Section 1

Specifications

1. Introduction: -

Pakistan Meteorological Department (PMD) is an Executive Department of Government of Pakistan, Ministry of Defence (Defence Division), Islamabad. PMD provides valuable meteorological & seismological services to different stakeholders in the country including private and public sector and currently working on the project titled National Centre for Rain Enhancement for artificial rain.

The National Center for Rain Enhancement (NCRE) conducts field-based scientific operations, monitoring, and evaluation activities across diverse and often remote geographical locations. These activities are essential to support rain enhancement missions, atmospheric data collection, equipment inspection, and coordination with operational teams.

Operational Need

NCRE field visits frequently require access to:

- Remote desert and mountainous areas
- Unpaved, off-road, and rugged terrain
- Weather-sensitive locations during active operations
