Instructions to Bidders

A. Introduction

1. **Scope of Bids**

1.1. The Procuring Agency (PA), as indicated in the **Bids Data Sheet (BDS)** invites Bids through **EPADS v2.0** for the provision of Non-Consultancy Services as specified in the BDS and **in Section Evaluation Criteria, Specifications & Schedule of Requirements**. The name, identification, and number of items/deliverables are provided in the **BDS**. **Single Stage-Two Envelope** procedure of the open competitive method shall be used. The successful Bidders will be expected to provide the services within the specified period and timeline(s) as stated in the **BDS**.

2. **Source of Funds**

2.1. Source of funds is referred in Clause-1 of Procurement Notice.

3. **Fraud & Corruption**

3.1. As defined under Rule 2(1)(x) of Public Procurement Rules, 2026.

4. **Eligible Bidders**

4.1. A bidder shall be eligible to participate in a procurement process, if it—

4.1.1. possesses the technical competence, financial resources, equipment and other physical facilities, personnel, managerial capability, experience and past performance necessary to complete the procurement contract,

4.1.2. has the legal capacity to enter into a procurement contract;

4.1.3. has not been declared bankrupt or, in the case of company or firm, insolvent or being wound up and its activities or affairs are suspended by a Competent Authority or by the Court of law;

4.1.4. is not under any legal proceedings which may result in bankruptcy or any other situation entailing the total or partial loss of the right to administer and dispose of the property;

4.1.5. has not been convicted by a final judgment of a Court of Law,

4.1.6. is not blacklisted by the procuring agency or cross-debarred by the Authority at the time of the submission of bid;

4.1.7. is not blacklisted or debarred at the time of the submission of bid by an international financial institution, international organizations, or other multilateral development Bank for the period defined by them; and

4.1.8. is not convicted in the case of a company, its owners and beneficial owners, directors or officers of a criminal offence related to-

4.1.8.1. its professional conduct; or

4.1.8.2. a prohibited practice within the period specified in the tender documents and has not, or in the case of a company, its owners and beneficial owners, directors or officers have not, been debarred from a procurement process in Pakistan.

4.2. Except as permitted under the Ordinance, rules and regulations, the procuring agency shall not establish a criterion for eligibility of a bidder that-

4.2.1. discriminates against or among a bidder or against categories of bidders; or

4.2.2. is not required for the performance of the procurement contract; or

4.2.3. is not related to the avoidance of management of legal, reputational or economic risk to the procuring agency unless it is in the national interest to do so, and the criteria is set out in the bidding documents.

5. **Qualification of the Bidder**

5.1. All Bidders shall provide Bid Forms, a preliminary description of the proposed work method and schedule, including drawings and charts, as necessary.

B. Bidding Documents

6. **Contents of Standard Bidding Document**

6.1. The Services required, bidding procedure, and terms and conditions of the contract are prescribed in the bidding document. In addition to the Invitation for Bids, the bidding document which should be read in conjunction with any addendum issued in accordance with **ITB 6.1** include:

Section I -Invitation to Bid
Section II Instructions to Bidders (ITB)
Section III Bid Data Sheet (BDS)
Section IV Evaluation Criteria, Specifications, Schedule of Requirements, and Technical Specifications.
Section V Fraud & Corruption
Section VI General Conditions of Contract (GCC)
Section VII Special Conditions of Contract (SCC)
Section VIII Contract Forms

6.2. The Bidder is expected to examine all instructions, requirements, forms, terms and specifications in the bidding documents. Failure to furnish all the information required in the bidding document will be at the Service provider’s risk and may result in the rejection of his bids.

7. **Clarifications**

7.1. Clarifications of the bidding documents may be requested in writing through EPADS v2.0 by any bidder up to three days prior to the deadline for the submission of bids.

The procuring agency shall respond promptly and in writing to any request by a bidder for clarification of the bidding documents and, in any event, no

later than two days prior to the deadline for the submission of bids or proposals.

Responses to requests for clarification shall be communicated simultaneously and in writing to all bidders participating in the procurement proceedings.

No bidder shall be allowed to alter or modify his bid after the bids have been opened however, the procuring agency may seek and accept clarification to the bid that do not change the substance of the bid, through EPADS v2.0.

7.2. Procuring Agency's response will be uploaded on the EPADS v2.0, including a description of the inquiry.

7.3. Should the Procuring Agency deem it necessary to amend the bidding document as a result of a clarification, it shall do so following the procedure under **ITB 8 .**

7.4. If indicated **in the BDS**, the bidder’s designated representative is invited at the bidder’s cost to attend a pre-bid meeting at the place, date and time mentioned **in the BDS**. During this pre-bid meeting, prospective bidder(s) may request clarification(s) regarding the schedule of requirements, the Evaluation Criteria or any other aspects of the bidding document.

7.5. Minutes of the pre-bid meeting, if applicable, including the text of the questions asked by bidders, and the responses given, together with any responses prepared after the meeting will be uploaded on EPADS v2.0. Any modification to the bidding document that may become necessary as a result of the pre-bid meeting shall be made by the Procuring Agency exclusively through the use of an Addendum pursuant to **ITB 8** .

7.6. To assist in the examination, evaluation and comparison of Bids of the Bidders, the Procuring Agency may, ask any Bidder for a clarification of its bid including breakdown of prices, through EPADS v2.0. Any clarification submitted by a bidder that is not in response to a request by the Procuring Agency shall not be considered.
No change in the prices or substance of the bid shall be sought, offered, or

permitted.

The alteration or modification in the bid which in any way affect the following parameters will be considered as a change in the substance of a bid:

7.6.1. evaluation & qualification criteria;

7.6.2. required scope of work or specifications;

7.6.3. all securities requirements;

7.6.4. tax requirements;

7.6.5. terms and conditions of bidding documents; and

7.6.6. change in the ranking of the bidders.

From the time of bid(s) opening to the time of contract award, if any bidder wishes to contact the procuring agency on any matter related to the bid, it should do so in writing or through electronic form that provides record of the content of communication.

8. **Amendment of Bidding documents**

8.1. Before the deadline for submission of bids, the procuring agency for any reason, whether at its own initiative or in response to a clarification requested by a prospective bidder or pre-bid meeting may modify the bidding documents by issuing addendum.

8.2. Any addendum issued including the notice of any extension of the deadline shall be part of the bidding document pursuant to **ITB 8 .1** shall be uploaded on EPADS v2.0 as well as Authority's website. The procuring agency shall promptly publish the addendum at the procuring agency's website indicated in the **BDS**:

Provided that the bidder who had either already submitted his bid, shall have the right to withdraw his already submitted bid and submit the revised bid, prior to the original or extended bid submission deadline.

8.3. To give prospective bidders reasonable time in which to take an addendum/corrigendum into account in preparing their bids, the Procuring

Agency may, at its discretion, extend the deadline for the submission of bids after record reason in writing:

Provided that the Procuring Agency shall extend the deadline for submission of bids, if such an addendum is issued within last three (03) days of the bid submission deadline.

C. Preparation of Bids

9. Documents Constituting the Bids

9.1. The bids prepared by the bidders shall constitute the following components: -

9.1.1. Forms of bid and Bid Prices completed in accordance with ITB 10 and 11;

9.1.2. Documentary evidence established in accordance with ITB 8 that services to be provided by the bidder are eligible services, and conform to the bidding documents;

9.1.3. Documentary evidence established in accordance with ITB 9 that the bidder is eligible and/or qualified for the subject bidding process;

9.1.4. Documentary evidence established in accordance with ITB 9.3 that the bidder has been authorized to provide the services;

9.1.5. Bid security or Bids Securing Declaration furnished in accordance with ITB 14; and

9.1.6. Any other document required in the BDS.

10. **Documents Establishing Eligibility of the Services and Conformity to bidding documents**

10.1. To establish the conformity of the Non-Consulting Services to the Bidding document, the bidder shall furnish as part of its bid the documentary evidence that services provided conform to the requirements.

10.2. Standards for the provision of the Non-Consulting Services are intended to be descriptive only and not restrictive.

11. **Documents Establishing Eligibility and Qualification of the Bidder**

11.1. Pursuant to ITB 8, the bidder shall furnish, as part of itsbid, all those documents establishing the bidder's eligibility to participate in the bidding process and/or its qualification to perform the contract if its bid is accepted.

11.2. The documentary evidence of the bidder's eligibility to bids shall establish to the satisfaction of the procuring agency that the bidder, at the time of submission of its bid, is from an eligible country.

11.3. The documentary evidence of the bidder's qualifications to perform the contract if its bid is accepted shall establish to the satisfaction of procuring agency that:

11.3.1. the bidder has the financial, technical, provisions of services and supply/production capability necessary to perform the Contract, meets the qualification criteria specified in BDS.

11.3.2. that the bidder meets the qualification criteria listed in the Bids Data Sheet.

12. **Form of Bid**

12.1. **The bidder shall fill the Form of Bid furnished in the bidding documents. The Bid Forms must be completed without any alterations to its format and no substitute shall be accepted.**

13. **Bids Prices**

13.1. The Bids Prices quoted by the bidder in the Forms of Bid and in the price schedule shall conform to the requirements specified or exclusively mentioned hereafter in the bidding document.

13.2. All items in the Schedule of Requirements must be listed and priced separately in the Price Schedules. If a Price Schedule shows items listed but not priced and neither explicitly mentioned, their prices shall be construed

to be included in the prices of other items.

13.3. The Bid price to be quoted in the Forms of Bid in accordance with ITB 10 shall be the total price of the bid, excluding any discounts offered.

13.4. The bidder shall indicate on the appropriate Price Schedule, the unit prices (where applicable) and total bid price of the services, it proposes to provide under the contract.

13.5. Prices quoted by the bidder shall be fixed during the currency of the contract and not subject to variation on any account. A bid submitted with an adjustable price will be treated as non-responsive and shall be rejected pursuant to ITB 28, unless otherwise price adjustment is permissible under Conditions of the Contract.

14. **Price Adjustment**

14.1. Price adjustment shall not be applicable on the contract with less then 12 months period.

14.2. Procuring agency may increase the remuneration of the human resources involved in non-consultancy services upto maximum 15% on annual basis.

14.3. **Procuring agency shall incorporate the provisions to allow wage rate in compliance with Federal Government's minimum wage notification, subject to the condition that clause 11.2 shall not be applicable in that case.**

15. **Bids Currencies**

15.1. Prices shall be quoted in Pakistani Rupees unless otherwise specified in the BDS.

16. **Bid Validity Period**

16.1. Bid(s) shall remain valid for the period specified in the BDS after the bid submission deadline prescribed by the Procuring Agency. A Bid valid for a shorter period shall be rejected by the Procuring Agency as non-responsive.

17. **Bid Security or Bid Securing Declaration**

17.1. Unless otherwise specified in the BDS, the bidder shall furnish as part of its bid, in the amount and currency specified in the BDS or Bid Securing Declaration on the format provided in Form 9 The scanned copy of the Bids Security shall be uploaded in the EPADS v2.0 while submitting bid, whereas the original forms of Bid Security shall be submitted to the procuring agency before the bid submission deadline. The bidder who failed to submit the original bid security before the submission deadline shall be disqualified straightaway.

17.2. The Bid Security or Bid Securing Declaration is required to protect the Procuring Agency against the risk of Bidder’s conduct which would warrant the security’s forfeiture, pursuant to ITB 14.5

17.3. The Bid Security shall be payable promptly upon written demand by the Procuring Agency in case any of the conditions listed in 14.5 are invoked.

17.4. Unsuccessful Bidders’ Bid Security will be discharged or returned as promptly as possible after the award of contract, however in no case later than thirty (30) days after the expiration of the period of Bid Validity prescribed by the Procuring Agency pursuant to ITB 13. The Procuring Agency shall make no claim to the amount of the Bid Security, and shall promptly return the Bid Security document, whichever of the following that occurs earliest:

17.4.1. the expiry of the Bid Security;

17.4.2. the entry into force of a procurement contract and the provision of a Performance Guarantee, for the performance of the contract if such a guarantee, is required by the bidding document;

17.4.3. the rejection by the Procuring Agency of all Bids;

17.4.4. the withdrawal of the Bid prior to the deadline for the submission of bids, unless the bidding document stipulate that no such withdrawal is permitted.

17.5. The Bid Security may be forfeited or the Bid Securing Declaration executed:

17.5.1. if a bidder:

17.5.1.1. withdraws its bid during the period of bid validity as specified by the Procuring Agency, and referred by the bidder in the Forms of Bid, except as provided for in the ITBs; or

17.5.1.2. does not accept the correction of errors pursuant to ITB 23; or

17.5.2. in the case of a successful bidder fails:

17.5.2.1. **to sign the contract in accordance with ITB 32; or**

17.5.2.2. **to furnish Performance Guarantee in accordance with ITB 33.**

17.6. **The bid security shall be valid for a period specified in BDS. Bids with shorter bid security validity period shall be rejected straight away.**

18. **Alternative Bids by Bidders**

18.1. Alternatives will not be considered, unless specifically allowed for in the BDS.

18.2. When alternative times for completion are explicitly invited, a statement to that effect will be included in the BDS and the method of evaluating different time schedules will be described in Section V, Evaluation and Qualification Criteria.

19. **Withdrawal, Substitution, and Modification of Bids**

19.1. Before Bids submission deadline, any bidder may withdraw, substitute, or modify his bid after it has been submitted.

20. **Format and Signing of Bids**

20.1. The bidder shall prepare and submit his bid with due diligence after carefully reading all the terms and conditions before submission through EPADS v2.0.

D. Submission of Bids

21. **Submission of Bids through EPADS v2.0 before Dead deadline**

21.1. The Technical and Financial Bids as the case may be, shall be submitted in the due portion of the EPADS v2.0, before bid submission deadline. The bid submission option shall be automatically disabled once the deadline is over.

21.2. The Procuring Agency may, under exceptional circumstances and at its discretion, extend the deadline for the submission of bids by amending the Bidding Documents in accordance with ITB 8. In such a case, all rights and obligations of the Procuring Agency and the Bidders that were previously subject to the original deadline shall thereafter be subject to the revised deadline.

E. Opening and Evaluation of Bids

22. **Opening & Evaluation of Bids by the Procurement Cell**

22.1. As per Rule 10 of Public Procurement Rules, 2026
(PA to establish a Procurement Cell which shall carryout procurements a per Rule 10 of Public Procurement Rules, 2026)

23. **Opening & Evaluation of Bids by the Bid Evaluation Committee**

23.1. As per Rule 11 of Public Procurement Rules, 2026
(PA to constitute odd number Bid Evaluation Committee for the purpose of bid opening and evaluation of all procurements with an estimated value up to two billion rupees)

24. **Third Party Validation**

24.1. **In compliance with Rule 12** of Public Procurement Rules, 2026, the third-party validation committee or firm shall validate all procurements above five hundred million and up to two 2 billion rupees. The third-party validation shall be conducted at specifications, bidding documents preparation, technical (if any) & final evaluation stages.

25. **External Bid Evaluation Committee**

25.1. **As per Rule 13 of Public Procurement Rules, 2026,** procurements with an estimated value above two billion rupees shall be opened and evaluated by the Procuring Agency's notified External Bid Evaluation Committee.

26. **Opening of Bids**

26.1. The Procuring Agency will open all bids through EPADS, in the presence of bidders' or their representatives who choose to attend, and other parties with a legitimate interest in the bid proceedings at the place, on the date and at the time, specified in the **BDS**. The Bidders' representatives present shall sign attendance sheet as proof of their attendance.

26.2. The bids shall be opened one at a time, and the following read out and recorded: (a) the name of the bidder; (b) the presence of a bid security, if required; and (c) any other details as the procuring agency may consider appropriate.

26.3. No bid will be rejected at the time of bid opening except for bids whose bid security has not been provided to the procuring agency before submission deadline**.**

26.4. The procuring agency shall prepare minutes of the bid opening. The record of the bid opening shall include, as a minimum: the name of the bidder and the bid price, if applicable.

27. **Confidentiality**

27.1. Information relating to the examination, clarification, evaluation and comparison of bids and recommendation of contract award shall not be disclosed to bidders or any other person(s) not officially concerned with such process, until the time of the announcement of the respective evaluation report.

27.2. Any effort by a bidder to influence the procuring agency processing of bids or award decision may result in the rejection of his bid.

28. **Preliminary Examination of Bids**

28.1. Prior to the detailed evaluation of bids, the procuring agency will determine whether each bid:

28.1.1. meets the eligibility criteria defined in **ITB 3**;

28.1.2. has been prepared as per the format and contents defined by the procuring agency in the bidding document;

28.1.3. is accompanied by the required securities; and

28.1.4. is substantially responsive to the requirements of the bidding document.

28.2. The procuring agency will confirm that the documents and information specified under **ITB 7,8 and 9** have been provided in the bids. If any of these documents or information is missing, or is not provided in accordance with the Instructions to Bidders, the bid shall be rejected.

28.3. If a bid is not substantially responsive, it will be rejected by the procuring agency and may not subsequently be evaluated for complete technical responsiveness.

29. **Examination of Terms and Conditions, Technical Evaluation**

29.1. The procuring agency shall evaluate the technical aspects of the bids submitted in accordance with **ITB 21,** to confirm that all requirements specified in **Section V – Evaluation Criteria, Technical Specifications and Schedule of Requirements**,prescribed inthe bidding document have

been met without material deviation or reservation.

29.2. If after the examination of the terms and conditions and the technical evaluation, the procuring agency determines that the bid is not substantially responsive in accordance with **ITB 21,** it shall reject the bids.

30. **Correction of Errors**

30.1. Bids determined to be substantially responsive will be checked for any arithmetic errors. Errors will be corrected as follows: -

30.1.1. if there is a discrepancy between unit prices and the total price that is obtained by multiplying the unit price and quantity, the unit price shall prevail, and the total price shall be corrected, unless in the opinion of the procuring agency there is an obvious misplacement of the decimal point in the unit price, in which the total price as quoted shall govern and the unit price shall be corrected;

30.1.2. if there is an error in a total corresponding to the addition or subtraction of sub-totals, the sub-totals shall prevail and the total shall be corrected; and

30.1.3. where there is a discrepancy between the amounts in figures and in words, the amount in words will govern.

30.1.4. Where there is discrepancy between grand total of price schedule and amount mentioned on the Forms of bid, the amount referred in Price Schedule shall be treated as correct subject to elimination of other errors.

30.2. The amount stated in the bid will be adjusted by the procuring agency in accordance with the above procedure for the correction of errors and, with the concurrence of the bidder that shall be considered as binding upon the bidder. If the Bidder does not accept the corrected amount, his bid will then be rejected, and the Bid Security may be forfeited or the Bid Securing Declaration may be executed in accordance with **ITB 14.**

31. **Conversion to Single Currency**

31.1. As per Rule 42(2) of Public Procurement Rules, 2026.

32. **Evaluation of Bids**

32.1. The procuring agency shall evaluate bids in accordance with Rule 42 of Public Procurement Rules, 2026 and compare only those bids determined to be substantially responsive, pursuant to **ITB 21.**

32.2. In evaluating the Technical Bids of each Bidder, the Procuring Agency shall apply the evaluation criteria and methodologies specified in the **Bid Data Sheet (BDS)** and in accordance with the Statement of Requirements and Technical Specifications. No other evaluation criteria or methodologies shall be permitted.

32.3. **In case of tie of bids, the bidders shall be provided an opportunity to offer their best and final monetary offer through EPADS. However, in no case the rates shall be higher than the original financial bids.**

32.4. The Procuring agency/Employer's evaluation of a bid will take into account:

32.4.1. the bid price, excluding provisional sums and the provision, if any, for contingencies in the summary bill of quantities, but including day work items, where priced competitively;

32.4.2. price adjustment for correction of arithmetic errors in accordance with **ITB 30;**

32.5. converting the amount resulting from applying (a) and (b) above, if relevant, to a single currency in accordance with **ITB 31**;

32.6. The estimated effect of the price adjustment provisions of the Conditions of Contract, applied over the period of execution of the Contract, shall not be taken into account in bid evaluation.

32.7. If these bidding documents allow bidders to quote separate prices for different lots, and the award to a successful bidder of multiple lots, the methodology of evaluation to determine the lowest evaluated lot combinations in the Form of Bid, is specified in the **BDS.**

33. **Determination of Most Advantageous Bids**

33.1. Selection technique will be adopted for determining the Successful Bid in accordance with the criteria referred in the **BDS** or prescribed in the separate section titled as Evaluation Criteria.

34. **Abnormally Low Financial Bids**

34.1. Subject to sub-rule (2), a procuring agency may, in the procurement of goods, works and services, reject a bid if it has determined that the price, in combination with other constituent elements of the bid, is abnormally low in relation to the subject matter of the procurement such that it raises material concerns on the part of the procuring agency as to the ability of the bidder to perform the procurement contract satisfactorily for the offered price.

34.2. A procuring agency shall not reject a bid as abnormally low under sub-rule (1) unless the procuring agency—

34.2.1. requested through EPADS from the bidder a written clarification of bid, including a detailed price analysis of its bid price in relation to the subject matter of the procurement contract, scope, methodology, schedule, allocation of risks and responsibilities and any other requirements of the bidding documents; and

34.2.2. having taken into account the information provided by the bidder in response to a request under clause (a) and the information included in the bid, the procuring agency determines that the bidder has failed to demonstrate its ability to perform the procurement contract satisfactorily against the offered price.

34.3. The procuring agency shall promptly communicate to the bidder concerned its decision to reject the bid, including the reasons for the decision. The procuring agency may reinitiate the bidding process after communication of such decision.

34.4. Every abnormally low bid shall be investigated in order to determine the reason for submitting the bid including whether the bid was submitted in order to remove other bidders from competition.

34.5. In case it is established after investigation that the bidder submitted an abnormally low bid to remove other bidders from competition or to frustrate the bidding process, the procuring agency may blacklist the bidder in accordance with Rule 25(1)(d).

35. **Rejection of Bids**

35.1. As per Rule 45 of Public Procurement Rules, 2026

36. **Cancellation of procurement**

36.1. As per Rule 46 of Public Procurement Rules, 2026

37. **Single Responsive Bid**

37.1. The procuring agency may consider single responsive subject to underlying conditions of Rule 50 of Public Procurement Rules, 2026.

38. **Alternate Dispute Resolution (ADR)**

38.1. As per Rule 66 of Public Procurement Rules, 2026

39. **Arbitration Clause**

39.1. (Appointing Authority for the Arbitrator shall be Chief justice of Honorable Islamabad High Court OR Managing Director (PPRA) OR Secretary (Ministry of Law & Justice),

40. **Fee of the Arbitrator**

40.1. The fee shall be specified in PKR as detrmined by the Appointing Authority and shall be shared equally by each party.

41. **Socio-economic development**

41.1. As per Rule 63 of Public Procurement Rules, 2026, PA to encourage the inclusiveness of small and medium enterprises, and marginalized groups by according preferences in line with the notified policies of the Federal Government

42. **Environmental objectives**

42.1. As per Rule 64 of Public Procurement Rules, 2026, The procuring agency may seek to procure services with a reduced environmental impact throughout their life cycle when compared to services with the same primary function that may otherwise be procured.

F. Award of Contract

43. **Appointment of Contract Manager**

43.1. The procuring agency shall designate a Contract Manager for each procurement or class of procurement who shall manage the contract as per Rule 58 & 59 of Public Procurement Rules, 2026.

44. **Criteria of Award**

44.1. The procuring agency will award the Contract to the bidder whose bid has been determined to be substantially responsive to the bidding document and who has been declared as Successful Bid .

45. **Procuring Agency’s Right to reject All Bids**

45.1. The procuring agency reserves the right to reject all the Bids and to annul the procurement process at any time prior to acceptance of the bid(s), without thereby incurring any liability to the affected bidder(s).

45.2. Notice of the rejection of all bids shall be given promptly to all bidders that have submitted the bids. The procuring agency shall upon request communicate to any bidder the grounds for the rejection of his bid, but is not required to justify those grounds.

46. **Procuring Agency’s Right to Vary Quantities at the Time of Award**

46.1. The procuring agency reserves the right, at the time of contract award, to increase or decrease not more than 15% of the original scope of related services originally specified in the Schedule of Requirements, provided that such variation does not exceed the percentage indicated in

the **Bid Data Sheet (BDS)**. This adjustment shall be made without any change in the unit price or other terms and conditions of the Bids and Bidding Documents.

47. **Notification of Award**

47.1. Prior to the award of contract, the procuring agency shall issue a Final Evaluation Report giving justification for acceptance or rejection of the bids.

47.2. Bidder whose bid has been accepted, will be notified for the award by the Procuring Agency prior to expiration of the Bid Validity period through EPADS. The Letter of Award will state the sum that the procuring agency will pay the successful bidder in consideration for the execution of the scope of works as prescribed by the Contract (hereinafter and in the Contract called the "Contract Price).

47.3. The notification of award will constitute the formation of the Contract, subject to the condition that bidder furnish the Performance Guarantee in accordance with **ITB 33** and signing of the contract in accordance with **ITB 32.**

48. **Signing of Contract**

48.1. Promptly after notification of award, Procuring Agency shall send the successful bidder the draft agreement, incorporating all terms and conditions as agreed by the parties to the contract. The successful bidder and the procuring agency shall sign the contract.

49. **Performance Guarantee**

49.1. After the receipt of the Letter of Award, the successful bidder, within the specified time, shall deliver to the Procuring Agency a Performance Guarantee in the amount and in the form stipulated in the **BDS and SCC**, denominated in the type and proportions of currencies in the Letter of Acceptance and in accordance with the Conditions of Contract.

49.2. Failure of the successful bidder to comply with the requirement of **ITB 33.1** shall constitute sufficient grounds for the annulment of the award and forfeiture of the bid security, in which event the procuring agency may

make the award to the next ranked bidder or call for new bids.

50. **Advance Payment**

50.1. The Procuring Agency will provide an Advance Payment as stipulated in the Conditions of Contract, subject to a maximum amount, as stated in the **BDS**. The Advance Payment request shall be accompanied by an Advance Payment Guarantee in the form provided in Contract Forms.

51. **Arbitration**

51.1. The Arbitrator shall be appointed by mutual consent of the both parties as per the provisions specified in the **SCC**.

52. **Corrupt & Fraudulent Practices**

52.1. Procuring Agencies (including beneficiaries of Government funded projects and procurement) as well as Bidders/Contractors under Government financed contracts, observe the highest standard of ethics during the procurement and execution of such contracts, and will avoid to engage in any corrupt and fraudulent practices.

G. Grievance Redressal & Complaint Review Mechanism

53. **Constitution of Grievance Redressal**

53.1. The Principal Accounting Officer or head of procuring agency or any authorized officer shall constitute a committee comprising of odd number of members completely outside the procuring agency from any other procuring agency or from the pool of experts maintained by the Authority and accessible through EPADS with necessary powers and authorizations, to address the complaints of bidders or parties that may occur prior to the entry into force of the procurement contract.

53.2. Any party may file a written complaint, two days prior to the proposal submission deadline, against the eligibility parameters, evaluation criteria or

any other terms and conditions described in the bidding documents, if found contrary to the provisions of the procurement regulatory framework, and the same shall be addressed by the GRC.

53.3. Any bidder or party feeling aggrieved by any act of the procuring agency after the submission of bid, may lodge a written complaint concerning his grievances within seven days of announcement of the technical evaluation report and five days after issuance of final evaluation report.

53.4. In case, the complaint is filed against the technical or final evaluation report, the GRC may suspend the procurement proceedings till the decision.

53.5. In case, the complaint is filed after the issuance of the final evaluation report, the complainant may not raise any objection on technical evaluation of the report:Provided that the complainant may raise the objection on any part of the final evaluation report in case where single stage-single envelope bidding procedure is adopted.

53.6. The GRC shall investigate and decide upon the complaint within ten days of its receipt.

53.7. Any bidder or party not satisfied with the decision of the GRC or if GRC fails to decide within ten days under sub-rule 6, may file an appeal before the Appellate Committee of the Authority, comprising odd number of members including an external member within ten days of communication of decision subject to depositing the prescribed fee and in accordance with the procedure determined by the Authority. The Appellate Committee of the Authority shall decide the appeal within 45 days from the receipt of the appeal. The Appellate Committee may suspend the process of award of contract to such period as deemed appropriate during the pendency of appeal. The decision of the Appellate Committee of the Authority shall be considered as final.

H. Blacklisting/ Debarment

55. **Procedure for Blacklisting/Debarment**

55.1. The procuring agency may initiate blacklisting proceedings against contractor/supplier in accordance with Rule-25 of the Public Procurement Rules, 2026 , Mechanism for Blacklisting, Debarment Regulations, 2026 and “procedure for filling and disposal of review petition under rule-25(6) of Public Procurement Rules, 2026.

PUBLIC PROCUREMENT REGULATORY AUTHORITY (PPRA) EPADS

Bid Data Sheet

Bids Data Sheet (BDS)

The following specific data for the procurement of Goods to be procured shall complement, supplement, or amend the provisions in the Instructions to Bidders (ITB). Whenever there is a conflict, the provisions herein shall prevail over those in ITB.

BDS Clause Number
ITB Number
Amendments of, and Supplements to, Clauses in the Instruction to Bidders

A. Introduction

BDS Clause Number 1
ITB Number 1.1

Name of Procuring Agency: **Pakistan Revenue Automation Pvt Limited (Pakistan Revenue Automation Pvt Limited)**

The subject of procurement is: **TENDER NO. P-83/2026 PROCUREMENT AND IMPLEMENTATION OF SERVER SECURITY INCLUDING EMAIL AND WEB SECURITY - HYBRID PROXY SOLUTION**

Expected commencement date: **Wednesday, December 2, 2026**

BDS Clause Number 2
ITB Number 2.1

Financial year for the operations of the Procuring Agency: **2026-27**

Name and identification number of the Contract: **P181119**

BDS Clause Number 3
ITB Number 4.6

JV/Consortium or Association Allowed: **No**
Number of JV/Consortium Members: **Nil**

B. Bidding Documents

BDS Clause Number 4
ITB Number 7.1

The Bidders may seek clarifications through **EPADS v2.0**: Clarification Date: Tuesday, November 10, 2026

BDS Clause Number 5
ITB Number 8.1

Any addendum, in case issued, shall be published on **Pakistan Revenue Automation Pvt Limited (Pakistan Revenue Automation Pvt Limited)** website and on **EPADS v2.0**.

BDS Clause Number 6
ITB Number9.1

List of documents required along with the bid: **No**

BDS Clause Number 7
ITB Number 11.1

The qualification criteria to establish the supply / production capability of the bidder.

see Eligibility Criteria

BDS Clause Number 8
ITB Number 7.6

Services and Their related documents:
See section Required Services and Scope of Work

BDS Clause Number 9
ITB Number 13.1 & 13.2

Price schedule will be provided according to the format defined and acquired.
see section price schedule.

BDS Clause Number 10
ITB Number 7.6.2

Specifications:

see section of specifications.

C. Preparation of Bids

BDS Clause Number 11
ITB Number 13.5

The price shall be **Fixed**.

BDS Clause Number 12
ITB Number 15.1

Currency of the Bids shall be : **PKR**

BDS Clause Number 13
ITB Number 16.1

The Bids/Bid Validity period shall be: **90 Days**

BDS Clause Number 14
ITB Number 17.1

The amount of Bid Security shall be as defined in Bid Security Section for items and lots given in **BDS 6**
Instrument of Bid Security Shall be in the Name of : **Pakistan Revenue Automation Pvt Limited**
The Bid Security shall be in the form of: **Pay Order**

BDS Clause Number 15
ITB Number 17.3

The Bids security shall be valid for twenty-eight (28) days beyond the expiry of the Bids validity period specified in the bidding documents, for example the bid validity is 180 days so the bid security shall be valid for 180+28 = 208 days.

BDS Clause Number 16
ITB Number 18.1

Alternative Bids to the requirements of the bidding documents will not be permitted.

D. Submission of Bids

BDS Clause Number 17
ITB Number 21.1

Bid shall be submitted online on **EPADS v2.0** whereas hard copy of the bid security should be submitted to the following;

Galaxy Business Center, 2nd Floor, Plot # 266-B, Street # 9, Sector I-9/3, Islamabad, Islamabad Capital Territory

Bids that are not submitted on EPADS v2.0 shall be disqualified.

The deadline for Bids submission is: **Friday, November 13, 2026 03:00 PM**

E. Opening and Evaluation of Bids

BDS Clause Number 18
ITB Number 26.1

The Bids opening shall take place on **EPADS v2.0**.

Day *:* ***Friday***

Date: ***Friday, November 13, 2026***

Time *:* ***03:30 PM***

BDS Clause Number 19
ITB Number 32.1

Selection technique adopted will be: **Least Cost Based Selection (LCBS)**
see Evaluation Criteria

F. Award of Contract

BDS Clause Number 20
ITB Number 49.1

The Performance guarantee shall: **0%**.

The Performance Guarantee shall be acceptable in the form of: **Nil**

BDS Clause Number 21
ITB Number 51.1

Arbitrator shall be appointed by mutual consent of the both parties.

G. Review of Procurement Decisions

BDS Clause Number 22
ITB Number 53.1

Grievence against this procurement shall be submitted online on **EPADS v2.0**.

Eligibility Criteria

All Active Taxpayers shall be eligible to participate in the procurement process, unless expressly excluded or otherwise restricted under the Eligibility Criteria specified by the Procuring Agency.

Required Registration
FBR (NTN)
FBR (GSTN)

Eligibility Criteria	Document
The Bidder should be a registered entity in Pakistan in the form of Public Ltd/Private Ltd or any other form permissible under Legal system of Pakistan and should be in business for a tenure of at least Five (05) years. Relevant proof of existence	Yes
The Bidder should have registered office in Pakistan and shall submit a list of offices/presence having technical resources and support should be provided in Islamabad. . (Documentation Proof NTN, Incorporation Certificate, Active Tax Payer, Tax Returns required must be provided in the proposal with proper reference (page No))	Yes
Bidder should possess at least 03 years' experience in the field of providing similar proposed solution to different reputed organizations. (Documentation proof like Purchase order/ Contract Agreement/ work orders/ LOI/ customer reference/ or equivalent etc. must be provided with proper rsubmit a list of offices/presence having technical resources and support should be provided in Islamabad. (Documentation Proof of List of Offices must be provided with proper reference (page No) in the proposal)	Yes

Bidder should have experience of at least 03 engagements in Pakistan of the same product out of which at least 01 complete implementation should be in a large organization. (Documentation proof like Purchase order/ Contract Agreement/ work orders/ LOI/ customer reference/ or equivalent etc. must be provided with proper reference (page No) in the proposal)	Yes
The Bidder should provide audited Profit & Loss (Income Statement) showing Sale volume/ Revenue of company of at least Rs. 50 million aggregated in the last 3 years. In case if audited statement is not available for last year, then Bidder should provide letter from company's CFO or senior management staff confirming that Sale Volume / Revenue of company is at least Rs. 50 million aggregated in the last 3 years. (Documentation proof Annual Audited Report must be provided with proper reference (pa	Yes
The Bidder should provide an undertaking on non-judicial stamp paper stating that "the bidder's company is not blacklisted by any Government entity in Pakistan for unsatisfactory past performance, corrupt, fraudulent or any other unethical business practices and also not involved in lawsuits in this regard either current or pending." (The undertaking on legal paper provided by the bidder must cover all points mentioned in the statement above)	Yes
Bidder shall provide Declaration of Ultimate Beneficial Owners Information Form as per specimen given in this document. Failing which its bid will not be considered.	Yes
Bidder must have Direct Partnership with the principal supplier and also must provide signed and stamped "Manufacturer Authorization Form" and Partnership Certificate from principal supplier as per the requirements (guarantee, warranty and maintenance etc.) stated in the specimen provided in Section - VI Standard Bidding Document.	Yes
Bidder/Distributor must have at least two (02) expert level resources of proposed solution, support team and must have relevant experience to supervise and provide expert support and deployment services as per OEM standards and industry best practices. (Documentation proof detailed list of Technical Resources / CVs must be provided with proper reference (page No) in the proposal)	Yes

Evaluation Criteria

Least Cost Based Selection (LCBS)

Weightage

Technical Evaluation %
100

Technical Marks	100
Passing Marks	**100**
Technical Evaluation Criteria	
Server security = license 600 The proposed solution should be on prem based solution. The proposed solution should have a centralized Web-based management console which administrators use to configure security policy and deploy protection to the enforcement component. The proposed solution should support agent based and agent less environments (Quantitative)(Doc Required)	5

The solution should be capable to: 1) Solution should have detection & response capability including but not limited to device isolation, process termination, IOC sweeping. 2) Proposed solution must have support for Windows, Linux and AIX. 3) Proposed solution must provide IPS for Windows, Linux and AIX. 4) Should be able to provide security shield against WebSphere Application Server vulnerabilities. 5) Should be able to provide security shield against Oracle Web Logic. 6) Should be able to identify use of PSEXEC tool through SMB share. 7) Should be able to detect and alert if executable file is being uploaded on a SMB share. 8) Should be able to detect and alert batch file upload on network share. 9) Should be able to identify and alert on suspicious (RDP) possible attempt of brute force. 10) Should be able to prevent access to administration share. 11) Should be able to detect OneDrive, Dropbox, BOX traffic. 12) Should be able to detect download of a file over FTP. (Quantitative)(Doc Required)	5
The solution should be capable to: 13) Should be able to detect traffic remote applications like VNC and TeamViewer. 14) The proposed solution must provide firewall feature on Windows, Linux and AIX. 15) The proposed solution must have application control feature to quickly identify new suspicious files. 16) The proposed solution must be able to detect and alert on administrator log-ins on servers. 17) The proposed solution must be able to alert when log file is cleared. 18) The proposed solution must be able to detect PowerShell command execution. 19) Should be able to detect ftp events on AIX. 20) Should be able to detect ftp event on Windows. 21) Should be able to detect hosts file modification on Windows. 22) Should be able to detect file attribute changes in /usr/bin and /user/sbin on Unix. 23) Should be able to detect change in the attribute Permissions of any log file under /var/log path. 24) Should be able to alert when command history is cleared (Quantitative)(Doc Required)	5

The solution should be capable to: 25) Should be able to detect installation of root certificate. 26) Should be able to detect removable devices on Linux. 27) Should be able to identify create and delete activity of users and groups. 28) Should be able to detect when task scheduler entries are modified. 29) Should be able to detect when Windows start up programs are modified. 30) Should be able to detect when a software is installed or uninstalled on Unix. 31) Should be able to detect files created by Oracle server when modified. 32) Should be able to provide lock-down ability (to block all new executable) if needed on Linux. 33) Should be able to provide information on the user and process associated with launching of executable. 34) Should be able to provide a way to block suspicious list of hashes on Linux. 35) Should be able to list down the vulnerabilities being protected with relevant CVE and CVSS score. 36) Should be able to provide a mechanism to block suspicious web traffic. 37) solution should be capable to monitor TPM signatures and raise Alerts if changes are detected (Quantitative)(Doc Required)	5
Anti-Malware: 1) Solution must provide real-time and scheduled anti-malware protection for Windows and Linux, including behavior-based ransomware detection, machine-learning-based zero-day detection, and blocking of known command-and-control (C&C) domains. (Quantitative)(Doc Required)	5
Intrusion Prevention System: 1) Solution must provide network-based Intrusion Prevention (IPS) with virtual-patching capability for Windows, Linux, and etc., including shielding of known vulnerabilities in third-party application servers (e.g., IBM, Oracle) pending permanent patching. 2) Solution must provide a mechanism to list all vulnerabilities currently shielded by IPS rules, with associated CVE ID and CVSS score, for audit and compliance reporting. 3) Solution must detect FTP-based file transfer activity (including downloads) on Windows and etc., via protocol inspection or log correlation. 4) Solution must detect network traffic associated with unauthorized remote-access tools (e.g., VNC, TeamViewer) (Quantitative)(Doc Required)	5
Firewall: 1) Solution must provide a bidirectional, stateful host firewall for Windows, Linux and AIX, with policy-based ability to restrict access to administrative shares and other high-risk lateral-movement paths (Quantitative)(Doc Required)	5
Web Reputation: 1) Solution must provide URL/domain reputation-based filtering to block access to known-malicious or suspicious web destinations. (Quantitative)(Doc Required)	3

Integrity Monitoring: 1) Solution must provide real-time File/Directory/Registry Integrity Monitoring across Windows, Linux, covering OS-critical paths (e.g., hosts file, /usr/bin, /usr/sbin, /var/log permissions), with support for custom rules on network share directories (including detection of specific file types such as executables and batch files) and third-party application paths (e.g., Oracle). 2) Solution must detect and alert on persistence, evasion, and identity-related configuration changes — including scheduled-task modification, startup/Run-key changes, root certificate installation, command-history/log clearing, and creation/deletion of users and groups, as well as software install/removal events on Unix (Quantitative)(Doc Required)	2
Log Inspection: 1) Solution must correlate OS and application logs to detect and alert on suspicious authentication and administrative activity — including RDP brute-force attempts, administrator logons, and use of remote administration/lateral-movement tools (e.g., PsExec) over SMB. 2) Solution must detect and alert on log-tampering events (e.g., Windows Event Log cleared) and script-based execution activity (e.g., PowerShell command/script-block execution) (Quantitative)(Doc Required)	2
Application Control: 1) Solution must provide Application Control capable of detecting new/unauthorized executables in real time, with user- and process-level context at execution, and a lockdown mode to block all unrecognized executables on Linux. 2) Solution must support custom allow/deny rules for Application Control, including hash-based blocklisting, on Linux (Quantitative)(Doc Required)	2
Device Control: 1) Solution must provide Device Control to detect and restrict removable storage devices and optical media (USB, CD/DVD) on Windows endpoints (Quantitative)(Doc Required)	1
Email Security Gateway (Email User License = 1,050) 1. The proposed solution must be a complete email gateway solution including an on-premise hardware based sandboxing capability within a single box. 2.The proposed solution must be deployed in HA.. 3.Single quoted appliance must be able to process [150,000] emails per day. 4.The appliance must (Quantitative)(Doc Required)	5

The proposed solution should be able to offer following settings for proper SMTP relay MTA configuration: a) Message Delivery detailed Reports, b) Configuring SMTP Connection Settings, c) Configuring Message Delivery Settings, d) Configuring Limits and Exceptions, e) Configuring the SMTP Greeting Message, f) Edge MTA Relay Servers, The proposed solution should provide End-User Quarantine feature to improve spam management. Messages that are determined to be spam should be available for users to review, delete or approve for delivery. The solution should be able to automatically send digest notifications to end-users (Quantitative)(Doc Required)	5
The proposed solution should provide ability to generate reports: a) Daily, b)Weekly, c)Monthly, The proposed solution must be able to detect fraud/business email compromise attacks and it should be possible to select specific high-profile users to detect possible fraud/business email compromise attacks. The proposed solution must have the ability to identify anomalies by correlating signals across different detection layers. (Quantitative)(Doc Required)	3
The proposed solution must provide high level view of threat monitoring via dashboard: a) Attack Sources, b) High-Risk Messages, c) Detected Messages, d) Advanced Threat Indicators, (Quantitative)(Doc Required)	2
The proposed solution must provide high level view of system status via dashboard: a) Processing Volume, b) Hardware Status (Quantitative)(Doc Required)	1
The proposed solution must provide high level view of top trends via dashboard, The proposed solution should provide at-least the following logs: a) Email Message Tracking, b) MTA Events, c) System Events, d) Message Queue Logs, e) Email Submission Logs, f) Time-of-Click Protection Logs (Quantitative)(Doc Required)	2
The proposed solution must utilize multiple detection engines and sandbox simulation to investigate file attachments, The solution must detect malicious files, including password-protected archives and password-protected document files, The solution must be able to decrypt password-protected Office files for analysis, The solution must be able to decrypt password-protected PDF files for analysis (Quantitative)(Doc Required)	2

The solution should be able to detect threats masqueraded in shortened URLs, The proposed solution should be able to take action on the suspicious email messages like block, quarantine & delete, Should have the capability to whitelist certain email messages to pass through to the recipient, The solution should also be capable to strip suspicious attachments, redirect suspicious links to blocking or warning pages and tag the email with a customized string, The solution must be able to send copies of malicious detected email messages to archive servers, The proposed solution should be able to effectively block content that is specified as inappropriate from reaching recipients by analyzing both the message content and attachments (Quantitative)(Doc Required)	3
The proposed solution should also be able to prevent sensitive content being sent outside by analyzing message content and attachments, Proposed solution should have DLP templates for data leakage over email, The proposed solution sandbox must support Windows 11 image, The proposes solution sandbox must support Windows Server 2019 image, The proposed solution sandbox must support Linux image, The sa, ndbox analysis must be able to detect deception and social engineering, The proposed solution must be able to provide detection of zero-day threats, The proposed solution must be able to detect embedded exploit code, The proposed solution must detect unknown risks through digital DNA fingerprinting and API mapping, The proposed solution must have the ability to detect image based QR code phishing attacks (Quantitative)(Doc Required)	2
Web Security – Hybrid Proxy (User License: 500): The proposed solution must support secure access control for both Internet facing and internal application resources using zero trust principles, The proposed solution must be deployed in High Availability., Secure Internet access control solution is required for 500 users, The proposed solution must provide visibility into Internet access and browsing, The proposed solution must provide secure access to external websites, The proposed solution must protect both corporate and BYOD, The proposed solution must support cloud proxy service for roaming users, The proposed solution must allow restricting access to external websites and applications, The proposed solution must allow integration with Identity and Access Management System (Quantitative)(Doc Required)	5

The proposed solution must allow the ability to add local user accounts, The proposed solution must support agent-based enforcement for Internet, The proposed solution must have the ability use PAC files for traffic forwarding, The proposed solution must allow configuration of corporate network locations to ensure proper identification of Internet traffic of users, The proposed solution must include functionality to detect emerging advanced threats, The proposed solution must provide machine learning to detect unknown threats, The proposed solution must provide the threat intelligence to detect botnets. (Quantitative)(Doc Required)	3
The proposed solution must be able to scan upto 10 compression layers, The proposed solution must provide cloud sandbox analysis feature, The proposed solution must include web reputation feature to block suspicious websites automatically, The proposed solution must include data loss prevention (DLP) rules to scan outbound web traffic for sensitive data. (Quantitative)(Doc Required)	2
The proposed solution must include data loss prevention templates, The proposed solution must include the ability to create customize templates using expressions, The proposed solution must include the ability to create customize templates using file attributes, The proposed solution must include the ability to create customize templates using keyword lists, The proposed solution must allow device posture checking before allowing Internet access, The device posture checking should be available for Windows, MacOS, Android and iOS/iPadOS (Quantitative)(Doc Required)	2
The proposed solution must support URL categories for quick control, The proposed solution must support cloud application categories for quick control, The proposed solution must allow custom URL categories for deeper control, The proposed solution must allow custom cloud application categories for deeper control, The proposed solution must provide the ability to provide more control on specific resource by blocking certain features instead of blocking the entire resource, (Quantitative)(Doc Required)	2
The proposed solution must allow blocking of file upload on Youtube, The proposed solution must allow blocking of commenting post on Youtube, The proposed solution must allow blocking of creating post on Linkedin, The proposed solution must allow blocking of uploading file on Linkedin (Quantitative)(Doc Required)	1

The proposed solution must provide monitor, warn, block and allow as action for cloud applications, The proposed solution must provide monitor, warn, block and allow as action for URLs, The proposed solution must all, ow HTTPS inspection, The proposed solution must allow safe search functionality on Google, Yahoo and Bing Search Engines, The proposed solution must allow safe search functionality on Youtube, The proposed solution must have bandwidth control feature for corporate users (Quantitative)(Doc Required)	5
The proposed solution must support both upstream and downstream bandwidth throttling for corporate users, The proposed solution must allow bandwidth control on specific traffic, The proposed solution must secure all access across internal and cloud applications from any user, device, location, at any time, The proposed solution must ensure that only authenticated users with compliant devices can connect to authorized applications and network resources at a given location and time, The proposed solution must manage user risk and control access by providing private access rules to control access to private or internal apps, including private cloud apps (Quantitative)(Doc Required)	5
The proposed solution must enforce private access rules with connector virtual appliances associated with each private app, The proposed solution must manage user risk and control access by providing Internet access rules control access to the internet, such as blocking certain kinds of risky sites or public cloud apps, The proposed solution must enforce internet access rules with an Internet Access Gateway, The proposed solution must provide risk control rules to control user accounts and devices based on risk scores (Quantitative)(Doc Required)	5

Services Specifications

Positions Without Lots :

Position: Procurement, implementation and support services for Server Security including Email and Web Security – Hybrid Proxy Solution for 03 years.

Specifications / Requirements:

Technical Requirement Bidder's quote shall comply with the required minimum Technical Requirements, as any alternate or additional proposition will not be considered for evaluation and its bid will be considered as Technically Non-Responsive. • For all bidder's requirements against which Bidder is responding “Y”, all bidders are required to provide Documentation with proper reference (Section No/ Page No) in the proposal against all requirements. It is mandatory to provide proper reference of document. • Bids will be considered non-responsive if bidder's response with ‘N’ / ‘No’ or incomplete response against any of the below criteria. • PRAL will only raise clarification queries against requirements where reference is provided, and further clarification is required. In case no reference is provided, and documents are not available in the submitted proposal, PRAL may not raise any clarification query and response will be considered as NIL, which may lead to disqualification. • All bidders are required to affix their company's stamp/signature on each page of the submitted Technical Requirements. Procurement, implementation and support services for Server Security including Email and Web Security – Hybrid Proxy Solution for 03 years. (Extendable to 5 years)

Scope of Work

PROCUREMENT AND IMPLEMENTATION OF SERVER SECURITY INCLUDING EMAIL AND WEB SECURITY – HYBRID PROXY SOLUTION

1. Scope of the Solution and Requirements:

PRAL intends to procure an integrated security solution comprising server security featuring exploit prevention, mail box security, and web traffic protection delivered through a hybrid proxy.

1.1. Delivery:

Delivery will be considered accomplished when the complete solution along with licenses and accessories are delivered.

1.2. Installation:

Installation will be considered accomplished when proposed hardware equipment will be installed at FBR DC Islamabad.

1.3. Integration:

Integration means that all necessary configuration of the proposed solution is according to the purchaser’s requirement and ready for use.

1.2. Accessories:

Bidder will provide all other related accessories including hardware / cable / software / licenses / subscriptions (if any) which are necessary for the proper and smooth working of the proposed solution.

1.3. Operational Acceptance:

Operational Acceptance means that the offered solution has been installed, configured, integrated and operational after testing in accordance with the standard procedure provided by the OEM.

1.4. Training and Documentation:

The bidder/supplier will provide formal hands-on training and documentation to all the relevant personnel at no additional cost to the purchaser.

1.5. Professional Services:

Bidder/supplier should provide professional services with proven methodology from its principal for the implementation of the proposed solution.

General Conditions of Contract

A. General

1. **Definitions**

1.1. Unless the context otherwise requires, the following terms whenever used in this Contract shall have the same meaning and shall be interpreted as indicated

1.1.1. “Applicable Law” means the laws and any other instruments having the force of law in the Government’s Country, or in such other country as may be specified in the Special Conditions of the Contract (SC), as they may be issued and in force from time to time;

1.1.2. “The Contract” means an agreement enforceable by law;

1.1.3. “The Contract Price” means the price payable to the Contractor under the Contract for the full and proper performance of its contractual obligations;

1.1.4. “The Services” means the work to be performed by the Contractor pursuant to this Contract and as prescribed in the Specifications and Schedule of Activities included in the Contractor’s Bid;

1.1.5. “Ancillary Services” means those services ancillary to the provision of Services, such as transportation and insurance, and any other incidental services, such as installation, commissioning, provision of technical assistance, training, and other such obligations of the Contractor covered under the Contract;

1.1.6. “GCC” means the General Conditions of Contract contained in this section;

1.1.7. “SCC” means the Special Conditions of Contract by which the GCC may be amended or supplemented;

1.1.8. **“**Day” means calendar day unless indicated otherwise;

1.1.9. “Effective Date” means the date on which this Contract comes into force and effect;

1.1.10. “The Contractor” means the individual or corporate body whose Bids to provide the Services has been accepted by the Procuring Agency;

1.1.11. “The Project Site,” where applicable, means the place or places named in Bid Data Sheet and technical Specifications;

1.1.12. “Government” means the Government of Pakistan;

1.1.13. “Local Currency” means the currency of Pakistan;

1.1.14. “In Writing” means communicated in written form with proof of receipt;

1.1.15. “Completion Date” means the date of completion of the Services by the Contractor as certified by the Procuring Agency;

1.1.16. “Foreign Currency” means any currency other than the currency of the country of the Procuring Agency;

1.1.17. “Party” means the Procuring Agency or the Contractor, as the case may be, and “Parties” means both of them;

1.1.18. "Service" means any object of procurement other than goods or works;

1.1.19. “Subcontractor” means any entity to which the Bidder subcontracts any part of the Services.

2. **Applicable Law**

2.1. The contract shall be governed and interpreted in accordance with the laws of Pakistan, unless otherwise specified in SCC.

3. **Language**

3.1. The Contract as well as all correspondence and documents relating to the Contract exchanged between the Contractorand the Procuring Agency, shall be written in the **English language** unless otherwise stated in the **SCC** . Supporting documents and printed literature that are part of the Contract may be in another language provided these are accompanied by an accurate translation of the relevant passages in English, in which case, for purposes of interpretation of the Contract, this translation shall govern.

4. **Notices**

4.1. Any notice, request, or consent made pursuant to this Contract shall be in writing and shall be deemed to have been made when delivered in person to an authorized representative of the Party to whom the communication is addressed, or when sent by registered mail, telex, telegram, or facsimile to such Party at the address specified in the **SCC**.

5. **Location**

5.1. The Services shall be performed at such locations as the Procuring Agency may approve and as specified in **SCC.**

6. **Authorized Representatives / Authority of Member in charge**

6.1. Any action required or permitted to be taken, and any document required or permitted to be executed, under this Contract by the Procuring Agency or the Contractor may be taken or executed by the officials specified in the **SCC**.

B. Commencement, Completion, Modification, and Termination of Contract

7. **Effectiveness of Contract**

7.1. This Contract shall come into effect on the date the Contract is signed by both parties and such other later date as may be stated in the **SCC.**

8. **Commencement of Services**

8.1. The Contractor shall confirm availability of required resources and begin carrying out the Services not later than the number of days after the Effective Date specified in the **SCC.**

9. **Program schedule**

9.1. Before commencement of the Services, the Contractor shall submit to the Procuring Agency for approval a Program showing the general methods, arrangements, order and timing for all activities. The Services shall be carried out in accordance with the approved Program as updated.

10. **Starting Date/Expiration Date**

10.1. The Contractor shall start carrying out the Services Five (05) days after the date the Contract becomes effective, or at such other date as may be specified in the **SCC.**

10.2. Unless terminated earlier pursuant to Clause **GCC 14** hereof, this Contract shall expire at the end of such time period after the Effective Date as specified in the **SCC.**

11. **Entire Agreement**

11.1. This Contract contains all covenants, stipulations and provisions agreed by the Parties. No agent or representative of either Party has authority to make, and the Parties shall not be bound by or be liable for, any statement, representation, promise or agreement not set forth herein.

12. **Modification**

12.1. Any modification or variation of the terms and conditions of this Contract, including any modification or variation of the scope of the Services, may only be made by written agreement between the Parties. However, each Party shall give due consideration to any modification(s) or variation(s) made by the other Party.

12.2. In cases of any modification(s) or variation(s), the prior written consent of the Procuring Agency is required.

13. **Force Majeure**

13.1. **Definition**
For the purposes of this Contract, “Force Majeure” means an event which is beyond the reasonable control of a Contractor and which makes a Contractor’s performance of its obligations under the Contract impossible or so impractical as to be considered impossible under the circumstances.

13.2. **No Breach of Contract**
The failure of a Party to fulfill any of its obligations under the contract shall not be considered to be a breach of, or default under, this Contract in so far as such inability arises from an event of Force Majeure, provided that the Party affected by such an event (a) has taken all reasonable precautions, due care and reasonable alternative measures in order to carry out the terms and conditions of this Contract, and (b) has informed the other Party as soon as possible about the occurrence of such an event.

13.3. **Extension of Time**

Any period within which a Contractor shall, pursuant to this Contract, complete any action or task, shall be extended for a period equal to the time during which such Party was unable to perform such action as a result of Force Majeure.

13.4. **Payments**

During the period of their inability to perform the Services as a result of an event of Force Majeure, the Contractor shall be entitled to continue to be paid under the terms of this Contract, as well as to be reimbursed for additional costs reasonably and necessarily incurred by them during such period for the purposes of the Services and in reactivating the Service after the end of such period.

14. **Termination**

14.1. **By the Procuring Agency**

The Procuring Agency may terminate this Contract in case of the occurrence of any of the events specified in paragraphs (a) through (e) of this Clause. In such an occurrence the Procuring Agency shall give at least thirty (30) calendar days' written notice of termination to the Contractor in case of the events referred to in (a) through (d); at least sixty (60) calendar days' written notice in case of the event referred to in (e);

14.1.1. If the Contractor fails to remedy a failure in the performance of its obligations hereunder, as specified in a notice of suspension;

14.1.2. If the Contractor becomes (or, if the Contractor consists of more than one entity, if any of its members becomes) insolvent or bankrupt or enter into any agreements with their creditors for relief of debt or take advantage of any law for the benefit of debtors or go into liquidation or receivership whether compulsory or voluntary;

14.1.3. If the Contractor fails to comply with any final decision reached as a result of arbitration proceedings;

14.1.4. If, as the result of Force Majeure, the Contractor is unable to perform a material portion of the Services for a period of not less than sixty (60) calendar days;

14.1.5. If the Procuring Agency, in its sole discretion and for any reason whatsoever, decides to terminate this Contract;

14.2. **By the Contractor**

The Contractor may terminate this Contract, by not less than thirty (30) calendar days' written notice to the Procuring Agency, in case of the occurrence of any of the events specified in paragraphs (a) through (d) of this Clause.

14.2.1. If the Procuring Agency fails to pay any money due to the Contractor pursuant to this Contract and not subject to dispute within thirty (30) calendar days after receiving written notice from the Contractor that such payment is overdue;

14.2.2. If, as the result of Force Majeure, the Contractor is unable to perform a material portion of the Services for a period of not less than sixty (60) calendar days;

14.2.3. If the Procuring Agency fails to comply with any final decision reached as a result of arbitration;

14.2.4. If the Procuring Agency is in material breach of its obligations pursuant to this Contract and has not remedied the same within thirty (30) days (or such longer period as the Bidder may have subsequently approved in writing) following the receipt by the Procuring Agency of the Contractor's notice specifying such breach.

C. Obligations of the Contractor

15. **General**

15.1. **Standard of Performance**

15.1.1. The Contractor shall perform the Services and carry out the Services with all due diligence, efficiency and economy, in accordance with generally accepted professional standards and practices, and shall observe sound management practices, and employ appropriate technology and safe and effective equipment, machinery, materials and methods. The Contractor shall always act, in respect of any matter relating to this Contract or to the Services, as a faithful adviser to the Procuring Agency, and shall at all times support and safeguard the Procuring Agency's legitimate interests in any dealings with the third parties;

15.1.2. The Contractor shall employ and provide such qualified and experienced Experts and Sub-Contractors as are required to carry out the Services.

15.2. **Law Applicable to Services**

The Contractor shall perform the Services in accordance with the Contract and in accordance with the Law of Pakistan and shall take all practicable steps to ensure that any of its Experts and Sub-Bidders, comply with the Applicable Law.

16. **Conflict of Interests**

16.1. **Contractor Not to Benefit from Commissions and Discounts**

The remuneration of the Contractor shall constitute the Contractor's sole remuneration in connection with this Contract or the Services, and the Contractor shall not accept for their own benefit any trade commission, discount, or similar payment in connection with activities pursuant to this Contract or to the Services or in the discharge of their obligations under the Contract, and the Contractor shall use their best efforts to ensure that the Personnel, any Subcontractors, and agents of either of them similarly shall not receive any such additional remuneration.

16.2. **Contractor and Affiliates Not to be Otherwise Interested in Project**

The Contractor agree that, during the term of this Contract and after its termination, the Contractor and its affiliates, as well as any Subcontractor and any of its affiliates, shall be disqualified from providing Services (other than the Services and any continuation thereof) for any project resulting from or closely related to the Services.

16.3. **Prohibition of Conflicting Activities**

Neither the Bidder nor its Subcontractors nor the Personnel shall engage, either directly or indirectly, in any of the following activities:

16.3.1. during the term of this Contract, any business or professional activities in the Government's country which would conflict with the activities assigned to them under this Contract;

16.3.2. during the term of this Contract, neither the Contractor nor their Subcontractors shall hire public employees in active duty or on any type of leave, to perform any activity under this Contract;

16.3.3. after the termination of this Contract, such other activities as may be specified in the **SCC.**

17. **Insurance to be Taken Out by the Contractor**

17.1. The Contractor(a) shall take out and maintain, and shall cause any Subcontractors to take out and maintain, at its (or the Sub-contractors', as the case may be) own cost but on terms and conditions approved by the Procuring Agency, insurance against the risks, and for the coverage, as shall be specified in the **SCC**; and (b) at the Procuring Agency's request, shall provide evidence to the Procuring Agency showing that such insurance has been taken out and maintained and that the current premiums have been paid.

18. **Contractor's Actions Requiring Procuring Agency's Prior Approval**

18.1. The Contractor shall obtain the Procuring Agency's prior approval in writing before taking any of the following actions:

18.1.1. appointing such members of the Personnel not provided by the Contractor;

18.1.2. changing the Program of activities; and

18.1.3. any other action that may be specified in the **SCC.**

19. **Reporting Obligations**

19.1. The Contractor shall submit to the Procuring Agency the reports and documents in the numbers, and within the periods as prescribed by the Procuring Agency.

20. **Liquidated Damages**

20.1. **Payments of Liquidated Damages**
The Contractor shall pay liquidated damages to the Procuring Agency at the rate per day stated in the **SCC** for each day that the Completion Date is later than the Intended Completion Date. The total amount of liquidated damages shall not exceed the amount defined in the **SCC**. The Procuring Agency may deduct liquidated damages from payments due to the Contractor. Payment of liquidated damages shall not affect the Contractor's liabilities.

20.2. **Correction for Over-payment**
If the Intended Completion Date is extended after liquidated damages have been paid, the Procuring Agency shall correct any overpayment of liquidated damages by the Contractor by adjusting the next payment certificate. The Contractor shall be paid interest on the overpayment, calculated from the date of payment to the date of repayment, at the rates specified in **SCC.**

20.3. **Lack of performance penalty**

If the Contractor has not corrected a Defect within the time specified in the Procuring Agency's notice, a penalty for Lack of performance will be paid by the Contractor. The amount to be paid will be calculated as a percentage of the cost of having the Defect corrected, assessed as specified in the Contractor

21. **Performance Guarantee**

21.1. Within the time stipulated in the acceptance letter from the Procuring Agency, the successful Bidder shall furnish the Performance Guarantee in shape and amount **specified in SCC.**

21.2. The proceeds of the Performance Guarantee shall be payable to the Procuring agency as compensation for any loss resulting from the Service Provider failure to complete its obligations under the Contract.

21.3. The Performance Guarantee shall be denominated in the currency of the Contract, or in a freely convertible currency acceptable to the Procuring agency and shall be in the acceptable form as specified in **SCC**.

21.4. The Performance Guarantee will be discharged by the Procuring agency and returned to the Service Provider not later than thirty (30) days following the date of completion of the Supplier's performance obligations under the Contract, including any warranty obligations, unless otherwise **specified in SCC.**

22. **Sustainable Procurement**

22.1. The Contractor shall conform to the sustainable procurement contractual provisions, if and as specified in the **SCC.**

D. Contractor's Personnel

23. **Description of Personnel**

23.1. The titles, agreed job descriptions, minimum qualifications, and estimated periods of engagement in the carrying out of the Services of the Contractor's Key Personnel. The Key Personnel listed by title as well as by name are hereby approved by the Procuring Agency.

24. **Removal and / or Replacement of Personnel**

24.1. Except as the Procuring Agency may otherwise agree, no changes shall be made in the Key Personnel. If, for any reason beyond the reasonable control of the Contractor, it becomes necessary to replace any of the Key Personnel, the Contractor shall provide as a replacement a person of equivalent or better qualifications.

24.2. If the Procuring Agency finds that any of the Personnel have (i) committed serious misconduct or have been charged with having committed a criminal action, or (ii) have reasonable cause to be dissatisfied with the performance of any of the Personnel, then the Contractor shall, at the Procuring Agency's written request specifying the grounds thereof, provide as a replacement a person with qualifications and experience acceptable to the Procuring Agency.

24.3. The Contractor shall have no claim for additional costs arising out of or incidental to any removal and/or replacement of Personnel.

E. Obligations of the Procuring Agency

25. **Change in the Applicable Law**

25.1. If, after the date of this Contract, there is any change in the Applicable Law with respect to taxes and duties which increases or decreases the cost of the Services rendered by the Contractor, then the remuneration and reimbursable expenses otherwise payable to the Contractor under this Contract shall be increased or decreased accordingly by agreement between the Parties, and corresponding adjustments shall be made to the amounts referred in the **SCC.**

26. **Services and Facilities**

26.1. The Procuring Agency shall make available to the Contractor and the Experts, for the purposes of the Services and free of any charge, the services, facilities and property described in the Terms of Reference, at the times and in the manner specified in the Terms of Reference.

26.2. In case that such services, facilities and property shall not be made available to the Contractor, the Parties shall agree on (i) any time extension that it may be appropriate to grant to the Contractor for the performance of the Services, (ii) the manner in which the Contractor shall procure any such services, facilities and property from other sources, and (iii) the additional payments, if any, to be made to the Contractor as a result thereof.

F. Payments to the Contractor

27. **Contract Price**

27.1. The price payable shall be in Pakistani Rupees unless otherwise specified in the **SCC**.

28. **Terms and Conditions of Payment**

28.1. Payments will be made to the Contractor according to the payment schedule stated in the **SCC** and as per actual invoice submitted by the Contractor.

28.2. Unless otherwise stated in the **SCC**, the advance payment shall be made against the provision by the Contractor of a bank guarantee for the same amount, and shall be valid for the period stated in the **SCC.** Any other payment shall be made after the conditions listed in the **SCC** for such payment have been met, and the Contractor have submitted an invoice to the Procuring Agency specifying the amount due.

29. **Quality Control Identifying Defects**

29.1. The principle and modalities of Inspection of the Services by the Procuring Agency shall be as indicated in the **SCC.** The Procuring Agency shall check the Contractor's performance and notify him of any Defects that are found. Such checking shall not affect the Contractor's responsibilities. The Procuring Agency may instruct the Contractor to search for a Defect and to uncover and test any service that the Procuring Agency considers may have a Defect. Defect Liability Period is as defined in the **SCC**.

30. **Correction of Defects, and Lack of Performance Penalty**

30.1. The Procuring Agency shall give notice to the contractor of any Defects before the end of the Contract. The Defects liability period shall be extended for as long as Defects remain to be corrected.

30.2. Every time notice a Defect is given; the contractor shall correct the notified Defect within the length of time specified by the Procuring Agency's notice.

30.3. If the contractor has not corrected a Defect within the time specified in the Procuring Agency's notice, the Procuring Agency will assess the cost of having the Defect corrected, the contractor will pay this amount, and a Penalty for Lack of Performance.

31. **Settlement of Disputes Amicable Settlement**

31.1. The Parties shall use their best efforts to settle amicably all disputes arising out of or in connection with this Contract or its interpretation.

32. **Dispute Settlement**

32.1. **Arbitration**

32.1.1. **Alternate Dispute Resolution (ADR),** After coming into force of the procurement contracts, disputes, between the parties to the contract may be settled by one or more alternate dispute resolution methods including
Arbitration. Where an Alternate Dispute Resolution process other than Arbitration may not lead to an amicable settlement of dispute, Arbitration shall be resorted to.

32.1.2. The procuring agency shall specify mechanism for the appointment of an arbitrator expressly in the contract and the competent authority who shall appoint the arbitrator.

32.1.3. The laws of Pakistan shall apply to an arbitration unless specifically agreed to otherwise in the contract.

Following is the guidance for Dispute Resolution

i. If any dispute of any kind whatsoever shall arise between the Authority and the Bidder in connection with or arising out of the Contract, including without prejudice to the generality of foregoing, any question regarding its existence, validity, termination and the execution of the Contract – whether during developing phase or after their completion and whether before or after the termination, abandonment or breach of the Contract – the parties shall seek to resolve any such dispute or difference by mutual diligent negotiations in good faith within 14 (fourteen) days following a notice sent by one Party to the other Party in this regard**.**

ii. At future of negotiation the dispute shall be resolved through mediation and mediator shall be appointed with the mutual consent of the both parties**.**

iii. At the event of failure of mediation to resolve the dispute relating to this contract such dispute shall finally be resolved through binding Arbitration by sole arbitrator in accordance with Arbitration Act 1940. The arbitrator shall be appointed by mutual consent of the both parties**.** The Arbitration shall take place in Islamabad, Pakistan and proceedings will be conducted in English language.

iv. The cost of the mediation and arbitration shall be shared by the parties in equal proportion however the both parties shall bear their own costs and lawyer's fees regarding their own participation in the mediation and arbitration. However, the Arbitrator may make an award of costs upon the conclusion of the arbitration making any party to the dispute liable to pay the costs of another party to the dispute**.**

v. Arbitration proceedings as mentioned in the above clause regarding resolution of disputes may be commenced prior to, during or after completion of the contract.

Notwithstanding any reference to the arbitration herein, the parties shall continue to perform their respective obligations under the Contract unless they otherwise agree that the Authority shall pay the Bidder any monies due to the Bidder.

Arbitrator's fee:

The fee shall be specified in Pak Rupees, as determined by the Arbitrator, which shall be shared equally by both parties**.**

Appointing Authority for Arbitrator:

By the Mutual Consent or in accordance with the provisions of Arbitration Act, 1940, in case the parties fail to reach a consensus on the name of sole arbitrator, any party may submit an application to the Chief Justice Islamabad High Court for appointment of sole arbitrator. The Chief Justice IHC may appoint a former judge of any High Court or Supreme Court as the sole arbitrator to resolve the dispute between the parties.

Rules of procedure for arbitration proceedings:

Any dispute between the Authority and a Bidder who is a national of the Islamic Republic of Pakistan arising in connection with the present Contract shall be referred to adjudication or arbitration in accordance with the laws of the Islamic Republic of Pakistan including Arbitration Act 1940, however above provision shall prevail in referring the case to the Arbitrator.

Place of Arbitration and Award:

The arbitration shall be conducted in English language and place of arbitration shall be at Islamabad. The award of the arbitrator shall be final and shall be binding on the parties.

PROCUREMENT AND IMPLEMENTATION OF

SERVER SECURITY INCLUDING EMAIL AND WEB SECURITY - HYBRID PROXY SOLUTION

PAKISTAN REVENUE AUTOMATION LIMITED

PROCUREMENT AND IMPLEMENTATION OF SERVER SECURITY INCLUDING EMAIL AND WEB SECURITY – HYBRID PROXY SOLUTION

1. Scope of the Solution and Requirements:

PRAL intends to procure an integrated security solution comprising server security featuring exploit prevention, mail box security, and web traffic protection delivered through a hybrid proxy.

1.1. Delivery:

Delivery will be considered accomplished when the complete solution along with licenses and accessories are delivered.

1.2. Installation:

Installation will be considered accomplished when proposed hardware equipment will be installed at FBR DC Islamabad.

1.3. Integration:

Integration means that all necessary configuration of the proposed solution is according to the purchaser's requirement and ready for use.

1.2. Accessories:

Bidder will provide all other related accessories including hardware / cable / software / licenses / subscriptions (if any) which are necessary for the proper and smooth working of the proposed solution.

1.3. Operational Acceptance:

Operational Acceptance means that the offered solution has been installed, configured, integrated and operational after testing in accordance with the standard procedure provided by the OEM.

1.4. Training and Documentation:

The bidder/supplier will provide formal hands-on training and documentation to all the relevant personnel at no additional cost to the purchaser.

1.5. Professional Services:

Bidder/supplier should provide professional services with proven methodology from its principal for the implementation of the proposed solution.

e-Pak Acquisition and Disposal System (EPADS) generated document | © 2026

Bidder's Qualification Criteria

Bidder must submit filled, correct and complete (in all aspects) documents as required below in Bidder's Qualification Criteria. Failing which its bid will be considered as Technically Non-Responsive.

- For all bidder's requirements against which Bidder is responding “Y”, bidders are required to provide Documentation with proper reference (Section No/ Page No) in the proposal against all requirements. It is mandatory to provide proper reference of document.
- Bids will be considered non-responsive if bidder's response with ‘N’ / ‘No’ or incomplete response against any of the below criteria.
- PRAL will only raise clarification queries against requirements where reference is provided, and further clarification is required. In case no reference is provided, and documents are not available in the submitted proposal, PRAL may not raise any clarification query and response will be considered as NIL, which may lead to disqualification.
- All bidders are required to affix their company's stamp/signature on each page of the submitted Bidder's Qualification Criteria. All bidders are required to submit the proposals with proper page numbering.

#	Requirements	Availability Response (Yes/No)	Bidder Response and/or proposal Reference (Section/Page No.)
1	The Bidder should be a registered entity in Pakistan in the form of Public Ltd/Private Ltd or any other form permissible under Legal system of Pakistan and should be in business for a tenure of at least Five (05) years. The Bidder should also be a registered taxpayer, enrolled with concerned tax authorities and enlisted on the active tax payer list of Board of Revenue. (Documentation Proof NTN, Incorporation Certificate, Active Tax Payer, Tax Returns required must be provided in the proposal with proper reference (page No))		
2	The Bidder should have registered office in Pakistan and shall submit a list of offices/presence having technical resources and support should be provided in Islamabad. (Documentation Proof of List of Offices must be provided with proper reference (page No) in the proposal)		
3	Bidder should possess at least 03 years' experience in the field of providing similar proposed solution to different reputed organizations. (Documentation proof like Purchase order/ Contract Agreement/ work orders/ LOI/ customer reference/ or equivalent etc. must be provided with proper reference (page No) in the proposal)		
4	Bidder should have experience of at least 03 engagements in Pakistan of the same product out of which at least 01 complete implementation should be in a large organization. (Documentation proof like Purchase order/ Contract Agreement/ work orders/ LOI/ customer reference/ or		

	equivalent etc. must be provided with proper reference (page No) in the proposal)		
5	The Bidder should provide audited Profit & Loss (Income Statement) showing Sale volume/ Revenue of company of at least Rs. 50 million aggregated in the last 3 years. In case if audited statement is not available for last year, then Bidder should provide letter from company's CFO or senior management staff confirming that Sale Volume / Revenue of company is at least Rs. 50 million aggregated in the last 3 years. (Documentation proof Annual Audited Report must be provided with proper reference (page No) in the proposal)		
6	The Bidder should provide an undertaking on non-judicial stamp paper stating that "the bidder's company is not blacklisted by any Government entity in Pakistan for unsatisfactory past performance, corrupt, fraudulent or any other unethical business practices and also not involved in lawsuits in this regard either current or pending." (The undertaking on legal paper provided by the bidder must cover all points mentioned in the statement above)		
7	Bidder shall provide Declaration of Ultimate Beneficial Owners Information Form as per specimen given in this document. Failing which its bid will not be considered.		
8	Bidder must have Direct Partnership with the principal supplier and also must provide signed and stamped "Manufacturer Authorization Form" and Partnership Certificate from principal supplier as per the requirements (guarantee, warranty and maintenance etc.) stated in the specimen provided in Section - VI Standard Bidding Document.		
9	Bidder/Distributor must have at least two (02) expert level resources of proposed solution, support team and must have relevant experience to supervise and provide expert support and deployment services as per OEM standards and industry best practices. (Documentation proof detailed list of Technical Resources / CVs must be provided with proper reference (page No) in the proposal)		

Technical Requirement

Bidder's quote shall comply with the required minimum Technical Requirements, as any alternate or additional proposition will not be considered for evaluation and its bid will be considered as Technically Non-Responsive.

- For all bidder's requirements against which Bidder is responding "Y", all bidders are required to provide Documentation with proper reference (Section No/ Page No) in the proposal against all requirements. It is mandatory to provide proper reference of document.
- Bids will be considered non-responsive if bidder's response with 'N' / 'No' or incomplete response against any of the below criteria.
- PRAL will only raise clarification queries against requirements where reference is provided, and further clarification is required. In case no reference is provided, and documents are not available in the submitted proposal, PRAL may not raise any clarification query and response will be considered as NIL, which may lead to disqualification.
- All bidders are required to affix their company's stamp/signature on each page of the submitted Technical Requirements.

Procurement, implementation and support services for Server Security including Email and Web Security – Hybrid Proxy Solution for 03 years which is extendable up to 5 years on yearly basis.

#	Technical Requirements/Specifications	Compliant (Yes/No)	Bidder Response and/or proposal Reference (Section/Page No.)
Server Security (License Required = 600).			
1	The proposed solution should be on prem based solution.		
2	The proposed solution should have a centralized Web-based management console which administrators use to configure security policy and deploy protection to the enforcement component.		
3	The proposed solution should support agent based and agent less environments		
4	The solution should be capable to: 1) Solution should have detection & response capability including but not limited to device isolation, process termination, IOC sweeping. 2) Proposed solution must have support for Windows, Linux and AIX. 3) Proposed solution must provide IPS for Windows, Linux and AIX. 4) Should be able to provide security shield against WebSphere Application Server vulnerabilities. 5) Should be able to provide security shield against Oracle Web Logic. 6) Should be able to identify use of PSEXEC tool through SMB share. 7) Should be able to detect and alert if executable file is being uploaded on a SMB share. 8) Should be able to detect and alert batch file upload on network share.		

	9) Should be able to identify and alert on suspicious (RDP) possible attempt of brute force. 10) Should be able to prevent access to administration share 11) Should be able to detect OneDrive, Dropbox, BOX traffic 12) Should be able to detect download of a file over FTP 13) Should be able to detect traffic remote applications like VNC and TeamViewer 14) The proposed solution must provide firewall feature on Windows, Linux and AIX 15) The proposed solution must have application control feature to quickly identify new suspicious files 16) The proposed solution must be able to detect and alert on administrator log-ins on servers 17) The proposed solution must be able to alert when log file is cleared 18) The proposed solution must be able to detect PowerShell command execution 19) Should be able to detect ftp events on AIX 20) Should be able to detect ftp event on Windows 21) Should be able to detect hosts file modification on Windows 22) Should be able to detect file attribute changes in /usr/bin and /user/sbin on Unix 23) Should be able to detect change in the attribute Permissions of any log file under /var/log path 24) Should be able to alert when command history is cleared 25) Should be able to detect installation of root certificate 26) Should be able to detect removable devices on Linux 27) Should be able to identify create and delete activity of users and groups 28) Should be able to detect when task scheduler entries are modified 29) Should be able to detect when Windows start up programs are modified 30) Should be able to detect when a software is installed or uninstalled on Unix 31) Should be able to detect files created by Oracle server when modified 32) Should be able to provide lock-down ability (to block all new executable) if needed on Linux 33) Should be able to provide information on the user and process associated with launching of executable 34) Should be able to provide a way to block suspicious list of hashes on Linux 35) Should be able to list down the vulnerabilities being protected with relevant CVE and CVSS score 36) Should be able to provide a mechanism to block suspicious web traffic 37) solution should be capable to monitor TPM signatures and raise Alerts if changes are detected		
5	Anti-Malware: 1) Solution must provide real-time and scheduled anti-malware protection for Windows and Linux, including behavior-based ransomware detection, machine-learning-based zero-day detection, and blocking of known command-and-control (C&C) domains.		

e-Pak Acquisition and Disposal System (EPADS) generated document | © 2026

6	Intrusion Prevention System: 1) Solution must provide network-based Intrusion Prevention (IPS) with virtual-patching capability for Windows, Linux, and etc., including shielding of known vulnerabilities in third-party application servers (e.g., IBM, Oracle) pending permanent patching 2) Solution must provide a mechanism to list all vulnerabilities currently shielded by IPS rules, with associated CVE ID and CVSS score, for audit and compliance reporting 3) Solution must detect FTP-based file transfer activity (including downloads) on Windows and etc., via protocol inspection or log correlation 4) Solution must detect network traffic associated with unauthorized remote-access tools (e.g., VNC, TeamViewer)		
7	Firewall: 1) Solution must provide a bidirectional, stateful host firewall for Windows, Linux and AIX, with policy-based ability to restrict access to administrative shares and other high-risk lateral-movement paths		
8	Web Reputation: 1) Solution must provide URL/domain reputation-based filtering to block access to known-malicious or suspicious web destinations		
9	Integrity Monitoring: 1) Solution must provide real-time File/Directory/Registry Integrity Monitoring across Windows, Linux, covering OS-critical paths (e.g., hosts file, /usr/bin, /usr/sbin, /var/log permissions), with support for custom rules on network share directories (including detection of specific file types such as executables and batch files) and third-party application paths (e.g., Oracle) 2) Solution must detect and alert on persistence, evasion, and identity-related configuration changes — including scheduled-task modification, startup/Run-key changes, root certificate installation, command-history/log clearing, and creation/deletion of users and groups, as well as software install/removal events on Unix		
10	Log Inspection: 1) Solution must correlate OS and application logs to detect and alert on suspicious authentication and administrative activity — including RDP brute-force attempts, administrator logons, and use of remote administration/lateral-movement tools (e.g., PsExec) over SMB 2) Solution must detect and alert on log-tampering events (e.g., Windows Event Log cleared) and script-based execution activity (e.g., PowerShell command/script-block execution)		
11	Application Control: 1) Solution must provide Application Control capable of detecting new/unauthorized executables in real time, with user- and process-level context at execution, and a lockdown mode to block all unrecognized executables on Linux 2) Solution must support custom allow/deny rules for Application Control, including hash-based blocklisting, on Linux		
12	Device Control: 1) Solution must provide Device Control to detect and restrict removable storage devices and optical media (USB, CD/DVD) on Windows endpoints		

Email Security Gateway (Email User License = 1,050)			
1	The proposed solution must be a complete email gateway solution including an on-premise **hardware** based sandboxing capability within a single box.		
2	The proposed solution must be deployed in HA.		
3	Single quoted appliance must be able to process [**150,000**] emails per day.		
4	The appliance must also support NIC teaming to enable fault tolerance in the event of a network interface failure.		
5	The proposed solution must act as SMTP relay / MTA and must include spam filtering engine, IP reputation/RBL feature, SPF, DKIM and DMARC feature and should provide marketing/graymail filter.		
6	The proposed solution must include DKIM signing capability for outbound emails.		
7	The proposed solution vendor must have its own malware scan engine to avoid detection dependency on third-party scan engines.		
8	The proposed solution should be able to offer following settings for proper SMTP relay MTA configuration: a) Message Delivery detailed Reports b) Configuring SMTP Connection Settings c) Configuring Message Delivery Settings d) Configuring Limits and Exceptions e) Configuring the SMTP Greeting Message f) Edge MTA Relay Servers		
9	The proposed solution should provide End-User Quarantine feature to improve spam management. Messages that are determined to be spam should be available for users to review, delete or approve for delivery. The solution should be able to automatically send digest notifications to end-users		
10	The proposed solution should provide ability to generate reports: a) Daily b) Weekly c) Monthly		
11	The proposed solution must be able to detect fraud/business email compromise attacks and it should be possible to select specific high-profile users to detect possible fraud/business email compromise attacks.		
12	The proposed solution must have the ability to identify anomalies by correlating signals across different detection layers.		
13	The proposed solution must provide high level view of threat monitoring via dashboard: a) Attack Sources b) High-Risk Messages c) Detected Messages d) Advanced Threat Indicators		
14	The proposed solution must provide high level view of system status via dashboard a) Processing Volume b) Hardware Status		
15	The proposed solution must provide high level view of top trends via dashboard		
16	The proposed solution should provide at-least the following logs: a) Email Message Tracking		

	b) MTA Events c) System Events d) Message Queue Logs e) Email Submission Logs f) Time-of-Click Protection Logs		
17	The proposed solution must utilize multiple detection engines and sandbox simulation to investigate file attachments		
18	The solution must detect malicious files, including password-protected archives and password-protected document files		
19	The solution must be able to decrypt password-protected Office files for analysis		
20	The solution must be able to decrypt password-protected PDF files for analysis		
21	The solution should be able to detect threats masqueraded in shortened URLs		
22	The proposed solution should be able to take action on the suspicious email messages like block, quarantine & delete		
23	Should have the capability to whitelist certain email messages to pass through to the recipient		
24	The solution should also be capable to strip suspicious attachments, redirect suspicious links to blocking or warning pages and tag the email with a customized string		
25	The solution must be able to send copies of malicious detected email messages to archive servers		
26	The proposed solution should be able to effectively block content that is specified as inappropriate from reaching recipients by analyzing both the message content and attachments		
27	The proposed solution should also be able to prevent sensitive content being sent outside by analyzing message content and attachments		
28	Proposed solution should have DLP templates for data leakage over email		
29	The proposed solution sandbox must support Windows 11 image		
30	The proposes solution sandbox must support Windows Server 2019 image		
31	The proposed solution sandbox must support Linux image		
32	The sandbox analysis must be able to detect deception and social engineering		
33	The proposed solution must be able to provide detection of zero-day threats		
34	The proposed solution must be able to detect embedded exploit code		
35	The proposed solution must detect unknown risks through digital DNA fingerprinting and API mapping		
36	The proposed solution must have the ability to detect image based QR code phishing attacks		
Web Security – Hybrid Proxy (User License: 500)			
1	The proposed solution must support secure access control for both Internet facing and internal application resources using zero trust principles		
2	The proposed solution must be deployed in High Availability.		
3	Secure Internet access control solution is required for 500 users		
4	The proposed solution must provide visibility into Internet access and browsing		
5	The proposed solution must provide secure access to external websites		
6	The proposed solution must protect both corporate and BYOD		

7	The proposed solution must support cloud proxy service for roaming users		
8	The proposed solution must allow restricting access to external websites and applications		
9	The proposed solution must allow integration with Identity and Access Management System		
10	The proposed solution must allow the ability to add local user accounts		
11	The proposed solution must support agent-based enforcement for Internet		
12	The proposed solution must have the ability use PAC files for traffic forwarding		
13	The proposed solution must allow configuration of corporate network locations to ensure proper identification of Internet traffic of users		
14	The proposed solution must include functionality to detect emerging advanced threats		
15	The proposed solution must provide machine learning to detect unknown threats		
16	The proposed solution must provide the threat intelligence to detect botnets		
17	The proposed solution must be able to scan upto 10 compression layers		
18	The proposed solution must provide cloud sandbox analysis feature		
19	The proposed solution must include web reputation feature to block suspicious websites automatically		
20	The proposed solution must include data loss prevention (DLP) rules to scan outbound web traffic for sensitive data		
21	The proposed solution must include data loss prevention templates		
22	The proposed solution must include the ability to create customize templates using expressions		
23	The proposed solution must include the ability to create customize templates using file attributes		
24	The proposed solution must include the ability to create customize templates using keyword lists		
25	The proposed solution must allow device posture checking before allowing Internet access		
26	The device posture checking should be available for Windows, MacOS, Android and iOS/iPadOS		
27	The proposed solution must support URL categories for quick control		
28	The proposed solution must support cloud application categories for quick control		
29	The proposed solution must allow custom URL categories for deeper control		
30	The proposed solution must allow custom cloud application categories for deeper control		
31	The proposed solution must provide the ability to provide more control on specific resource by blocking certain features instead of blocking the entire resource		
32	The proposed solution must allow blocking of file upload on Youtube		
33	The proposed solution must allow blocking of commenting post on Youtube		
34	The proposed solution must allow blocking of creating post on Linkedin		
35	The proposed solution must allow blocking of uploading file on Linkedin		
36	The proposed solution must provide monitor, warn, block and allow as action for cloud applications		

37	The proposed solution must provide monitor, warn, block and allow as action for URLs		
38	The proposed solution must allow HTTPS inspection		
39	The proposed solution must allow safe search functionality on Google, Yahoo and Bing Search Engines		
40	The proposed solution must allow safe search functionality on Youtube		
41	The proposed solution must have bandwidth control feature for corporate users		
42	The proposed solution must support both upstream and downstream bandwidth throttling for corporate users		
43	The proposed solution must allow bandwidth control on specific traffic		
44	The proposed solution must secure all access across internal and cloud applications from any user, device, location, at any time		
45	The proposed solution must ensure that only authenticated users with compliant devices can connect to authorized applications and network resources at a given location and time		
46	The proposed solution must manage user risk and control access by providing private access rules to control access to private or internal apps, including private cloud apps		
47	The proposed solution must enforce private access rules with connector virtual appliances associated with each private app		
48	The proposed solution must manage user risk and control access by providing Internet access rules control access to the internet, such as blocking certain kinds of risky sites or public cloud apps		
49	The proposed solution must enforce internet access rules with an Internet Access Gateway		
50	The proposed solution must provide risk control rules to control user accounts and devices based on risk scores

Delivery Schedule

Bidder is required to submit the Project Timelines in accordance with the Delivery Schedule mentioned below. PRAL holds the right to extend the delivery schedule:

Server Security:

Description	Required delivery from date of Contract Award	Remarks
Project Initiation Phase: scope of work, server asset inventory, network/site topology, agent compatibility check, licensing validation.	Within 15 Days of PO issuance	Primary and DR sites.
Installation and configuration of the complete solution	Within 04 weeks after project initiation phase	
License delivery and activation	Immediately after installation and configuration of the Server Security solution	
Policy setup and pilot: Base policies per OS/role, Recommendation Scans.	Within 06 weeks after project initiation phase	
Agent deployment and enablement of required features	Target to configure 500 assets within 12 weeks after project initiation phase. Ongoing for remaining assets during the contract period.	
Testing and acceptance (UAT), including dashboards and reports	Within 14 weeks after project initiation phase	
Training from the Principal authorized trainer for relevant PRAL staff (at least 6 resources)	As and when required during the license period.	
Comprehensive support and maintenance services for the complete solution, 24x7x365x4, including pattern/rule updates, version upgrades and critical-vulnerability rule advisories.	For three (3) years after license activation	Includes principal-level escalation (TAC)

e-Pak Acquisition and Disposal System (EPADS) generated document | © 2026

Email Security:

Description	Required delivery from date of Contract Award	Remarks
Project Initiation Phase: Scope of work, mail-flow assessment, network/site topology, HA, design, sizing validation.	Within 15 days of PO issuance	
Commissioning of Hardware: HA pair of appliances at the primary site, power, cabling, etc.	Withing 04 weeks of hardware delivery	
Installation and configuration of the Email Security solution: HA cluster setup, SMTP relay/MTA settings, TLS certificates, SMTP and SIEM/syslog integration, backup and config export.	Within 04 weeks after hardware delivery	
License delivery and activation	Immediately after installation and configuration	
Sandbox and detection configuration:	Within 04 weeks after installation	
Policy setup and pilot (monitor mode): anti-spam and graymail policies, DLP templates and inappropriate-content rules, end-user quarantine and digest notifications.	Within 08 weeks after installation	
Phased production cutover:	Target to complete cutover for all 800 users within 12 weeks after installation	
Training from the Principal authorized trainer for relevant PRAL staff (at least 04 resources)	Initial training within 03 months after project initiation phase and as and when required during the license period.	
Comprehensive support and maintenance services for the complete solution (hardware and software), 24x7x365x4, including pattern/engine updates, firmware and version upgrades, and hardware RMA.	For three (3) years after license activation	Includes principal-level escalation (TAC).

e-Pak Acquisition and Disposal System (EPADS) generated document | © 2026

Web Security - Hybrid Proxy:

Description	Required delivery from date of Contract Award	Remarks
Project Initiation Phase: Scope of work, network/site topology), traffic-forwarding design (agent, PAC file, gateway), HA design, access-policy design.	Within 15 days of PO issuance	
Platform setup: Identity integration, admin IDs and RBAC, SIEM/syslog and SMTP integration.	Within 04 weeks after appliance delivery	
Installation and configuration of gateway and connectors: Deployed in HA at the primary sites.	Within 08 weeks after appliance delivery	
License delivery and activation	Immediately after installation and configuration	
Policy builds and pilot:	Within 12 weeks after appliance delivery	
Web Security – Hybrid Proxy onboarding	Target to configure all 400 users within 16 weeks after hardware delivery	
Training from the Principal authorized trainer for relevant PRAL staff (at least 04 resources)	Initial training within 03 months after project initiation phase and as and when required during the license period.	
Comprehensive support and maintenance services for the complete solution, 24x7x365x4.	For three (3) years after license activation	Includes principal-level escalation (TAC)

e-Pak Acquisition and Disposal System (EPADS) generated document | © 2026

Payment Terms

1. Payment Terms & Conditions

1.1. Bidders shall quote Total project cost in only ONE Currency, preferably in PKR. If any bidder quotes the bid prices other than Pak Rupees, the interbank conversion rate in Pak Rupees (as determined by PRAL) on the day of bid financial opening will be considered for calculating total bid amount in Pakistan Rupees (PKR) and for evaluating of bids only.

1.2. In case, bidder has quoted price in multiple currencies, the price quoted in Pakistan Rupees (PKR) will prevail and will be considered as the final price for the proposed solution. No additional adjustment or conditions mentioned in bidder's proposal will be considered in this regard.

1.3. There will be No change in payment price, if bidder has quoted price in Pakistan Rupees (PKR) in its proposal. However, if bidder has quoted price in other currency, the interbank conversion rate in Pak Rupees on the date of invoice/payment will be considered for payment and the payment will be made in Pakistan Rupees (PKR).

1.4. PRAL will make all payments in Pakistan Rupees (PKR) only.

1.5. Price quoted should be fixed and valid for period of 60 days after the opening of bid.

1.6. Bidder is required to provide details of all other Software and accessories/hardware (if any) which are necessary for the proper and smooth working of complete solution separately in the proposal as per the requirements mentioned in RFP and all such costs should also be included in its financial proposal.

1.7. Any enhancement in the solution (software licenses) within the contract period will be done by the successful bidder. The bidder will be required to submit the proposal for additional services at the time of request from PRAL.

2. Payment Plan

Payment for total amount for solution including Appliances (Hardware/Software), Licenses, Implementation/Configuration, OEM Professional Services, Training and Support - ("Solution Amount") will be based upon completion of deliverable and deployments milestones.

2.1. Fifty percent (50%) of bidder professional services cost shall be paid after the installation, configuration of the Server Security, Email and Web Security – Hybrid Proxy solution in PRAL / FBR environment and training of relevant PRAL staff on the proposed solution, and upon submission of invoice, delivery challan of licenses of the proposed solution to PRAL and milestone completion certificate from PRAL Information Security. Payment shall take place within 30 working days after submission of invoice.

2.2. Ninety percent (90%) for three (03) years license subscription, comprehensive support and maintenance cost of **OEM** shall be paid after the delivery of solution license activation, and upon submission of invoice, delivery challan of licenses of the proposed solution to PRAL and milestone completion certificate from PRAL Information Security. Payment shall take place within 30 working days after submission of invoice.

2.3. Twenty-Five percent (25%) of professional services cost shall be paid after complete configuration and deployment of **Server Security** (on 500+ servers) including deployment of virtual patching feature-set, and upon submission of invoice, delivery challan of licenses of the

e-Pak Acquisition and Disposal System (EPADS) generated document | © 2026

proposed solution to PRAL and milestone completion certificate from PRAL Information Security. Payment shall take place within 30 working days after submission of invoice.

2.4. Twenty-Five percent (25%) of professional services cost shall be paid after complete deployment and configuration of **Email Security (on 800+ email boxes) and Web Security – Hybrid Proxy (on 400+ users)**, and upon submission of invoice, delivery challan of licenses of the proposed solution to PRAL and milestone completion certificate from PRAL Information Security. Payment shall take place within 30 working days after submission of invoice.

2.5. Ten percent (10%) for three (03) years license subscription, comprehensive support and maintenance cost of OEM shall be paid 03 months after complete installation and successful performance of the solution and upon submission of invoice to PRAL and milestone completion certificate from PRAL Information Security. Payment shall take place within 30 working days after submission of invoice.

2.6. Hundred percent (100%) of 1st, 2nd & 3rd years of support and maintenance including resident engineer by **Distributor/Bidder** cost shall be paid in advance at the beginning of each respective year and upon submission of invoice, delivery challan to PRAL and milestone completion certificate from PRAL Information Security. Payment shall take place within 30 working days after submission of invoice.

2.7. Hundred percent (100%) of 4th & 5th years of license, comprehensive support and maintenance **OEM** cost shall be paid in advance at the beginning of each respective year and upon submission of invoice, delivery challan to PRAL and milestone completion certificate from PRAL Information Security. Payment shall take place within 30 working days after submission of invoice. (optional item).

2.8. Hundred percent (100%) of 4th & 5th years of support and maintenance by **Distributor/Bidder** including resident engineer cost shall be paid in advance at the beginning of each respective year and upon submission of invoice, delivery challan to PRAL and milestone completion certificate from PRAL Information Security. Payment shall take place within 30 working days after submission of invoice. (optional item).

2.9. Hundred percent (100%) of the optional license (Server Security per Server License, Email Security per User License, Web Security - Hybrid Proxy per User License) of optional cost item shall be paid after the provisioning of the license and upon submission of invoice, delivery challan to PRAL and milestone completion certificate from PRAL Information Security. Payment shall take place within 30 working days after submission of invoice. (optional item).

e-Pak Acquisition and Disposal System (EPADS) generated document | © 2026

Price Schedule Form

The bidder is required to submit its Financial Proposal as per the following format: -

Sr.#	Item Description	Quantity (Q)	Solution Price (C)	Applicable Taxes % / Amount (T)	Total Amount Q*(C+T)
1. Solution Details					
A	License delivery and activation with comprehensive support OEM for 03 years (24x7x365x4) **Server Security (License = 600).** **Email Security (License = 1,050).** **Web Security - Hybrid Proxy (License = 500).**	1 Job			
B	Professional services including Resident Engineer support for the implementation, installation, configuration and training of the solutions.	1 Job			
C	01 x resident engineer with maintenance and support from bidder / distributor for 1st year.	1 Job			
2. Annual Support and Maintenance					
A	01 x resident engineer with maintenance and support from bidder / distributor for 2nd year.	1 Job			
B	01 x resident engineer with maintenance and support from bidder / distributor for 3rd year.	1 Job			
3. Other Cost (if any applicable)					
4.			**Compulsory (Solution Cost) (1+2+3):**		

Note: For evaluation purposes above table will be used.

e-Pak Acquisition and Disposal System (EPADS) generated document | © 2026

Optional Item:

Sr.#	Item Description	Quantity (Q)	Solution Price (C)	Applicable Taxes % / Amount (T)	Total Amount Q*(C+T)
A	License delivery and activation with comprehensive support OEM for 01 year (24x7x365x4) (4th year) for **Server Security (License = 600). Email Security (License = 1,050). Web Security - Hybrid Proxy (License = 500)**	1 Job			
B	License delivery and activation with comprehensive support OEM for 01 year (24x7x365x4) (5th year) for **Server Security (License = 600). Email Security (License = 1,050). Web Security - Hybrid Proxy (License = 500)**	1 Job			
C	1 x resident engineer with maintenance and support from bidder / distributor for 4th year.	1 Job			
D	1 x resident engineer with maintenance and support from bidder / distributor for 5th year.	1 Job			
E	Server Security per Server License	1			
F	Email Security per User License	1			
G	Web Security - Hybrid Proxy per User License	1			

Note: PRAL holds the right to increase or decrease the quantity.
