14. EVALUATION OF TECHNICAL PROPOSAL

The Committee shall evaluate technical proposals against the qualification parameters and scoring criteria stated below. A proposal must obtain at least 60 marks out of 100 overall and at least 50% of the available marks in each applicable category and subcategory to qualify for financial evaluation. The technical score shall then be converted to its 70% weighted value using the formula in Clause 14.1.

Technical Specifications

S.No	Component	Minimum Mandatory Requirement
1.	Quantity	Two identical enterprise-grade rack servers, complete with all required accessories, licenses and components specified in the RFQ.
2.	Intended workload	The servers shall support enterprise virtualization workloads using VMware, Microsoft Hyper-V, DCS, KVM or an equivalent enterprise virtualization platform.
3.	Form factor and chassis	Maximum 2U rack-mount server chassis supporting dual-socket processors and up to two double-width GPUs. The chassis shall provide front-accessible hot-swappable drive bays and tool-less access for maintenance.
4.	Processor architecture	Enterprise-grade x86-64 or equivalent processor architecture.
5.	Processor count	Minimum two processors installed per server.
6.	Processor capacity	Each processor shall have a minimum base frequency of 2.0 GHz and at least 28 physical cores.
7.	Processing capacity	Minimum 56 physical CPU cores per server. The proposed platform shall be capable of supporting at least 224 virtual CPUs through the supplied virtualization platform. Allocation of vCPUs shall be subject to workload sizing and the virtualization platform supported CPU-overcommit ratio.
8.	Configured memory	Minimum 256 GB DDR4 or higher-speed ECC Registered memory installed per server.
9.	Memory slots and expansion	Minimum 24 DIMM slots, with memory scalability of at least 1.5 TB per server.
10	GPU support	Chassis shall support installation of up to two double-width enterprise GPUs. Required GPU risers, power cables, cooling components and enablement kit shall be included or clearly identified in the Bill of Materials. GPUs are not required unless separately specified in the financial schedule.
11	Storage bays	Minimum eight front-accessible 2.5-inch SAS, SATA or SSD hot-swappable drive bays.
12	System storage	Minimum two 960 GB enterprise SAS SSDs, 12 Gb/s, read-intensive or better, configured in RAID 1 for the operating system and virtualization platform.
13	RAID controller	Hardware RAID controller with minimum 4 GB protected cache, supporting RAID 0, 1, 5, 6, 10, 50 and 60. Cache protection shall be flash-backed, battery-backed or equivalent.
14	1GbE networking	Minimum four 1GbE RJ45 Base-T Ethernet ports per server.
15	25GbE networking	Minimum two 25GbE SFP28 ports per server.
16	Optical transceivers	Minimum two compatible 25GBase-SR multimode SFP28 optical transceivers per server. Transceivers shall be OEM-supported or OEM-certified.
17	PCIe expansion	Minimum four PCIe Gen4 slots for I/O expansion, including suitable slots for RAID, network adapters and GPU expansion. At least two slots shall support the proposed double-width GPU configuration where GPUs are required.
18	Remote management	Integrated enterprise-grade out-of-band server management with a dedicated management port. It shall support Redfish, SNMP, IPMI 2.0 or equivalent standard management interfaces.
19	Management software	OEM infrastructure-management software for hardware monitoring, inventory, health status, alerts, firmware management, remote console and lifecycle management shall be provided. Required enterprise management licenses shall be included for the warranty period.

S.No	Component	Minimum Mandatory Requirement
20	Power supplies	Two redundant hot-pluggable power supplies per server in a 1+1 configuration. Each power supply shall be rated at a minimum of 2,000 W AC, 80 PLUS Platinum certified or higher.
21	Cooling	N+1 redundant, hot-swappable, variable-speed cooling fans suitable for the fully configured server, including the proposed processors, adapters and GPUs.
22	Rack accessories	All required rack rails, cable-management arms, power cables, optical modules, network accessories and other installation components shall be included.
23	Virtualization software	Virtualization software, licenses and support shall be provided as specified in the licensing schedule. The bidder shall state the product, edition, license metric, subscription or perpetual status and support period.
24	Installation and configuration	Installation, firmware updating, RAID configuration, virtualization platform deployment, network configuration, testing and integration with the existing SLIC infrastructure shall be included.
25	Migration compatibility	The proposed solution shall be compatible with SLIC existing infrastructure. The bidder shall submit a migration and integration approach covering existing virtual machines, networking, storage and management.
26	Training	Complete administrator-level training for the supplied servers, management platform and virtualization architecture shall be provided to nominated SLIC technical personnel.

Basis of Evaluation:

- A.** Weightage of Technical Evaluation will be **70%** and weight of financial proposal will be **30%**
- B.** The weightage will be calculated as per the average weighted formula appended below
- C.** Minimum Qualifying Marks for Technical Evaluation are **60 Marks** out of **100 Marks**

14.1. Weightage Average formula for Technical Evaluation:

Weightage for technical evaluation is 70% and will be calculated as per following formula:

$$\text{Weighted Technical Score} = (\text{Marks Secured} \div \text{Highest Technical Score}) \times 70.$$

15. EVALUATION OF FINANCIAL PROPOSAL

Evaluation of Proposals found to be technically responsive will be carried out as per following procedure:

- A. First of all, we will check general computations
- B. In case of any error in calculations/ computations we will proceed as per actual calculations
- C. Tax Calculations will also be checked
- D. Compliance of Financial Proposal with required format

Subject to above general checking, the financial evaluation will be done as per following formula

Assigning 30% Weightage, the formula is appended below:

$$(100 - ((\text{Quoted Cost in PKR} - \text{Lowest Cost in PKR}) / \text{Lowest Cost in PKR}) * 100) * 0.3$$

16. DETERMINATION OF MOST ADVANTAGEOUS BIDDER

Subject to Technical and Financial Evaluation most advantageous bidder will be decided as per following formula:

Most Advantageous Bidder= Weightage Average Technical Score (70% Weightage) + Weightage Average Financial Score (30%)

Bidder who will secure **highest marks** will be the most advantageous bidder

17. BID SECURITY DEPOSIT

Bid Security amounting to **PKR 1,350,000** must be furnished by the respondent in shape of Demand Draft/Pay order in favor of "SLIC H&AI PREMIUM COLLECTION ACCOUNT" as scanned copy along with technical proposal on EPADs.

Bid Security must also be submitted in hard copy well before Bid Submission Timeline at following address:

"Office of Regional Procurement Department (RPD), Health and Accidental Insurance (H&AI), 3rd Floor, State Life Tower, Jinnah Avenue, Islamabad"

It is entirely bidders' responsibility to ensure timely submission of Bid Security in hard copy without any liability to State Life. If a bidder fails to submit Bid Security before Bid Submission Timeline his/her proposal will be rejected no matter if it is uploaded on EPADs.

17.1. RELEASE OF BID SECURITY

- A. Bid Security of bidders who aren't most advantageous will be released subject to completion of formal procurement proceedings i.e. conclusion of timeline post final evaluation report uploading on EPADs, PPRA and State Life Website as per PPRA Rules
- B. Bid Security of Technically Non-Responsive Bidder will be released subject to completion of timeline post uploading of Technical Evaluation Report on PPRA Website, EPADs and SLIC Website. Vendor will have to furnish a proper request duly signed and stamped addressed to Regional Procurement Department (RPD)
- C. Bid Security of the most advantageous bidder will be returned after submission of Bank Guarantee as per Clause-18
A formal request must be furnished duly signed and stamped and addressed to Regional Procurement Department (RPD)

17.2. CONFISCATION OF BID SECURITY:

Bid Security will be confiscated in case of following:

- I. Bid Security of most advantageous bidder will be forfeited in case of failure to submit Bank Guarantee as per Clause-18
- II. In case bidder denies executing the assignment as per requirements outlined and in accordance with proposal furnished on EPADs. Further we will also resort to second most advantageous bidder and necessary legal action as per PPRA Rule-19 will be initiated
- III. If the most advantageous bidder fails to submit his/her complete delivery, installation schedule on official letterhead within three working days of issuance of Work Order then Bid Security will be forfeited along with cancellation of Work Order and necessary action will also be initiated

18. BANK GUARANTEE

Most advantageous bidder will be required to furnish Bank Guarantee amounting to **5%** of quoted cost (LUMP SUM) as per format placed at Annex-E within fifteen days of issuance of Work Order with validity of one year from the date of submission of Bank Guarantee. In case of failure to submit Bank Guarantee within stipulated timeline stated above necessary action as per Clause-17.2 (I) will be initiated along with cancellation of Work Order

18.1. RELEASE OF BANK GUARANTEE:

Bank Guarantee will be released subject to complete delivery, configuration, installation and onward Work Done Satisfactory by relevant expert

18.2. CONFISCATION OF BANK GUARANTEE:

Bank Guarantee will be confiscated in case:

- A.** Vendor is indulged in any practice as mentioned at Clause-5 of RFP
- B.** Vendor doesn't complete work as per requirements
- C.** In case a vendor supplies an equipment, which is damaged, malfunctioned, non-refurbished then we will ask vendor to replace the said item without any cost claim.
Vendor is bound to resolve the said claim within three (3) working days. In case of failure to resolve, the Bank Guarantee will be forfeited
- D.** Non-Provision of licensed software where needed
- E.** In case of any breach of confidentiality clause (Refer Clause-20 appended below)

19. PENALTY

Vendor is expected to remain professional and exercise highest standards of professionalism. In case a vendor doesn't performs as per requirements than following penalties will be imposed:

- I.** If the most advantageous bidder doesn't comply with stipulated timeline, then we will impose a penalty amounting to **0.1% of quoted lump sum cost** for each day of delay which will be adjusted from respective invoice as per payment schedule
- II.** If the delay in delivery of equipment exceeds **fifteen days** from the timeline communicated without any valid justification, then we will impose a penalty amounting to **1%** of quoted cost for each day of delay and this will be adjusted from Installment-01 Payment as per Payment Schedule
- III.** In case a bidder fails to complete the installation, commission phase within stipulated timeline then penalty amounting to 0.1% of Lump Sum Cost for each day of delay will be imposed and it will be adjusted from respective installment payment as per Payment Schedule
- IV.** In case a bidder fails to resolve any issue found during testing of equipment within stipulated timeline then penalty amounting **0.1%** of quoted lump sum cost for each day of delay beyond the stipulated timeline will be imposed
- V.** In case any issue is observed during the defect liability period of Ninety (90) days then vendor is bound to resolve the said issue within stipulated timeline. In case of non-compliance necessary penalty amounting to 0.1% for each day of delay will be imposed and will be adjusted from respective installment payment as per payment schedule

20. CONFIDENTIALITY

Section III: Scope of Work

1. BACKGROUND

The Health & Accidental Insurance Division of the State Life Insurance Corporation of Pakistan (SLIC) is committed to ensuring the availability, reliability, and security of its mission-critical health insurance systems. With the continuous growth in digital services, increasing transaction volumes, and expanding infrastructure requirements, there is a need to establish a modern enterprise virtualization platform that provides a resilient, scalable, and centrally managed computing environment for current and future business operations.

2. GOAL

The goal is to deploy a secure, resilient, scalable, and centrally managed enterprise virtualization platform at the Data Center, including the required compute infrastructure, virtualization licenses, installation, configuration, migration, testing, training, warranty, and support.

3. PLACE OF EXECUTION OF ASSIGNMENT

The subject equipment as required is to be installed at Data Center, Health and Accidental Insurance (H&AI) Regional Office, 3rd Floor, State Life Tower, Jinnah Avenue, Islamabad

4. GENERAL INSTRUCTIONS FOR VENDORS:

- A. All vendors must note that said assignment is to be executed on the 3rd Floor, therefore prior visit for better understanding must be conducted
- B. Vendor must quote a single equipment with complete details
- C. Vendor must note that if he is found most advantageous, he is required to supply same model as quoted and no request on this issue will be entertained
- D. Vendor must take extra caution while quoting the required model and must take all allied factors into consideration
- E. Vendor must ensure strict adherence to all directions as communicated from time to time
- F. Most Advantageous Bidder must furnish complete details of relevant technical staff which will execute the subject assignment on official letterhead within seven days of issuance of Work Order

5. EXECUTION TIMELINE:

The execution timeline for the subject assignment is as follows:

Complete Delivery of Equipment at Data Center Islamabad

Within Fifteen Days of Issuance of Work Order

Commissioning, Installation and Configuration of Equipment at Data Center, Islamabad

Within Fifteen Days of delivery of the equipment all work must be completed

Above timeline is a tentative schedule and actual schedule may vary as per requirement. In case of non-compliance of any above timeline necessary penalty as per Clause-19 of Section-II of RFP will be imposed

6. SCOPE OF WORK:

The selected Service Provider shall supply, install, configure, license, test, and commission the proposed two-node enterprise virtualization architecture at the H&AI Data Center in Islamabad. The Service Provider shall integrate the solution with the existing environment, migrate the services identified by State Life, verify functionality and availability, provide administrator training, deliver configuration and handover documentation, and support the solution throughout the applicable warranty and defect liability periods.

The completed solution shall provide a production-ready two-node virtualization environment with centralized management, high availability, licensed software, secure integration with the existing data-center environment, and successful migration of the services identified by State Life. Completion shall be demonstrated through installation records, configuration documentation, migration results, testing evidence, administrator training, and formal acceptance by the designated IT team.

PAYMENT SCHEDULE:

For better facilitation of vendors, the following payment schedule is devised:
