No tender will be considered after the due date and time.

TERMS & CONDITIONS:

1. **Tender Name: Extension of Vaccine Filling and Supply Line Facility on Design and Build Model at Biological Production Division (BPD), National Institute of Health Islamabad.**

Time of Completion: 300 days (extendable due to any unforeseen situations)

Bid Security validity period: 90 days

Date of Opening of Bid: 24.09.2026 at Director Purchase and Procurement Office, NIH, Chak Shahzad, Islamabad

Tender Type: Single Stage Two envelope bidding procedure as per PPRA

2. Tender documents on "F.O.R NIH, Islamabad basis" with complete specifications can be obtained from the Finance Division of this Institute after depositing of Rs.1000/- (Non-refundable) as tender fee. Original receipt of the tender fee must be enclosed with the tender documents.
3. All the tenderers are required to enclose **a Bank draft/Call deposit/ bank guarantee of Rs. 1,500,000/- (Rupees fifteen lac only) TO BE ATTACHED WITH TECHNICAL BID as earnest money of the quoted amount in the name of Executive Director, NIH, Islamabad.** No other negotiable document except Bank draft/ Call deposit/ bank guarantee will be accepted. Any Previous security will not be considered for this tender. The tender of any firm/bidder who does not enclose the fix earnest money/short earnest money in the shape of bank draft/call deposit along with the tender documents, will not be considered. Earnest money will be returned to unsuccessful and successful bidders after the contract is awarded.
4. **10 % performance security** is to be submitted by a successful bidder in the name of Executive Director, NIH, Islamabad In shape of Bank draft/ Call deposit Bank Guarantee issued by any scheduled bank of Pakistan or insurance bond issued by any AA rated insurance company. Any Previous security will not be considered for this tender. Validity of performance security should be till 30 days after completion date of project. Performance security will be returned after completion of project satisfactorily.
5. **Retention money of 5%** will be deducted from the final bill submitted by the consultant which will be returned after completion of DLP (Defect liability period). DLP is 6 months for this project.

Mandatory Requirements to be fulfilled for Acceptance of Technical Bid

6. Only those firms will be considered responsive who have following documents attached as Technical Bid. ***(In case of non-submission of any document, the bid shall be instantly rejected)***

Technical Evaluation Criteria

1. Bids of only those firms will be considered responsive who have following documents attached as Technical Bid. ***(In case of non-submission of any document, the bid shall be instantly rejected):***
 - a. CNIC of Owner of the Firm
 - b. Active NTN (issued by FBR) status on the date of opening of bid.
 - c. Active STRN (issued by FBR) status on the date of opening of bid.
 - d. Bidders should have PEC valid license at the time of opening of bid, of Category C2 or above.
 - e. Submit a written power of attorney authorizing the signatory of the bid to act for and on behalf of the bidder.
 - f. Submit evidence of average annual turnover for the past three years. (200 Million) along with audit reports.
 - g. Furnish a technical proposal taking into account the various Appendices to Bid specially the following:
Appendix-A to Bid Proposed Design and Construction
Schedule Appendix-B to Bid Method of Performing the Work
Appendix-C to Bid List of Major Equipment
Appendix-D to Bid Organization Chart for Supervisory Staff and other pertinent information such as mobilization programmatic.
 - h. Bid Security
 - i. Evidence of access to financial resources along with average annual Construction turnover.
 - j. Latest status of financial resources commitment for last two years (Including the current year).
 - k. Complete company profile.
 - l. Information about litigation presently in process.
 - m. Any other documents required to be submitted in accordance with these bidding documents.
 - n. Details of similar work executed.

- o. Certificate of registration of bidder's firm dully updated (Pakistan Engineering Council).
- 2. The contractor shall have:
 - a. Relevant Experience: Proven experience in developing laboratories.
 - b. Technical Expertise: Expertise in ventilation/HVAC for labs, electrical, and plumbing systems,
 - c. List of Projects completed in the relevant field.

Obligation of Contractor:

- i. The contractor will provide, architectural design, HVAC design, MEP design, equipment layout planning, BOQs, of the vaccine filling and supply line facility in accordance with DRAP standards.
 - ii. All design and proposals should be compliant with DRAP requirements and approval from DRAP for plans/layout will be responsibility of contractor firm with all required support from client.
 - iii. The contractor shall visit the project site and review the layout of the building for the vaccine filling and supply line facility.
 - iv. Air classification of areas must be considered i.e. (Class A through Laminar flow), (Class B, Class C, Class D through HVAC) as WHO/ DRAP standards. Etc.
 - v. Contractor will assess the already installed equipment and provide design, BOQs and complete assessment as per available material and any alterations will be suggested such as in AHUs etc.
 - vi. Contractor will utilize all existing equipment installed and client will be bound to handover the existing equipment to the vendor during execution phase of project along with all necessary service data.
 - vii. On site available and installed equipment will be utilized if as per standards.
 - viii. Execution will be done as per design approved by DRAP and client. Execution should be seamless and without any problems. Complete facility finishing will be responsibility of vendor. Scope of work will be as per approved design and BOQs provided by vendor after design as well as the major jobs mentioned in the in Bidding documents.
 - ix. Site Visit will be important before submitting the bid.
- A.** The contractor firm shall have to obey all the instructions issued to him from time to time by the Chief Executive Officer, NIH, Islamabad, or his authorized officer in connection with work required if it falls within scope of work already submitted by contractor as per approved design. Out of scope work if asked to execute shall be paid additionally.

- B.** The Chief Executive Officer, NIH is the final authority to decide any dispute and problem if any during the contract period and thereafter, the decision of the Chief Executive Officer shall be final and binding on the supplier/consultant.
- C. Quoted rates must be inclusive GST.** A copy of the sales tax registration certificate must be enclosed. In case of any escalation in rates of the item(s) during the period of contract, NIH, Islamabad will not be liable on this account and the contractor is bound to complete the supply in any case.
- D.** Financial proposal shall include lump sum Design Construction/ Execution cost for vaccine filling and supply line facility.
- E.** Any query/clarification, if required, can be obtained from the Purchase & Procurement Department of this Institute at least 05 days before opening of technical bid. Conditional or incomplete tenders will not be accepted.
- F.** Following are some important details regarding tender:

Sr.	Subject	Details
i.	Employer	National Institute of Health, Islamabad
ii.	Terms and Conditions	All terms and conditions are to be duly signed by the bidder and submitted with the bid. Bid will not be accepted without authorized signature and stamp on terms and conditions which ensure compliance with the TORs in the future and TORs will be made part of the contract.
iii.	Amount of Bid Security	A Bidder is required to deposit, along with its Bid, a bid security of Rs.1500,000/- Rupees fifteen Lac only) (the “ Bid Security ”), refundable failing which bid will not be entertained. The bidder will have an option to provide Bid Security in the form of Bank draft/ Call deposit/ bank guarantee.
iv.	Bid submission Date & time	Bids needs to be submitted in soft form on EPADS and also in Hard Form till _____
v.	Bids submission Venue	The bids, prepared in accordance with the instructions in the bidding documents, must reach at National Institute of Health, Chak-Shahzad, Islamabad in the office of Director Purchase and Procurement.
vi.	Bid opening Date & time	17.09.2026 at 11.30 a.m
vii.	Bid opening Venue	Conference Room, NIH, Islamabad

viii.	Performance Security	10 % performance security is to be submitted by a successful bidder in the name of Executive Director, NIH, Islamabad In shape of Bank draft/ Call deposit Bank Guarantee issued by any scheduled bank of Pakistan or insurance bond issued by any AA rated insurance company operating in Pakistan. Any Previous security will not be considered for this tender. Validity of performance security should be till 30 days after completion date of project. Performance security will be returned after completion of project satisfactorily.
ix.	Financial Disbursement	Payment shall be dispersed with in 10 days of submission of request for payment by the contractor. 15% of total contract amount interest free Mobilization advance (adjustable in every running payment,) against submission of Bank Guarantee issued by any scheduled bank of Pakistan of Insurance bond issued by any AA rated insurance company operating in Pakistan. 1st Phase: Provision of Complete design plans/layout, drawings and all documentary requirements in hard form (02 Sets).20% of total contract amount payment will be done. 2nd Phase (15%): After approval from DRAP with recommended changes and provision of complete BOQs, all other things and documentation. 15% payment of total contract amount. 3rd Phase (Completion of 30% of scope of work / physical progress on site and off site (proof of orders placed to various vendors for different activities mentioned in scope of work.): 40% payment of total contract amount. 4th Phase (Completion of 70% of scope of work / physical progress): 15% payment of total contract amount.
x.	Bid Validity Period	90 Days

G. The rates should be quoted for the given specification in the scope of work.

H. All works should be completed within Time of completion Specified in clause 1, and failure to complete the work within mentioned time-period without proper justification can result in termination of contract. In this case performance security money of supplier/consultant will be forfeited and firm will be **Black Listed** to take part in the tender competition for supply to NIH

in future. This action will be publicized for general awareness of the Government and Semi Government Departments.

- I.** NIH will be entitled at its discretion, to claim liquidated damages up to 0.05% of bid amount per day in case of delayed works. In case of extension of time, updated performance security with extended date may be submitted.
- J. Single Stage Two Envelope bidding procedure shall be applied.** The amount of the earnest money i.e. Rs. 1500,000/- in the shape of the Bank Draft/CDR/Bank guarantee is required to be submitted in the office of Director Procurement before closing date and time.
- K.** On the left corner of the envelope and put in the relevant tender box placed in the office of the **Director Purchase and Procurement Office, National Institute of Health, Chak Shahzad, Islamabad.**
- L.** In case failure to complete the works, Work order will be cancelled with forfeiture of 10% performance security money. The case will also be put to PPRA for **BLACK LISTING** to take part in the tender competition for supply of store to NIH in future. This action will be publicized for general awareness of other Government and Semi Government Departments/PPRA website.
- M.** Form of contract is attached as Annex-A.
- N.** The Competent Authority, Islamabad reserves the right to accept or reject any tender/all tenders without assigning any reason thereof.
- O. All firms are directed to quote their bids/rates on online portal EPADS as well as original bid/rates must be submitted in hard form in Purchase and procurement department, otherwise bid will not be entertained. Constructor must be registered with PPRA EPADS portal.**

**Director
Purchase & Procurement**

ACCEPTANCE CERTIFICATE BY THE BIDDER

We have read the contents of the terms and conditions (from S.No.1-26) carefully for participating in the tender of NIH Islamabad and accepted & agreed to abide by all terms and conditions prescribed above in case our tender is accepted.

FORM OF CONTRACT AGREEMENT (Annex-A)

THIS CONTRACT AGREEMENT (hereinafter called the “Agreement”) made on the _____ day of _____ 2026 between **National Institute of Health** (hereinafter called the “Employer”) of the one part and _____ (hereinafter called the “Contractor”) of the other part.

WHEREAS the Employer is desirous that certain Works, viz _____ should be executed by the Contractor and has accepted a Bid by the Contractor for the execution and completion of such Works and the remedying of any defects therein.

NOW this Agreement witnesses as follows:

1. In this Agreement words and expressions shall have the same meanings as are respectively assigned to them in the terms and Conditions of Contract hereinafter referred to.
2. The following documents after incorporating addenda, if any except those parts relating to Instructions to Bidders, shall be deemed to form and be read and construed as part of this Agreement, viz:
 - (a) The Letter of Acceptance of Bid
 - (b) Terms and Conditions duly signed by Employer and Successful Bidder
3. In consideration of the payments to be made by the Employer to the Contractor as hereinafter mentioned, the Contractor hereby covenants with the Employer to execute and complete the Works and remedy defects therein in conformity and in all respects within the provisions of the Contract.
4. The Employer hereby covenants to pay the Contractor, in consideration of the execution and completion of the Works as per provisions of the Contract, the Contract Price or such other sum as may become payable under the provisions of the Contract at the times and in the manner prescribed by the Contract.

IN WITNESS WHEREOF the parties hereto have caused this Contract Agreement to be executed on the day, month and year first before written in accordance with their respective laws.

TECHNICAL SELECTION CRITERIA

Criteria	Details	Marks	Remarks
Valid Pakistan Engineering Council Certificate	Documentary evidence of valid PEC certificate Min. C2 category registration in the field of construction of building and related works (Certificate to be attached) Mandatory codes BC01 BC02, CE09,CE10, EE01,EE02,EE03,EE04,EE05,EE07 ME01, ME02,ME06	30	Mandatory
Relevant Experience	Documentary evidence to be attached (including construction, renovation, remediation, repair and demolition) i) 1-5 years' experience (5 points) ii) 6-10 years' experience 10 points) iii) More than 10 years' experience (20 points)	20	
Specific Experience	Documentary evidence especially of construction / renovation of laboratories/ OTs/ Clean room/HVAC to be attached. i) 1Project (5points) ii) 2 Projects (10 points) iii) More than 2 Projects (20 points)	20	
Financial Status	Bank statement of last three years;	5	
Audited Balance Sheets	Audited Balance sheets of last 2 years by Chartered Accountant firms.	20	Mandatory
Proposed Technical Staff	Provide list of key technical personnel proposed to be employed on the project with CVs and signed statement on their availability for the project duration	5	
Total		100	

Technical Qualification Marks Minimum 80%

Financial Evaluation Criteria

Eligible bidder(s) with substantially responsive bid(s) offering Least Cost Based Selection (LCBS) shall be consider for the award of contract(s)

FINANCIAL BID

- i. Amount of all items must be included in the quoted amount by the bidder.
- ii. Specifications will be strictly followed during the execution of the project.
- iii. Total amount of bid including complete design, execution work is to be mentioned at the end row of the BOQs.

Sr	Detailed Item Description as per Clause 7	Category	Unit	Qty
1	Construction Services (Lump Sum) The bidder shall provide complete professional services for the design of the building extension works. Scope includes but is not limited to. • Detailed site survey and assessment of the existing HVAC system, ducting, HEPA filters, chiller system, and all installed utilities/equipment. • Architectural planning and layout design for the extension (new change rooms, buffer zones, airlocks, personnel/material exits, and associated areas) while ensuring seamless integration with the existing facility. • Detailed MEP (Mechanical, Electrical & Plumbing) design mainly focused on extension areas only with integration with the pre-existing structure and HVAC and other systems and equipment. • HVAC design for the new extension zones with appropriate clean room classification (Grade A, B, C & D), pressure cascades, airlocks, buffer zones, and personnel/material flow as per DRAP cGMP and WHO guidelines. • Equipment layout planning for vaccine filling operations in the extended area with required utilities. • Structural stability assessment of the extension (where required) • Waste management, drainage, and decontamination planning as per cGMP. • Preparation of detailed Bill of Quantities (BOQ), technical specifications. • Full compliance with DRAP regulations for sterile vaccine production. • The Contractor shall submit all drawings, calculations, and documents for approval by NIH/DRAP.	Design Services	Job	1

2	HVAC Works for Extension (as per approved design): Job: 1 Lot Supply, installation, testing, and commissioning of HVAC extension / integration works for the new change rooms, buffer zones, airlocks, and exits. All new works shall integrate seamlessly with the existing HVAC system, ducting, HEPA filters, and chiller system. Works shall comply with DRAP standards. <u>Key components</u> • Extension and modification of existing ducting for supply return, fresh, and exhaust air to the new areas, including volume control dampers (VCDs), turning vanes, flexible connections, supports and proper sealing. • Supply and installation of additional H14 HEPA filters (99.995% efficiency @ 0.3 um, sizes as per drawings) complete with filter boxes, gaskets, and leak-proof installation suitable for laminar flow and clean room applications. Each filter shall be factory-tested with test certificate. • Additional 3 kW, 3-phase Variable Frequency Drives (VFD) (Danfoss / Siemens / Dwyer or equivalent) for speed control of existing AHU blower motors serving the new zones (if required to achieve design CFM and pressure differentials). • UV-C disinfection lamps in the blower section of the integrated AHU (Philips or equivalent), if required for the new zones. • Closed-cell XLPE insulation (19 mm thick, Aero foam or equivalent) on new/extended ducts with canvas wrapping and anti-fungal coating. • Differential pressure monitoring gauges (Magnahelec, Dwyer or equivalent) for new zones. • Air balancing, leakage testing, and commissioning of the complete integrated HVAC system for the extension. Utilization of existing system: All existing AHUs, ducting, HEPA filters, VFDs, and associated devices shall be retained and fully utilized. New components shall only be provided where required for the extension as per approved drawings and DRAP requirements.	AHU Additional (To be Integrated with the Previously installed AHU and Chiller Systems)	Job	1
3	Civil & Architectural Works (Extension and pro existing building) Job: 1 Lot careful dismantling of existing brick/block/masonry walls/partitions (without damaging adjacent structures, finishes, or MEP services), construction of new walls for change rooms, buffer zones, airlocks, and exits as per approved layout, plastering on both sides, and complete painting (primer + finishing coats). All works shall include proper coordination with existing MEP services, scaffolding, debris disposal, and finishing as per approved drawings and relevant standards. All finishes in classified areas shall be cleanroom compatible, non-porous, smooth, easy to sanitize, and compliant with cGMP requirements including epoxy flooring, ceiling, coving, flush finishes, and sealed joints.	Civil Works	Job	1

Extension of Filling Line and Supply, BPD

4	Providing, supplying, installation, testing and commissioning of containment laboratory doors complete with interlocking system (where required) , including stainless steel / powder-coated doors with airtight sealing, view panels (if required), door closers, electromagnetic interlock system ensuring that only one door opens at a time, control panels, sensors, wiring, and all necessary hardware, accessories and complete system as per GMP requirements and approved drawings, complete in all respects.	Mechanical Works	Job	1
5	Engineering, supply, installation, testing and commissioning of complete pharmaceutical-grade Water Treatment Plant of Capacity 200Ltr/hr for generation, storage and distribution of Purified Water (PW) and Water for Injection (WFI), including raw water pre-treatment and Course filtration, double-pass RO, EDI, distillation unit, SS316L storage tanks as per design capacity, sanitary distribution loop, online monitoring, PLC-based controls, sanitization system, validation (IQ/OQ/PQ), as per WHO standards, complete in all respects. End user will provide feed water quality parameters.	Clean Utility System (Water Treatment Plant – PW/WFI)	Job	1
6	Engineering, supply, installation, testing and commissioning of Steam Pipeline from already installed Boiler Room to the Filling and Supply Line Lab (approx. 500m in length) Design Pressure & Operating Range: 80 to 100 psi (5.5 bar to 6.9 bar) regulated network Design Operating Temperature: 134°C continuous temperature at the point of use Steam Flow Rate Capacity: Minimum peak capacity of 450 kg/h to 600 kg/h complete in all respect along with insulation and auto steam traps.	Steam pipeline	Job	1
7	Supply, installation, testing and commissioning of Laminar Flow Hood (LFH) units of appropriate size providing ISO Class 5 (Grade A) environment with unidirectional airflow, Compliance: ISO 14644-1 Class 5; EU GMP / DRAP Grade A air quality standards Airflow Velocity: 0.45 m/s $\pm$ 20% (90 fpm) continuous uniform velocity at working level Airflow Volumetric Rate: Dynamically calculated based on hood size to maintain required air changes H14 HEPA filters (99.995% efficiency), UV sterilization, SS construction, differential pressure monitoring, and integration with cleanroom systems, complete in all respects.	Cleanroom Equipment (Laminar Flow Hood – LFH)	Job	2
8	Supply, installation, testing and commissioning of Backup Diesel Generator System 200 KVA including generator set, acoustic enclosure, AMF/ATS panels, fuel system, exhaust, earthing, synchronization (if required), and integration with facility electrical system for uninterrupted power supply to critical loads, complete with testing and commissioning .	Electrical Utility System (Backup Power Generator)	Job	1

Extension of Filling Line and Supply, BPD

9	Providing, supplying, installation, testing and commissioning of complete Nitrogen Purging system on filling machine. The complete system includes piping network, control valves, pressure regulations integrating with supply system and safe venting arrangements. Operational Delivery Pressure: 1.0 bar to 3.5 bar (Adjustable; regulated from bulk supply pressure of 6-8 bar) Purging Flow Rate Range: 5 to 50 Nm ³ /h (Dynamically regulated based on filling machine indexing speed and nozzle configuration) Gas Filtration System: Dual-stage filtration: * 1st Stage: 1.0 µm particulate pre-filter * 2nd Stage: 0.22 µm sterile, hydrophobic PTFE gas filter (Point-of-Use, integrity testable) Complete in all respects as per approved lay out, project requirements and applicable standards of DRAP.	Nitrogen Purging System	Job	1
10	Providing, supplying, installation, testing and commissioning of complete plumbing and drainage system as per approved layout plan, including water supply lines (PPRC/UPVC/SS as required), valves, fittings, floor drains, traps, manholes, cleanouts, vent piping, sanitary fixtures connections, insulation, supports, and all associated accessories, complete in all respects, ensuring proper slope, leakage testing and compliance with applicable standards and approved drawings plasco/equivalent	Plumbing and Water Supply works	Job	1
11	Conventional Fire Alarm system: Providing, supplying, installation, testing and commissioning of complete Conventional Fire Alarm System, including main fire alarm control panel with all necessary modules, indicators and backup power supply, compatible with all connected devices; supply and installation of detection devices including conventional smoke detectors with manual call points (MCPs) at designated locations with proper labeling, mounting and accessibility; installation of audible and visual alarm devices including sounders, bells and strobes ensuring adequate coverage throughout the facility; and supply and installation of all required cabling, conduits, junction boxes and accessories with proper routing, support and termination, complete in all respects as per approved layout, relevant codes and standards, and ensuring full system functionality with as required detection devices (sensors), and Sounders and cabling complete work in all respects including main control panel	Fire Alarm System		
12	supply, installation, testing and commissioning (EPC) of complete electrical systems for laboratory facility, including detailed design and preparation of drawings for lighting systems (interior and exterior) with fixtures, wiring, circuiting, control systems and compliance with required lux levels and energy efficiency standards; execution of complete power distribution system including cables, conduits, cable trays, receptacles, DBs and panels with load calculations, panel assignments and coordination with all services; design and installation of main and sub-panel boards including feeder sizing, breakers, load balancing and panel board wiring complete with schedules and diagrams; complete earthing and grounding system including electrodes, conductors, bonding and integration with lightning protection and sensitive equipment protection; and provision and installation of backup/emergency power systems including generators, .The	Electrical Works	Job	1

Extension of Filling Line and Supply, BPD

	scope includes preparation of shop drawings, single-line diagrams, schematics, supply of all materials and equipment, complete installation, termination, testing, commissioning, as-built drawings and handing over of the system, complete in all respects as per approved layout, project requirements and applicable standards.			
13	Supply, installation, testing and commissioning of Automatic Vial Washing Machine of Capacity 300 Vials (Range 5 ml to 10ml) with integrated Laminar Flow Hood (LFH) for vaccine production, suitable for washing pharmaceutical glass vials using PW/WFI and sterile compressed air, including SS316L construction, HEPA-filtered ISO 5 / Grade A protection, PLC-based control system, safety interlocks, utility connections, and compliance with GMP requirements, complete in all respects.	Vial Washer	Job	1
14	Supply, Installation , testing and Commissioning of 2* Cold Rooms for Storage of Raw material and finished Product, Temperature Ranging 2-8 degree C, along with automatic operations and safety system, each having 2 units, complete in all respect .	Cold Rooms	Job	1
15	Testing and Commissioning of Complete System, Submission of As built Drawings, Submittals. Contractor shall support complete HVAC, cleanroom, compressed air system, and water system validation, HEPA integrity testing (PAO), airflow visualization studies, particle count tests, recovery tests 30 minutes, pressure differential verification, temperature/humidity mapping, and all documentation required.	Testing Commissioning
